NEW STUDENT ORIENTATION

LEAVING

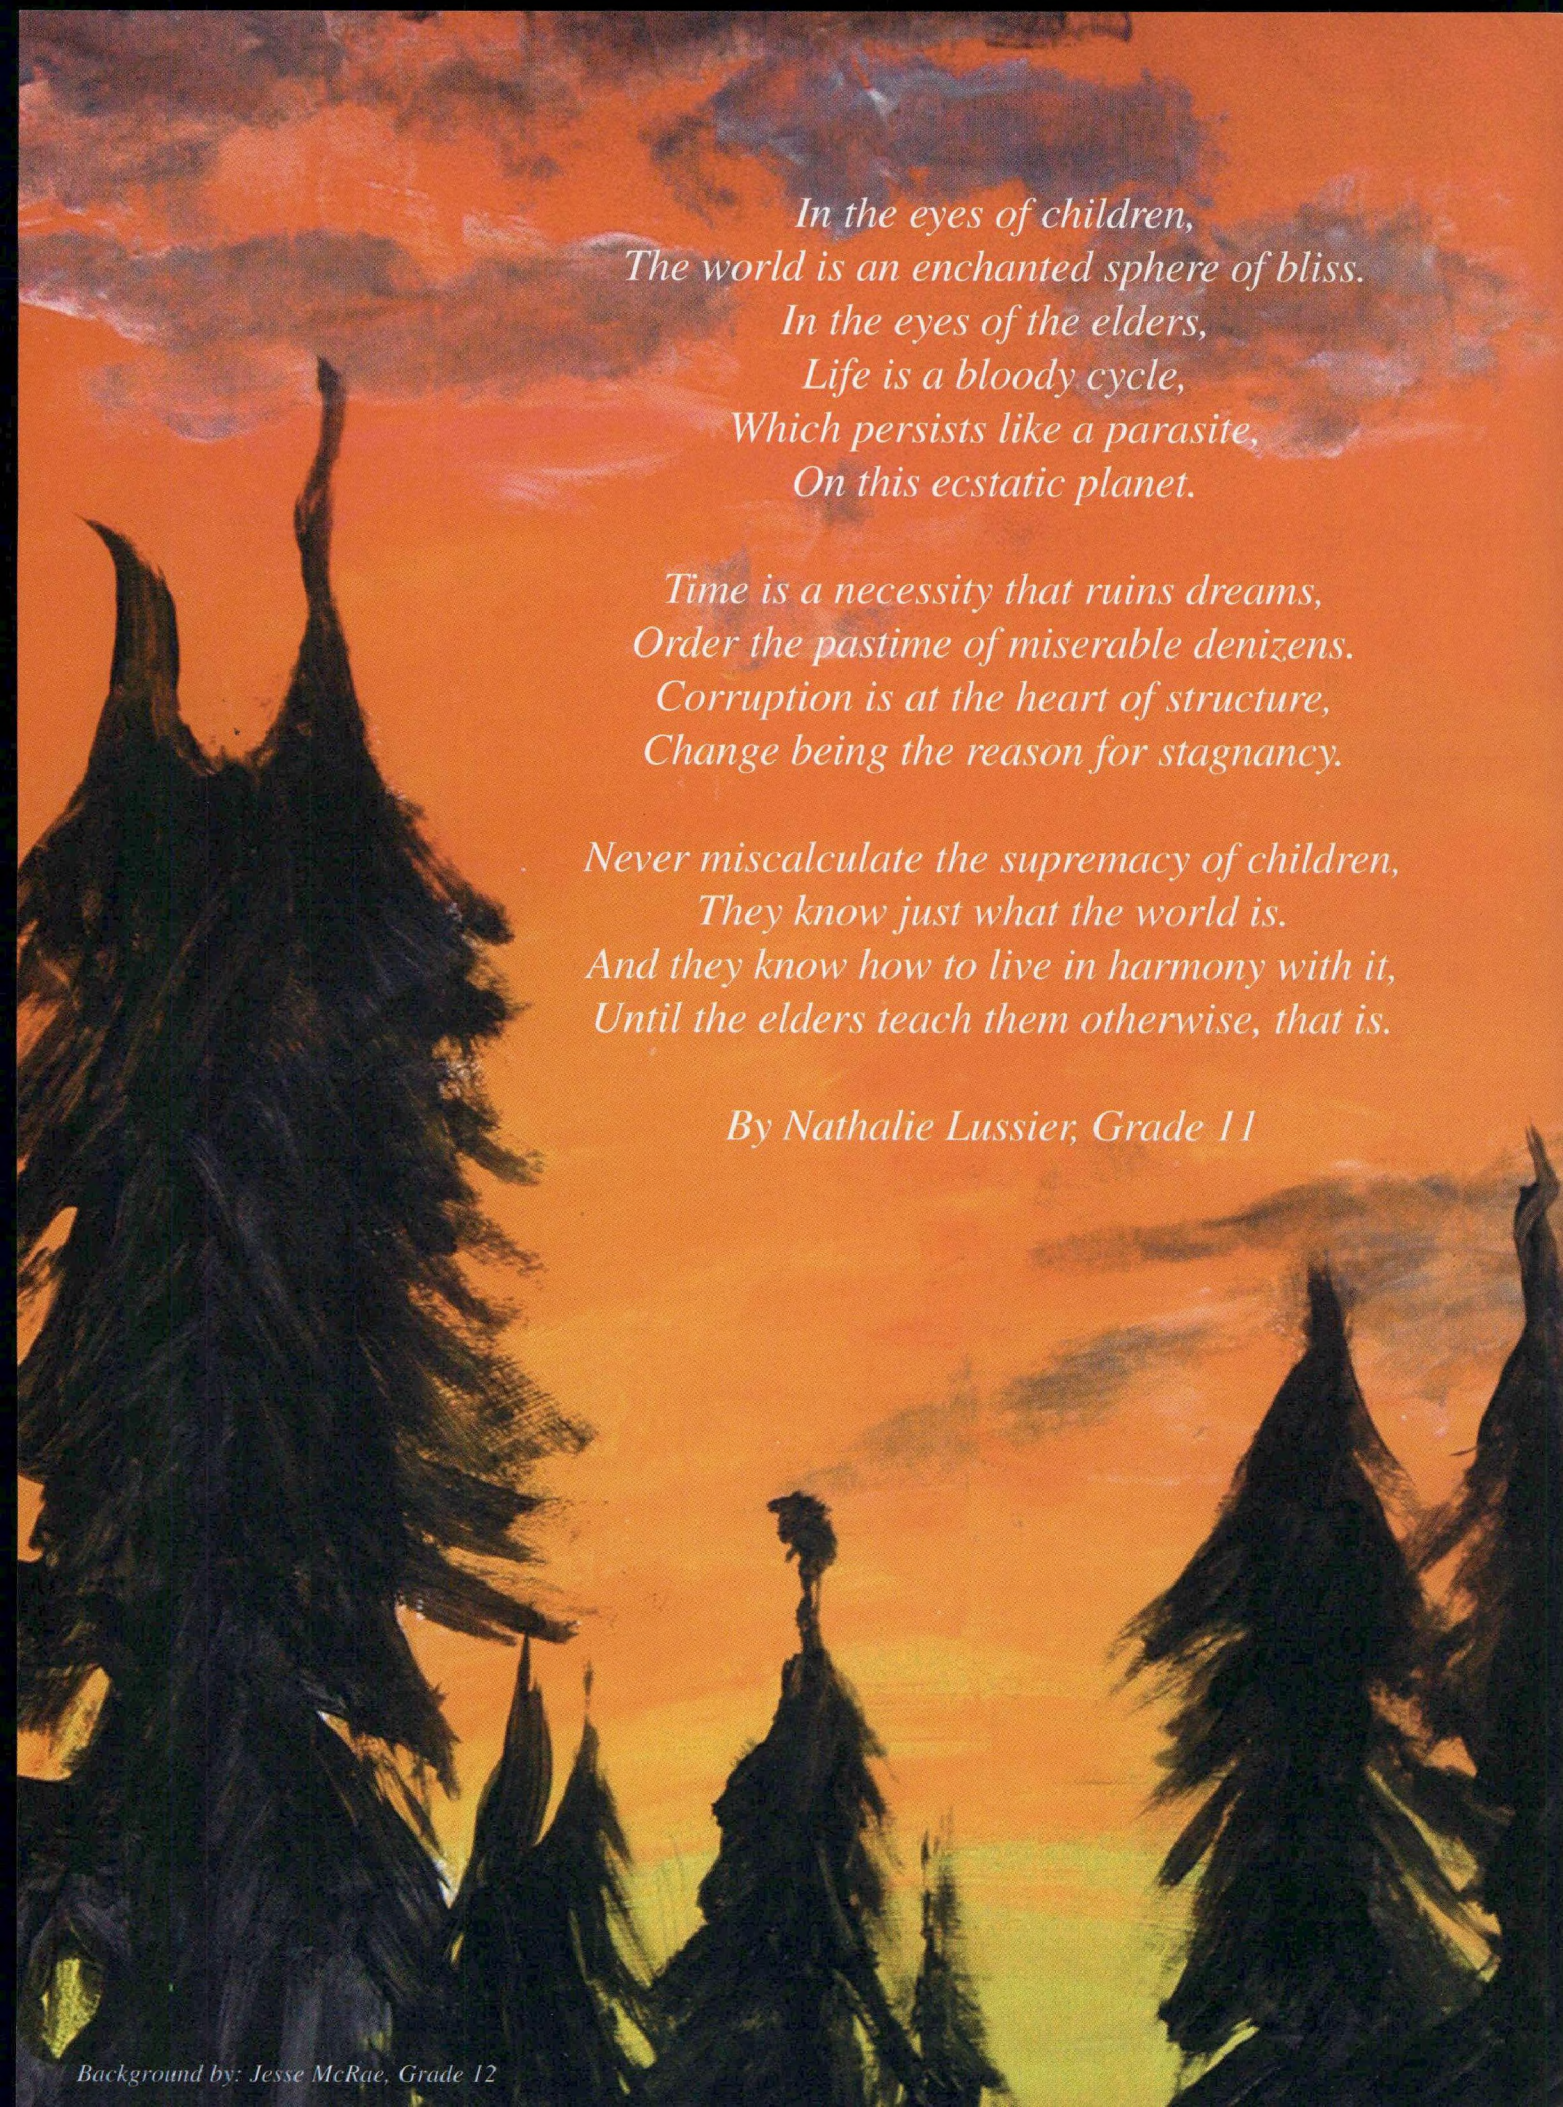

SO THIS IS IT. FINALLY, I'M FLYING BACK TO WHERE I ONCE CAME FROM. I NEVER THOUGHT THOSE TWO WEEKS WOULD GO BY THAT QUICKLY. THEY BEGAN SO HOPEFULLY AND SURE I HAD ENOUGH FUN. BUT NOW IT'S OVER. BREAKS ARE OVER AND INSTEAD OF GOING HOME LIKE I USUALLY DO AFTER BREAKS I LEAVE HOME - ONCE MORE - TO A FOREIGN COUNTRY WHERE I WILL STAY THE NEXT COUPLE OF MONTHS.

BUT THAT DOESN'T BOTHER ME THAT MUCH. IT WAS MY OWN DECISION AND THERE'S NO REASON OF BEING ANNOYED WITH YOUR OWN DECISIONS. BUT THAT IT FEEL THAT I DON'T MIND LEAVING HOME WHAT CONFUSES ME. BUT NEVER MIND. WITHIN A INFINITE AMOUNT OF TIME I'LL BE BACK AGAIN AND I BETTER CARE ABOUT USING THIS TIME USEFULLY.

SO THERE I AM IN THIS PLANE. ON A FLIGHT LIKE THIS YOU CAN FEEL EVERY MINUTE THAT GOES BY AND YOU KNOW THAT IT WAS UNIQUE AND WILL NEVER RETURN. I HATE IT. I REALLY PREFER TO ENJOY MY MINUTES OR TO USE THEM INSTEAD OF THINKING ABOUT THEIR UNIQUENESS. IT'S LIKE IN THE NIGHT BEFORE MY DEPARTURE. THE THOUGHT OF BEING IN MY ROOM NOW AND BEING 6.000 KM APART IN 24 HOURS ALMOST DRIVES ONE CRAZY. BUT THIS - ALSO - IS GONE.

AND FINALLY I'M ALL BY MYSELF AND WITHOUT KNOWING WHAT WILL HAPPEN - ONLY HOPING.

JENS-NIKOLAS MARTENS, GRADE 11

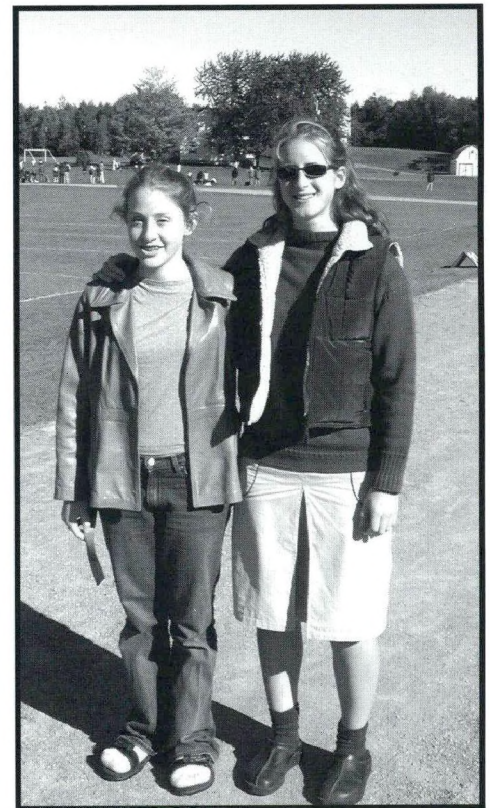

*In the eyes of children,
The world is an enchanted sphere of bliss.
In the eyes of the elders,
Life is a bloody cycle,
Which persists like a parasite,
On this ecstatic planet.*

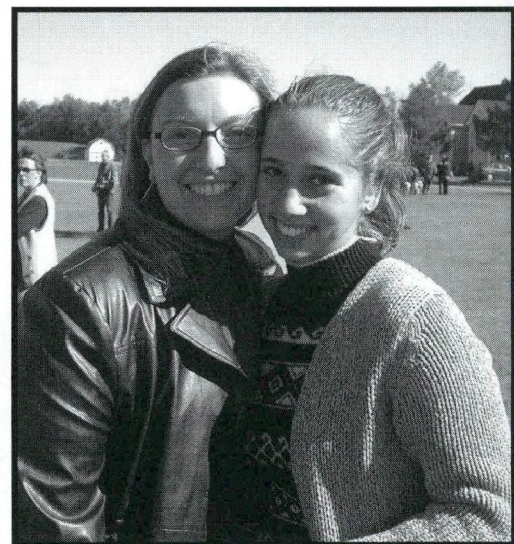

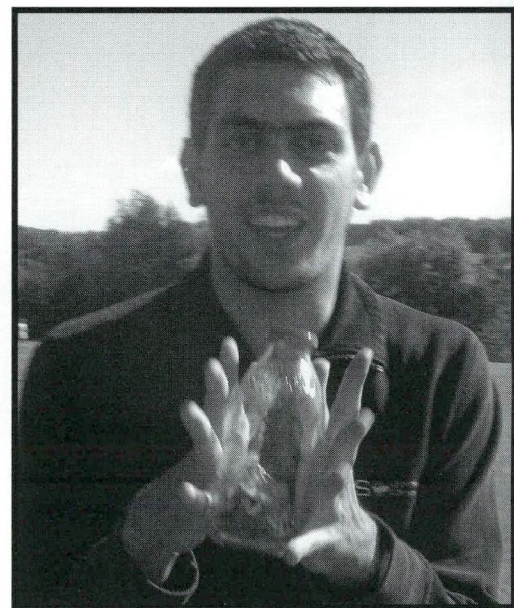

*Time is a necessity that ruins dreams,
Order the pastime of miserable denizens.
Corruption is at the heart of structure,
Change being the reason for stagnancy.*

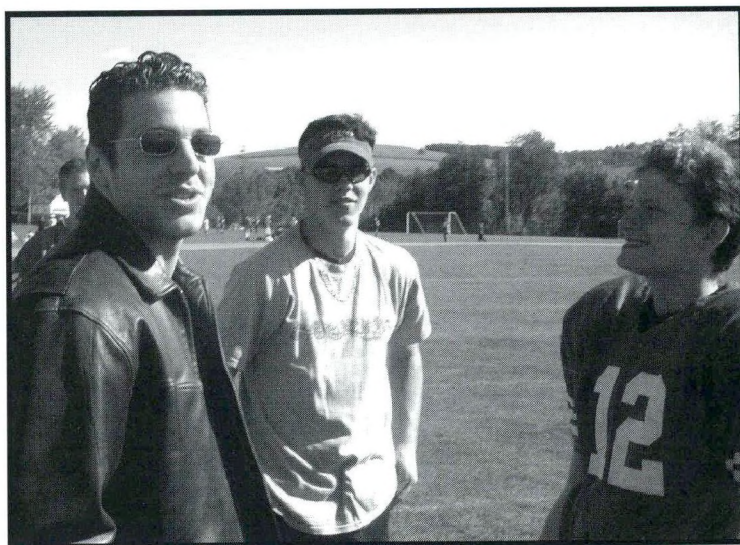

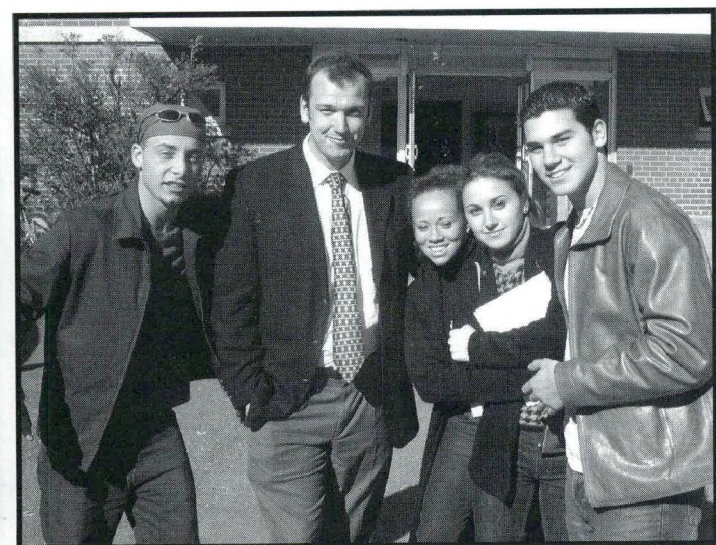

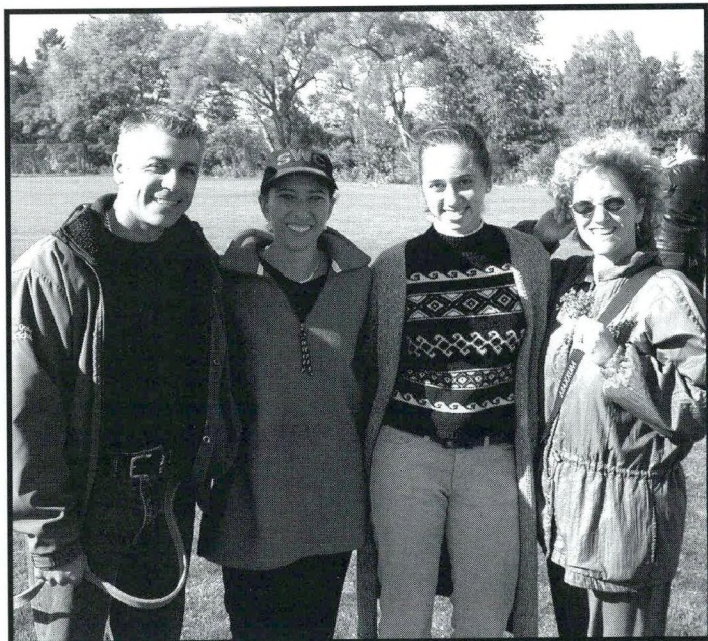

*Never miscalculate the supremacy of children,
They know just what the world is.
And they know how to live in harmony with it,
Until the elders teach them otherwise, that is.*

ALUMNI WEEKEND

"MY WORLD"

I WAS STANDING IN THE MIDDLE OF NOWHERE,
AND A THOUSAND OF WAYS,
WHICH WOULD LEAD ME OUT?
SOME PAVED, SOME NOT,
SOME WELL-GROOMED,
AND SOME WERE COVERED BY PLANTS.
MOST OF THEM WERE BORDERED BY LIGHTS.

BUT THERE WAS THIS ONE,
WHICH WAS MEANT FOR ME.
YOU COULD NOT SEE ONE METER,
AND WHEN I KNEELED DOWN
MILLIONS OF LITTLE NIGHT-VIOLETS SURROUNDED ME.
GLOW FLIES WERE SITTING ON THEM;
TAKING A REST;
LETTING THEM SHINE;
DARK BLUE, LIKE THE OPEN SEA.

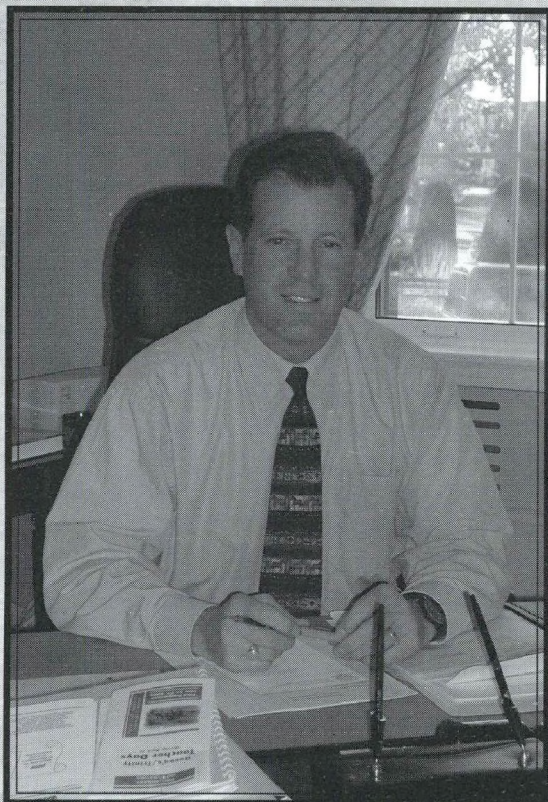

THE WAY TO THE UNKNOWN HEAVEN;
THE HEAVEN OF A LONELY ANGEL;
AN ANGEL THAT WAS THINKING TOO MUCH;
SO MUCH THAT IT GOT LOST
IN ITS OWN LITTLE WORLD;
IN A WORLD FULL OF THOUGHTS, FULL OF DREAMS.

MY WORLD, WHICH I HAD BUILT,
ALL BY MYSELF,
OVER DAYS AND YEARS.
FINALLY I FOUND IT!
NO WAY LEADS ME OUT!

-LAURA THIES

A Message From the

Headmaster

During the next stages of life after Stanstead our students' lives will be marked by further challenges and they will be judged, assessed and measured against peers on a regular basis. That's life. But it is perhaps the unexpected events in life that will likely test them the most - whether they are positive opportunities, personal tragedies, or simply tough decisions. I sincerely feel we have prepared our students well for this reality, for one reason in particular - the power of personal connection. I am not thinking about having connections. Rather, I mean being connected - feeling a sense of "connectedness", because ours is a small school which provides each and every student with an opportunity to make friends, to be involved, to know teachers, advisors and coaches well - to be valued and acknowledged. Small classes, close and regular contact make a substantial difference in students' lives. No one here gets lost in the shuffle of some huge educational bureaucracy. Our students matter as people and that is how they are treated. In fact, connectedness is not simply some vague, warm fuzzy feeling. Not at all, it is the key factor that Ned Hallowell, one of America's most influential psychologists, is urging school leaders to pay attention to today. Connectedness is a genuine sense of feeling part of something larger than yourself - being welcomed and being able to make a meaningful contribution to one's community. Why does this matter at school? Because recent large-scale scientific studies have shown that a true sense of connection at school is one of the two greatest predictors of good physical/mental health and overall happiness and success, especially for young people. Evidence shows that this is actually more important than high test scores or being ranked the top three in anything.

So if it is a sense of connectedness that counts, I believe we have completed a very good year on many fronts at Stanstead College with students feeling a sense of support and encouragement from a very caring faculty. Our academic programme continues to respect differences and promote excellence. The integration of technology, AP courses at the senior level, support for second language learners are important indicators of how we are handling the classroom component of student learning. Several prominent speakers through the Forum Lecture series have complemented and enriched our formal curriculum.

Athletically, broad involvement, promotion of the team ethic and a deep appreciation of the value of sportsmanship matter here. Our significant number of championship teams and individual accomplishments for a small school and a sense of pride in the red and white reflects something special at Stanstead. This magic is something I am frequently asked about by other school Heads when we meet.

In terms of Student life - clubs, community service, outdoor education and a host of different social activities have become an important part of the fabric of our school. In November we were fortunate to open a state-of-the-art Student Centre that has become a wonderful resource for the whole school community. The presence of Mr. John Colby as guest of honour on that day underscored to me the value of continuity and the rich history that we share as we approach our 130th birthday.

I am also pleased to report that our school's "Strategic Plan -2001" was accepted by our Board of Governors last June and has acted as an important administrative roadmap for our school this year. Many elements of that plan have already been implemented and it will continue to provide guidance for our school as we move forward over the next three to five years.

But perhaps more than any single development this year, it was the events of September 11th that will be most memorable. A certain North American innocence died on that day. Those of us who work in schools are reminded about the importance of the special place of education. More than ever we are acutely aware of the value of freedom, the love of family and the enormous privilege of our students living and learning in a closely-knit multicultural community of 19 nationalities. Gaining a broad cultural awareness as well as a genuine sense of belonging are the greatest gifts that students can be given. These are the aspects of a Stanstead education that we should celebrate and protect and never take for granted.

SARAH BIRGÉ

There is so much I want to say, so many people to name, but I can't fit six years, almost a third of my life, into a paragraph. Lisa (my snuggly lurve kitten), Sarah (why can't we be friends?), Laura (anytime you wanna contra dance), and Emmet (my strange ally with the warring heart, my kindergarten crush): will we be friends forever? Maybe, maybe not. But, really, who cares? We were friends for a moment in time, and that will always exist in some deep, complicated, metaphysical way. All the teachers, including those who had such a hard time with me, I apologize. I'll dedicate my first book to y'all. My family, all of you, you are greatly loved. To H&E, you still have some time left! Haha. Make the most of it, don't bother to regret anything, it's a waste of time. If I regretted stuff, I'd never have time to do anything but regret! So, to sum up what I believe, what I have learned both in my life and here at Stanstead, and what, so far, I think life is about? Love, friendship, and happiness. That just about covers it. I'm going off into the world to try to live my life along those lines. I know that the friends I have made here will be living that way, and I hope that the rest of you will too. Ciao, bellas, I'm out!

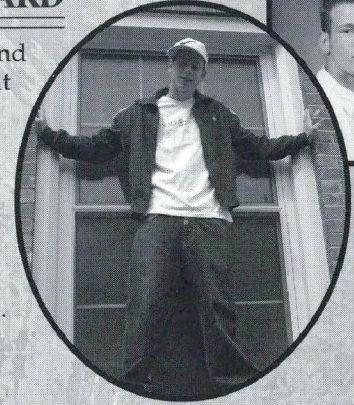

JO-ANNY BONNEAU

This year was probably the best year I spent here in Stanstead. I am glad I decided to come back because I met really nice people. I have to say I am happy to leave this place, but I know that at some point I'll miss it and if I went back in time, I would not change anything about me coming here. This was the most fulfilling experience ever. It opened my eye and mind on different cultures and now I know I'm a Mexican Wanna be :oP. I Also wanna say thank to Stanstead for being so far, I am now a really good Winter Driver, thank God I will never have to take that 55 again lol. My parents, my family (you're the most important thing in my life!) thank you for everything and especially to have helped me and encourage me to go through this, I made it! Marie-Pier, Ana (Et je t'aimerais toujours à la folie YOUPI!), Luisa, Maiko(dancing partner), Almudena, Andrea: Viva Cancun, la Beauce et la POUTINE! Teika, remember he/they are not worth it! Anamarina and Claudia mon gâteau au chocolat, those 3 years were really great. You girlz are all the greatest, love you and I'll miss you a lot. Stef, j'vais m'ennuyer bcp, TAXI2 ummm des nouilles!! Vanessa, Hope one day you understand the words that are coming out of YOUR OWN MOUTH :P Shanny j'tenvoie un calin, prend soin de toi. Pis Simon je n'ai qu'une chose a te dire! Y'est bo mon char! shhhh! Et si ACURA n'existait pas, JE MARCHERAI!

AARON BRASSARD

Well I never really thought that I was going to end up here for this final year, but hey I did and it was ok, I guess. Well just like last year I would like to thank my PARENTS, because without them I think that I would be dead, really. I would also like to send love out to Bethany, Josh, Elijah and David, you guys are my heart and soul and I think about you everyday. First off for people, I really don't need to name names because honestly I will forget someone and then wow they will hate me forever, but who could hate Captain ED anyways. Well during my lockdown of the last 3 years I have kinda had the number of female companions, yes each of them may have meant something to me, I guess, well not really. I just wanna say that Sheilah you mean so much to me and you will always be my HEARTBREAKER. Oh wait "Valois World Order" you guys are always in my HEART. You guys are what make the world go round. Whatever I really don't know what to say I'm OUT, hahahahahahahahaha. PEACE

CLAUDIA BUENO ROS

"Aaiiii", 3 years at Stanstead have been a blast; I've been lucky for the kind of friends I've had. For some it took some listening, a box of kleenex and a chocolate bar; for others a cleaning night scraping away with bleach, ajax and clorox; for few a meaningful thing like a ring, or to be called as a food such as "cake"; and for others just the mexican in them; and this was great! Whether I got to know you 3 years ago or after march break, you are unique, you are a friend who made possible for moments like privs, "Peter-Paul", my b-day, webster TOD renovation, breaks, meals and even classes to become great memories. Here I close this episode by thanking everybody, teachers, friends, grade 12 (by the way a great class!) and my close friends for a really GREAT time! ...and for keeping up with me, hehe!! Ma y Pa, aunque se arrepientan, ...Gracias!. I WILL miss you all lots next year. Good Luck & take care! *I now leave you a task: I must see you ALL in Alumni Day of 2014... with your kids!!!

KARA CAMPBELL

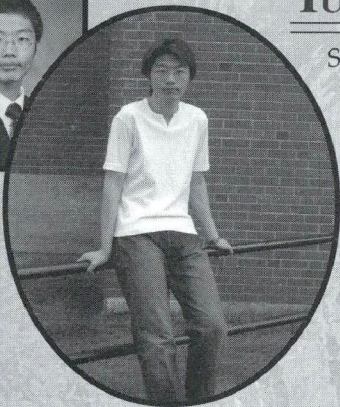

It's done- the best 4 years of my life. Mom, Dad, Kim, you're the best parents anyone could ever ask for. Thank you. Lindi, thanks for all the phone calls and laughs. Chris, Andrea, I love you guys-try to cope without me next year. Ms. Hew, Ms. Smith, Ms. Silkauskas, Mr. Denney, and Mr. Van Dyke, thanks for your support. Sarah- you're my Angel. I love you and I will miss you more than anything. Matty, (period man), JFC! You're great. Megs, I owe you! Thanks for listening to me. Tap Tap! Elisa, my roomie, good luck next year! Tifa, Danielle, Colby girls- thanks for all the laughs. Jess, don't break too many hearts. Lisa, he's mine! Aaron, I am going to marry you. Hobbs and Hunt, you guys made my life fun. Armando, you're a sweetie. BS and SL, my favorite Germans, good luck wherever you go. Julie, that's MY butt. Basketball girls- what an unforgettable season. Sorry BCS. Seymour- thanks for sticking up for me. Parker, I love you so much. Don't forget your promise! Jesse, behave yourself next year. No, PT, it's not the kunks. NG- you're wonderful. Tam, I'll miss you. Lauren, I receive. Rob, my favorite Italian, you are the strongest person I know. You are my inspiration. Look out Queen's...here I come.

ARMANDO CAPPELLO

A.K.A midget, little-man, (and BigWig for those who spent more time on msn than actually working). It seemed so short (yes brassard, just like me) but it's been a great year: Megan (u make a good foot rest) and Hobbs- incredible march break in Mexico! P.T- see u at Mt. A! Hunt- still better than everyone (prrrrr). Copestake! (need I say more?) Matt- howdy. Simon, Emmet and the Real Big Fish. Rob- wish you were here. Houck, Ben, Brandon, A-Shawn, Jeff, Chris, Jason and the rest of the boys- love you guys. Girls- love you: Katie. Kara- sky-diving this summer?!? (Don't worry Amy, Sarah, Steph- didn't forget you). Football, hockey, rugby teams- good times. Thnx to my teachers and coaches. mom and dad- couldn't have done it without you. thnx to Davis house for supplying the noodles.. And special thnx to my boy Brassard- best roommate I could ever have (better see u this summer) Keep in touch everyone, and remember- "It's your life, go straight ahead" Peace.

YU-WEI (IAN) CHEN

Stanstead - this is a really important part in my memory. Four years seems to be a long time, but everything just like yesterday for me. At first I want to thank my parents for this opportunity to study here. Then I want to thank my advisor and my best coach Mr. Simard, Mr. Salkeld our best life in Davis house, Mr. Van Dyke who always care about students. Thanks to all of my friends, especially Kiyo, Su-Kai, Jack, Allen, Michael, Mark. Everything we did together will be the fantasy memories for me. The galaxy records many stories and memories. Now we are just writing the new page for our planet.

SU-KAI CHENG

Man! I can't beleive that this is my last year! 4 years is a long time, and I finally made it! There are so many wonderful memories and valuable friendships I've made here. First of all, I have to thank my parents. They gave a wonderful oppurtunity to come to this "wonderful" land. Miss Campbell, the first and best advisor ever! The character you play is not just an advisor! Ian, I won't forget how you sleep in every single class! That is amazing! Jack, I hope you can practice how to sing a song PROPERLY! Mou! I won't forget the first day we met in SC! Ou Family always make me laugh! Jesse, my good roomie, thanks for helping my English. We had a great time together. Prefects! It is really wonderful to have this oppurtunity to work with all of you! Teachers! Thanks for not failing my grade after all! Oh, my! There isn't enough space to describe my feeling to everyone! However, I love you all! I will never forget these days spent Stanstead...) Stanstead is my 2nd Home, and all of You are my family! Farewell!

SUNG-AH CHOI

Hey~ guys, it's me, S-U-N-G_A-H CHOI! I'll miss all of you guys so much!!~ I had a great time all of my two years in Stanstead College. I had so many beautiful memories here with you guys! I had amazing memories with my boyfriend, and I won't forget them and him as well FOREVER. I was happy to get warm and loving feelings from all of my friends here. I wish I gave all of my friends those feelings as much as I got them from them. I will miss those Chinese friends since I knew from grade 11, and I will also miss all of my Korean brothers and sisters~ I will miss the memories that I shared with Jinan(my amazing roomie), Judy, Sany, Amber, Takunda. I wish to be remembered as a girl who laughs a lot in you guys' memories when you think of me in the future. I won't FORGET all of my friends here NEVER EVER in my life! I wish all of you to be best and strong! WRITE me emails to contact with me FOREVER. sun2flower@lycos.co.kr. To all of my friends (Sa Lang Hae, I love you, Wo Ai Nimen)- We all might forget each other in the future, but remember! We can NEVER forget our memories we had together.

DANIELLE COMEAU

Wow...I finally made it, 6 years at Stanstead...who'd have thought? I want to thank my parents for sacrificing so much to send me here, thank you. Thanks to Mr. Mac for being there even when I didn't show up, to my coaches and teammates, thanks for all the good games, to all of my teachers, thanks for your support, and to my friends, thanks for the great times. Tifa...all I have to say is Detroit What? We had so much fun and I'll always remember you. Colby prefects...we survived! To the unofficial 6-year club, you know who you are, congrats for making it. To the Prefects...this is one experience that we'll all remember for a long time...good and bad. To my best friend, my baby, Brandon, you've made my last year the best of all, thank you for being there and always listening. I love you with ALL of my heart...remember...think happy thoughts J. To all...keep up the hard work and always believe in yourselves. Hey Bo, work hard and it will be worth it someday, I love you; will you do the truffle shuffle?

JINAN DALLOUL

This is it. To me, Stanstead was...different. Being so far away taught me things I never thought I'd do. Such as HAVING to clean my room;) Sung-Ah, the best roomie anyone can ever have, your massages are AMAZIN, thnx. Takunda, aheeeem, I'll miss you so much! I'll never forget the fun times and the laughs we had.. Amber, woah girl, I'm sure you'll make it big one day. You're unique. Laura, keep on smiling! Miss Wadleigh, Mrs. Carruthers and Mr. Shannon, thank you. Mama, Baba, Zouha, Layan and Yusur, habaybi. I just want to say, I'm not the shortest girl in this school and long live the curls! To all the people I didn't mention, know for sure that I didn't forget you. Come visit me in Dubai! You'll get to ride on a camel!;(jesse).....yalla, kiss kiss on the cheeks, take care and smile=)

SARAH ELLIOT

From high chair to table head, can it really be over? Those beautiful, pristine fall days, soccer practice in the midst of a humming, full-of-life campus, no more to be had. I am leaving my home. Stanstead will soon be fuzzy in my rear-view mirror but wherever I go it will always be there. I have been fostered, carved, loved and now let free. It was a rich experience that I should never have taken for granted. Here, in this small little school, I fell in love with so many people that loved me, that let me love them. There must be some greater force than coincidence that brought us together. God, I'll miss them but thankfully what I was able to soak up will never be lost. As the lights dim, I am nervous that I can never count on finding such a loving place. I have been told that the "real world" can be harsh. I stand at this starting line, though, confident that I am as ready as I ever will be. Wish me luck! Goodbye Stanstead, I have left my mark and you have left yours.

SARAH GILLESPIE

The past 4 years will be ones I will never forget. Mom & Dad, thank you for this opportunity to grow. I love you both. Here's to next year, McRae, and the past four. Sarah H, I'll miss tucking you in-take care. Amy, my Sissy, I love you-you'll always be BEAUTIFUL to me. Megs, my short-legged babe with her distant love affairs, you're the best. Keep in touch and listen to your heart. Matt H, you're HOT-thanks for putting up with my moods. Janice A, my 1st real roommate, thanks for the hugs. Seymour, the BEST LISTENER I know, I can't thank you enough for your friendship. Kara, my lifelong friend, these 6 years have been incredible. I have a feeling our friendship is far from over. There will be some major phone bills next year, Campbell! Adam, my mom thinks we're getting married. I love you, but...remember Grade 10? Thanks for the love & support you have given me. You are forever in my heart. Romeo, I love you completely. Thank you for making a 17 year-old mask disappear and a once-broken heart fly again. Our lives together have just begun. Promise. Salkeld & Van Dyke: the concern, compassion & patience you have shown me will never be forgotten. Thank you. Miss Wadleigh: Thanks for EVERYTHING. This place has brought out things in me I never knew existed. I am grateful for all I have learned.

NICOLAI HOBBS

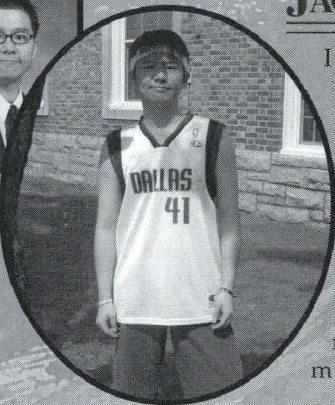

Well it's all over now. There are so many things that I wish I had done, and others that I wish I hadn't. But time has allowed everything to unfold, and now here we are. There are too many people to thank one by one. So those who are not mentioned you know who you are and I thank you very much. Mom and Dad thank you so much for the opportunity to excel. Tanya Kate Steve and Frank, you guys are the greatest. Mr. Simard thanks for everything. Couldn't have done it without you. Mr. Salkeld and Rioux you made Davis what it was. PT how did we do it for 2 years. Megs and Armando best march break ever. Aaron and Houck the constant feud. Hunt, well what can I say? There through the hard times, there through the good times, and still standing. Thanks buddy. Ale, thank you so much for the four months. They were amazing. Too bad you're leaving me. Julie, we'll never forget. Stanstead, you put me on the right track, and for that I am forever in your debt. BYE 4 NOW

ANDY HOUCK

Wow, it's finally over. These have been the most trying two years of my life. Thanks to Mr. Salkeld and all my teachers for that. I have grown tremendously due to the rigors of Stanstead life, though, and thanks are again in order to the teachers and coaches who have helped me along the way. Of course, the only thing that got me through this crazy place was the support of my friends. Without you guys, I would have buckled. Hobbs, Houck, Hunt...a good team. Brassard, Cappello, Yoshiike, and Brian Half-Chinese-Lee. Good roommates. Whitney, always there. Gray, remember the roof. Much love to Rob. Wags; the midnight kvetch sessions. Coper; My kids will definitely get a laugh out of you. Crazy Ty; remember the Dominican. Bros before...Girls; all of you are all like my sisters, and are therefore off-limits, but some of you have been there for me when I needed it, and I thank you. There's no more room, but if you think you belong on here, you probably do. Stanstead, Peace I'm outta here.

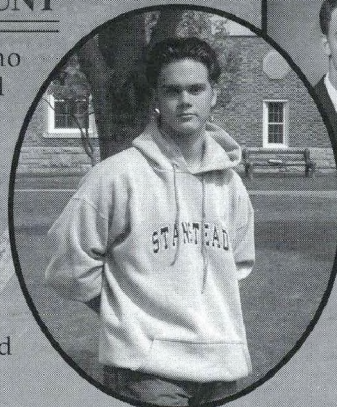

JACK HSU

It has been a miracle. I don't know how can I live in Stanstead for three years. I can't believe it, but I did it. The time went so fast and all the memories were like yesterday. I have to thank my parents, who give me this special opportunity for me to learn different aspects of life. I have to thank my adviser Miss Smith and all the teachers, thank you for always supporting me. To all my roommates, Fou, Jean Nic, Ben, Roch, Philip and Tim, you guys are the best! To all my friends, I will miss you and enjoy your life! In the future, if you see an Asian person driving a red color small car on the highway and beside the sea, with only 60km/h speed, singing as loud as he can, dressing with the summer clothes, with very long hair but dye with green and orange colors and has moustache on his face, plus his unstoppable vigor, yes, that's gonna be me. Please remember, "The universe is not made by atoms, is made by stories." Farewell my friends, have fun!

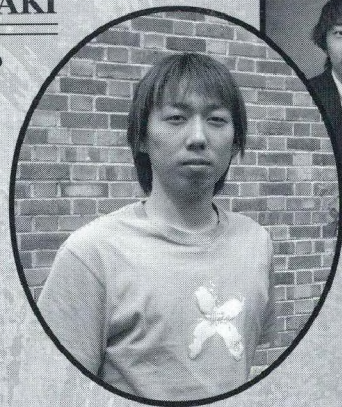

MATTHEW HUNT

It's interesting to see how people change over the course of high school. I know that no other place could have helped me change as much as Stanstead, and for that I owe all the thanks and gratitude that I can give to my grandfather, Mr. Wilfred Hall. The gifts that you have bestowed upon me will help me for the rest of my life, and where I am going with my life wouldn't be the same without you. The hardships that I have come across were all defeated with the love and support of my parents, who had more faith in me than I did in myself. I owe my successes to you. Nick, you are the head immortal. Megan, hands off! Lauren, I have two, not one. Brassard, captain ED. Houck, you are half elven. Armando, I will end you. Whitney, take some notes. Claudia, thanks for listening. Janice, keep being yourself. Sarah and Kara, I'm hot, don't forget it. Hooty, enjoy your time here. Sofia, we made it! See you soon. I would like to remind everyone that I am better than them. Never forget it. Goodbye SWC!

KIYOKAZU IWASAKI

Finally I'm graduating. My five years of the Stanstead life is finished. I will step into the new place. Most of my friends left here already but now I can leave here! I have many memories of last five years. Many good memories also bad memories too. I'd like to thank for all of my friends. They supported me a lot. I couldn't have done this year without their support. This year was tough. All the classes was hard, so many things to learn. But also the year was fun!! Sometime I regret that I came back for Gr12 because that was so hard and I didn't like it, but not anymore because all the people in Gr 12 are nice also the teachers are nice too. I was lucky to have Mr. Salkeld for my advisor for 3 years! He was so nice to me. He is always close to us. Always there for us. Thanks to everyone! I wish I could see you in the future!

TAMARA JACOBI

Next year I will bring pictures with me to hang on the wall of my college dorm. However, it will be the memories of my experiences at Stanstead College that will remain with me forever. In reflection, the victories and triumphs over the course of my six years at Stanstead College by far outweigh any of the misfortunes. Teachers, coaches and my advisor, thank you for your incredible motivation and inspiration. Friends, in the years to come our friendship will be tested but please know that you are invaluable to me, so let's not lose each other! To my family, my love for you is indescribable. Good luck to everyone, and remember that success is relative!

ANNE-MARIE JEAN

I should start by saying thanks. It's because of each and every one of you that this year was so great. Even if the end of the year sounds sweet, I wish in some way that it had lasted longer. I made so many good friends during this year that it's going to be very hard to leave. I just hope you enjoy your summer as much as you can and take time to rest. A lot of hard work is coming for every one of us in the future years but try to take it easy. I wish you a lot of luck in everything. Take care of yourselves. Teddy and Amber, I'll see you in the summer. As for Ty, well... Bye everyone! See ya around someday.

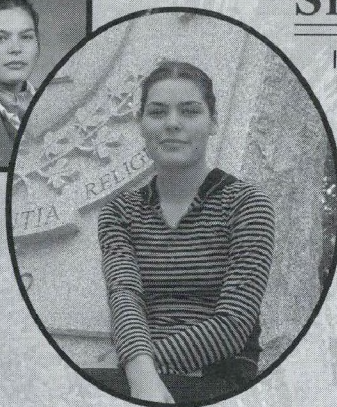

AMBER JUDGE

Namaste! Four years have passed! I had shed my skin many times to become who I am now! Thank to my father for always being there and guiding me. Merci, Mendieta the guitar guru, Hew a wonderful advisor and friend, Mr. Attic, Van Dyke, and Sonia Music Wells for the power of Music! C. Williams and B. Elliot for encouraging me to excel, and continue in art and writing. Seymour, it's been a long ride! Taku, never leave an eel by itself, and beware for arthritis! Jinan, aka Black Sheep: thank for all the laughs! Go Disney! Sung-Ah, see you on the dance floor! Love you! Janice A, no more words, you are indescribable. And superman rocks! To thine own self be true. Right Laura? See you on stage twinkle-eyed! We'll make a duo when we are both on the streets!!! Birgo! Hartford: Hackie-attack! Emmet, I think Siddhartha is smiling at you. To those I don't have space to mention, realize that I still love you all. No matter what you all do, never give up. Follow your dreams, and you will catch up to them. Oh, baby baby it's a wild world. I hope you all find peace in simple things, happiness in a smile, beauty in every creation and love in all. -Ambrosia / Amberdextrous You're life is now. Jump.

I first want to thank my parents for their support and I also want to tell them how they mean the world to me. Je vous aime a la folie. My brother and sister: je reste a la maison maintenant je pars pu, promis. My grand parents for being so patient and understanding with me. Tancy: merci pour les week-ends. My friends V.K: peroku, caffeine, special K, blondy, "a kek part icitte la" and everything else... M.B.B: je t'aime fort mon ti bebe d'amour. C.T: no comments. Jojo: tu vas me manquer super gros ma belle. M-P: ya un gros trou dans mon screen. Simon.L: les amis c'est pour la vie. David.T: je t'aime mon coco en chocolat et je vais m'ennuyer. M.S: short talks but lots of fun. E.S: se fut trois ans remplis d'aventures, merci. J-P: nothing but fun with my favourite taxi driver, bizou. Kim: je t'aime ma cocotte. Laz.Fit: Peace doc. R.P: you are a strong kid and I envy you. And for everybody else, well sorry but that's all I had to say. I won't admit it, but I'll miss this place next year!

PAUL-THOMAS LACROIX

First of all I want to thank my parents for the amazing three years they made me have. I feel bad writing this because it reminds me that it is almost over. This year was again a very fun year full of unforgettable moments. My trip in Mexico to my bebe's house and to nick, cappello, and megan's hotel in Vallarta. Remember that guys. That was cool. There are many people that I met here that I will never forget. B Forino, the cree man Iserhoff, Yo boys I'll keep in touch. Nick my man, take care roommate. Hockey season was pretty fun even though we did not have many players at the end. Boys never forget the shoe check. Tim, my late buddy, you know now I am better at blitz now. The only reason why I could go through all this with happiness every day, is the most amazing person that exists, my bebe. Speech of the night, poofs, and so on, baby I will always be with you amor. "Give me five butterfly". I love you so much. Everything that happens in life is meant to be.

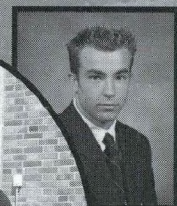

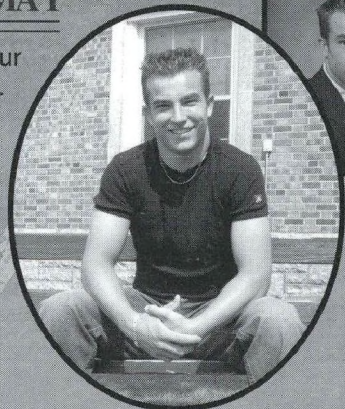

SIMON LAY

Anything that happens, happens. This is for those who cared. For those who didn't, skip this write up! First of all I'd like to thank my family. Support and suffer. Room 312. Hi I'm Borack I like you. When people live together on a tiny space of this earth it lets distances between some of us appear like an inch and luckily in my mind ignorance and stupidity were separated from me by miles. I learned to love those who deserve to be loved. Who had time for me and accepted me the way I am. Thanks to those that tried to lead my way when I wasn't strong enough to find my own path. I'd like to thank the teachers that helped me in preparing me for my life and challenged me in different ways. "It is not important who you desire to be, it is important who you are" Farewell

SIMON LEMAY

L'année a Stanstead fut une belle expérience pour moi. Je tiens a remercier mes parents pour m'avoir donner le privilège d'être venu à cette école. Juste une année pour moi, ça va être assez. Le Football, c'était une très belle expérience pour moi, excepter le petit voyage de 2 jours à l'hôpital. À part de ça, le jump dans arena hill, Du jamais vue, Couette avec ces flips de fou! Davis House, le basement trop malade en plus de la petite souris pis les rats! Hey le wong t'a tu des nouilles? Pis de la mayo? À Jay, le cliff dans le bois, trop fou! Malade! Brian Lee, you're the best! X-T! Hydro-Magog! Le français, avec ta music techno pis la F.F.F.! Channel #5, smell me baby!! Sonny! Les femmes, y sont rares mais lâchez pas... Hey le scout je te l'avais dit que je marquerais, enlève pas tes shoes!! French Connection, ça l'a été bin cool avec vous, lâchez pas. Les D'Amour on se revoient cet été!! ROB you're the best, take care buddy! Miss you!

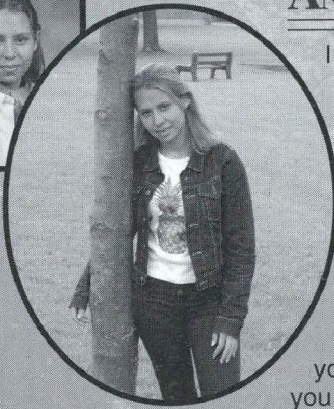

MEGAN LILL

It's been a long but great 5 years here at SC! First I would like to thank my friends back home and in university for all the support. Mum and Dad, thank-you for all the love and support throughout everything. Mr. Salkeld, Thank-you for keeping me in line and for just being a great advisor Mr. Van Dyke and Mr. Denney, words cannot express my thanks and gratitude for you. The chats and words of wisdom will forever stay with me. I thank-you for believing in a gr.9 punk and the confidence you gave me. Memories, Danielle, Tifa, Elisa, colby was fun; snood, tap tap, Davis windows. Janice, b-ball was amazing, thanx for the msn chats. Crotte de nez, be the leader that you are, Lauren, thanx for the bet, Simon, my little German, I'll miss you next year. Adam, it's still your fault that I almost ran you over, Matt, Hunt, Seymour, thank-you for the timeless friendship! JFC, Hunt nice, well you know. Kara and Sarah, thank-you for making my year livable, I couldn't have done it without you two, luv ya. Marco Polo. March Break Nick and Armando, P.V Mexico, Endless memories there, puppies, spiders, my pillow, the second night, I could go on 4-ever. Cappello, two words...WINDOW DANCE. Good luck to all the grads, I'm out!

ANAMARINA MACIAS ROMERO

I am afraid to open my eyes and realize that 3 years of my life are left behind. This year is not just the end of my Stanstead years, it is also the end of a stage in my life. The experiences that I had through all these years made me grow to be a stronger person. I learned to stand by myself, I realize the difference between wrong and right and I learned how to make real friends. If someone asks me which year I liked the most I think I would have problems answering because I wouldn't know. What I know is that the hardest part was that I came back every year and some of my friends didn't. This excludes Clau and Jo! We made it guys 3 great years together! Clau, que hubiera hecho yo sin ti? Helen I truly miss you, it was scary at night when you were there... I'm mean when you were not there. Ana & Luisa, bath roomies you made my life happier the last 2 months! Almu, Andre, Leslie, San gracias por hacerme sonreir! For all you that made me smile I wish you good luck in life. Amor, Coso, Baby... how can I express you all my love? Thank you for all those great moments that you gave me, they were the best of my life. I would always have you in my mind and in my heart T. A. I. Pa & Ma por dejarme vivir esta increible experiencia gracias!

JESSE McRAE

4 years at Stanstead and I feel I have too much to show for it. I owe much of what I have done here to PFA. He kept me in line, in school and is a great friend. My parents have also helped me in this journey we call high school. I am indebted to them and can not see how I will ever pay them back. After my grade 9 year evrything seemed to change. I met new people and lived the life of a senior. Matt W. you have been a great frind and sing. I have always trusted and respected you. I can't seem to find my tie, is it in your room?. Kara and Sarah. The dynamic duo. You will always be the 2 girls I met in grade 9. However I have grown with you and am very happy that I had the chance to do that. Parker....well just smile sometimes. Robbie P, Thank God you made it. Matt and Nick the 2 guys who I never saw comming. Peter R. Your party. To all the rest of the guys and girls, thanks for the times. To all the teachers who believed in me thank you. To all those who don't, prepare to be amazed. I will never forget the helping hands I got while I was here. I hope to see all of you in the future years. Just remember that we will always have the memories from this place that saw us win and lose, sing and cry, work and play. I always say it's the people you do things with that make the diffrence. I had a blast here. I'm signing out now for the last time now. I don't want to stop writing, but alas, it has to end sometime...

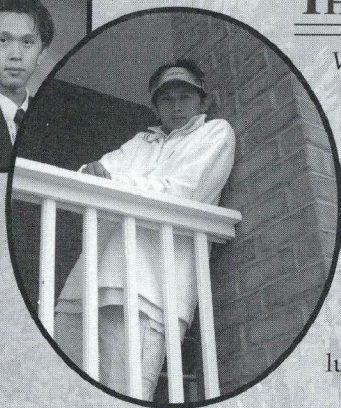

EMMET MOSELEY

Close your eyes. Think of a place. You've spent one third of your natural-born life here, you've made some spectacular friends and remarkably few enemies here. You've become who you are during your time here, you wonder and dream of what your life will be like without it. Open your eyes. It's gone. Just another slowly fading dream. To all those who have changed me, thanks, Maybe we'll meet again and have a few. Maybe not. To all of you, go well and stay well. Hearts and thoughts they fade... fade away. Hearts and thoughts they... fade... fade away. **Peace.**

THAI NGUYEN

Wow! I can't believe in a few months I won't live in this lifestyle anymore. As a student at Stanstead College I always said "I want to leave this school" it is easy to say but it's hard when the time comes for you to go on but the treasure memory pulls you back from the road. I have been here four years and that built up a lot of good memories and some bad too but that is life. At first I found this year was "bad" because I was back to school and all kinds of stuff went to my mind. I passed my first month in hell then I found a kind of chocolate that I could love for life. She is a girl that is hard to find, she has blue eyes, dark blond hair and she is so white and that's why I called her "White Chocolate" but this is only for me. This year I don't have a lot of friends but I had enough to live. Most of them live on the basement of Davis House. Yo Kiyo, Ian, Jack, Kyohei(geisha) and my x roommate Simon and others form the basement. Good luck to you all for the future, we may see each other one day.

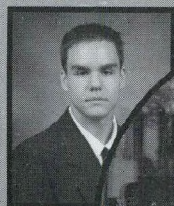

ADAM PARKER

I would like to thank the only good things that remain constant in my life: Mom, Dad, and Ashley, you guys are the center of my universe. Without you I wouldn't be who I am today. I love you. Cindy, my second mom, thank you for all your love and support. Don't worry I'll be back to visit, you have a wedding to plan remember! Mr. Simard, the late nights in Bugbee are the memories I'll keep with me forever, but I think it's time you admitted who is the trivia king! Mr. Van Dyke ping-pong was amazing! Mr. Wells and Miss Simard thanks for everything. I couldn't imagine having better house directors. Mr. Ashworth, I don't know what I would have done without you. You're the best! To all the teachers I just mentioned and others, thanks not just for being my teachers but also my friends. Thanks to all my friends, KC, TJ, ML, MW (Howdy!) but especially Sarah G. Thanks for being my best friend these past three years. You helped me through good times and bad, and I am looking forward to continuing to be your friend until we grow old. Love you! Lastly, Mom, Dad, Ashley just like you were there in the beginning, I am blessed that you will be with me until the end, I love you.

TIMOTHY PATWELL

Life goes by pretty fast, if you don't stop to look once in a while, you just might miss it. As I look at mine, I realize that high school life is over, and now I move on to university. It was a privilege to go to Stanstead College, where I developed a new outlook on life, and learned to appreciate the value of education and where it will take me. I would like to thank all the people who helped me along the way, without all of the support I've received I would have never made it this far. First, everyone at Centennial Regional High School, including the staff, Esp. Mrs. Denomee and Mr. Macdonald, to my grandmother and father, Bo, to all my boyz on the South Side awaiting my return, I'll see you soon! Always remember the value of friendship. True friends are hard to come by, so always be true to them and yourself, and most important, never forget who you are, and where you came from, Irish #1. There are two different roads you can choose in life, the good or the bad. Everything you do has repercussions and consequences, so think before you act! Stay out of trouble. Realize your true potential. Don't look back on life and wonder what if, give it your best shot! I'll miss the crew, good times, flexes! X-T 83.

ROB RETCHLESS

Who would have thought that little Robbie Retchless would get out of Stanstead College alive. I've changed a lot since I started here in grade 8 and I have no regrets. I'd just like to take the time to comment on a few things since this is my last chance for my peers to hear what I have to say. I had the pleasure of having an enjoyable and successful final year at Stanstead, except for a few small and intolerant people that ruined parts of it for me. Those people should know who they are. Open your eyes and look past yourselves for once and you'll see that no matter how strong someone looks on the outside, there is still a sensitive and vulnerable person inside. Take the time to get to know people before you make judgments. Maybe you'll end up finding something that you didn't expect. Thanks to all those who helped me become who I am. Thanks to Uma, Mike, Lisa, Jeremy, Nicole, and to all the teachers that supported me throughout the years. *Living lies on a fine between letting go and holding on.* Enjoy the rest of your lives. Farewell.

TAKUNDA RUKINI

Jinan, Sung Ah and Amber we are free!!!! I really enjoyed all the time we spent together and all the talks. I'm really going to miss u guys so much. Jino homesick girl, I know it's hard to be away from home but u can DO IT! Sung Ah keeping dancing I know u will make it in China. Amber I LOVE U!! U were the best roomiez and I'm going to miss u so much. I'll always rememba the late night talks YEAH BABY. I'm wishin' we'll end up at the same university OH MAN (no hand gestures)! Sung Ah and Jinan, the best bath roomiez. Laura I'm going to miss u so much I really enjoyed all the times we got to talk and hang around. Matt don't worry I'm going to get u a hippopotamus when I go back home and send it to Toronto University (hehehe). Nick your baby elephant is in cargo and Aaron your rifle was sent back because they were suspicious LOL! To everyone else I'm going to miss u all. I would like to thank all my teachers including Mr. Denney for the university applications and Mrs. Carruthers and Mr. Elliot. This was my first I got to study abroad and Stanstead helped me broaden my horizons. Most of all I would like to thank my parents for giving me the opportunity to come here and for having courage and trust in me. I LOVE YOU mum and dad.

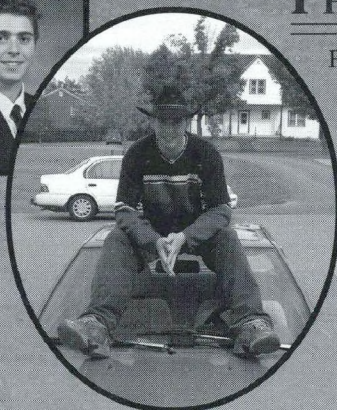

BENJAMIN SCHMIDT

Changes. I have changed! You have changed. We all did. This place is unbelievable, "ich liebe euch alle". I am most grateful to my parents who were very patient with me, and made it actually possible for me to come here. I didn't expect everything to turn out like this, but am happy that it did. This is not over, and I will see you again. It is just a question of time, but it was not the last occasion hearing from me. Thanx to all friends I made for sharing such great times with me. In the end we are still all the same, and do not change as much as we think. BREAK!!

PHILIP ST-JAMES

First of all I'd like to thanks my parents for giving me the opportunity to go to this school. Also Nick H, Matt H, for being the first one to introduce me there. Also like to thx Chris C, who gave my name to Mr. Elliot. Simon Lemay, a great body (lache pas el grand, solidarité). Timmy, stay yourself. Aaron B. Too much fun listening to you while playing sports man. Emmet, I like your scientific analysis of every question, make me laugh every time. Andy C and H. You're who you are and that's great. My French class, t'was the best class ever. Mr. Van Dyke, a great teacher. Mr. McNamara, I learned a lot this year during hockey season. Mr Salkeld, sorry can you repeat please? The French connection of the school. I also wanna say goodbye to all the pretty ladies I met this year. As a final thought: Yeah, I feel top shape, but I don't care if you are playing with my car, laughing at my French accent, why should I care. *Philou*

LAURA THIES

STANSTEAD; A word that was said; More than 1000 times. 2 years went by. Fun, sport and school; Were parts of my life. Some amazing people; I got to know. I thank you all; For sharing your thoughts. I learned from you: About yourselves, you taught; About myself, you taught. An experience in life; That I will never forget. Hard to leave it behind; A place, which was "save"; Where I knew every tree! But a new circle starts. My dream becomes true! So many people, I have to thank. But starting with names; Wouldn't lead to an end. So I send this out; That it may reach you all, Who are supposed to receive. Those who helped me, Who taught me, Who made me smile, I THANK YOU Alchemy, this THANK isn't small! You are upset? You can't find your name? Your initial is somewhere, I'm pretty sure! Please have in mind: Being yourself, is an important part; Dreaming your dream, is another one; But fighting for both, is the hardest of all. Stick with your mind. Stick with your dream. Stick with your heart. And it will lead you its way.

SEYMOUR WARD

Ahhh, the end is here and there is much to rememeber!! First and foremost I would like to thank my family Mum, Dad and Grandcestor thank you for your support and patients. Kara, I love you and remember you have all next year to start on a new hockey team. Sarah, I love you and will miss our nightly chats. Thanks to both of you for your amazing friendships. Cleaning with Clau and Janice, I love that Ajax!! Megs, obsessions much, I still love you more than anything. Amber, life is still not perfect!! Caitlin, "have you taken lessons." DDA your not that dumb, Matty, your still too nice but that's why I luv ya. Matt Hunt your still the only one who can shut me up!! TJ, DC its all about soccer and rugby, I luv ya both. TK stay away from my bear! Dex and Peewee see you next year. You have all contributed to making my time SC unforgettable. Thank you to everyone who supported in my various endeavors, I know I can be moody sometimes! Mr. Van Dyke ,I'm really not that bad. Farewell to all. I'm out.

MATTHEW WHITNEY

Howdy! Here at Stanstead, I have always received incredible support from the faculty and students. Whether it be a late night talk in the TOD with Mr. Salkeld or Mr. Rioux. Or jam session into the wee hours of the morning with Mr. Grenier and Mr. Van Dyke. Or a long discussion with Mr. Mac about training in Europe, or talking with Miss Wadleigh. These have all been little things that have helped me to get through two very difficult years of my life. Mom, dad, Mari Jo, without your dedication to me, there is no way that I could even imagine how difficult things would have been. Thank you for always being there for me. My friends have also been the backbone of any of my successes. Megs-Thank you for all of our heart to hearts, I can't begin to tell you what they have meant to me. Houck-Yeah dude, this is where we signed up for the school. Matt H- Can I take you home to meet my father? Kara, Nick, Brassard, Armo, Seymour, thank you for being my friends. Forino-Say hi to the wife for me. Peewee-That chair is always yours, I just keep it warm once and a while. McRae-Behave yourself. Sarah- Thank you. I'm tired of running. Nothing serious, eh? We're in deep, baby. Nothing(everything). RP-Miss ya bud.

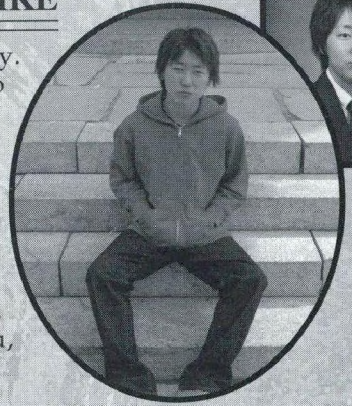

JANICE A. WILSON

Sigh. My time at Stanstead ending is bittersweet; countless memories, wonderful people, and teary goodbyes. Emmet & Simon, thanks for getting me through some tough times, you're awesome (cookies?) Adam, you are an original. Matt H- thanks for adding perspective (and you're hot), Nick H- (b) & (d). "Cleaning" with Seymour & Claudia (did someone say Ajax?). Ana & Clau in 216- busted! (the closet). Aiieee! Seymour, good times on breaks, love you, but the bear has got to go. Amber- See you on the streets! Annie (mon habitantE), Raill (DA) Scared of Ouja yet? Binks- be yourself. Megs- thanks for your loyalty and good times- I have the poster! Bball- demoralising BCS seven times? Tifa- nice shower? HEHEHE. Thanks to Mr. Ashworth for being a fantastic advisor. Miss W- your honesty and comments were a source of great amusement. Mr. Denney and Mr. Van Dyke- you have always been there for me and I thank you with all my heart for your support and encouragement. Daryl, my brother, I love you.

KYOHEI YOSHIKE

When this comment is printed, I will be graduated. So many years have past already. Everything was fast for me even I did nothing. School was irritated, but I met with so many great people called friends. Bonzai Bugbee crews (00~01), you guys are wicked and best. I had lots of good times, and I wont forget about you guys. I will success the mission next time. Benni, duplo. You were the best roommate. And with Lenz, I enjoyed it. Nguyen, thank you for everything, I very appreciate that you fed me. I'm gonna miss all of you guys. I wish good luck to all of you guys who shared me a great time. Hope sees you guys around. Thanks a lot and remember the GEISHA. Special thanks to Kiyocha, Toyaman, and other Japanese friends, who has gone already. I liked you guys, and I had very nice time. "Rail wo hikou." My mom, cousins, aunt, and uncle, who were always there and supported very long time, I love being family with all of you, and I am very grateful for the biggest support. So long, my Stanstead life.

ANA ARROYO CASTELLANOS

What can I say? First of all I want to thank God and my parents for giving me the opportunity to spend a year abroad. I had a great time knowing a lot of people and different cultures. I learned a lot from all the people that I met. But I want to thank my friends that were always there for me. All of you are what makes my memories from Stanstead. Andre I'll never forget your sense of humor. Ana- thanks for listening. Almu thanks for your sincerity and for always being there, breaks with you are the best especially the 2nd one remember? Clau when I am bored I know where to go. Marie- Thanks for waking me up every morning especially on Sundays. (I'll never forget you and the granadas). Jo-you'll be a Mexican soon. Mai, Teika, Sarah E, and everybody else I had a great time with you in Cancun come and visit me ok? Leslie y Sandra las quiero mucho y espero verlas seguido. Helen and Annie I miss you. Roomie I can't find the words to tell you how lucky I feel for having you as my roommate, for the good times and the bad ones (especially every morning) I'll never forget you and our late talks at night. I also want to thank the teachers that were there to support me you know who you are. A TODOS LOS MEXICANOS MUCHA SUERTE!

TEDDY ASTONO

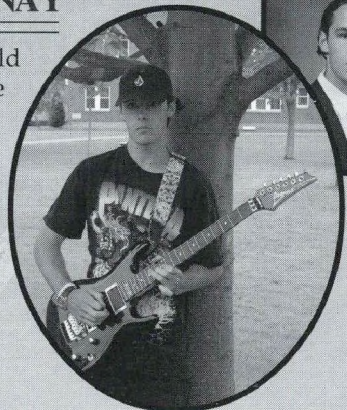

First of all, thanks to my parents for being able to send me here all the way from home in Asia. There have been some rough times and good times in Stanstead College. Very special thanks to Mr. Telling (you're the greatest advisor, ever!), Ms. Getty, Mr. Bolduc, Mr. Chanell, Richard, Mr. Fitopoulos (and the piano in the reading room), for helping me getting through life. This is my second year in Stanstead out of the three year plan. I can't believe how much I've changed in 2 years, Stanstead is a place where people WILL CHANGE, but don't worry, there will be help! Ben, M. Tang, Robert, Martin (mon roommate), Nathalie, Caitlin, Kyohei (Geisha!), you are the bomb!!! Years in Stanstead College cannot be put in words, but it will be remembered, for a very long time....

DAVID BEAULAC-ZINAY

This being my first year at Stanstead I was not sure what to expect, I never thought that I would learn and be inspired so much by the people I've met here. I thank God I am lucky enough to have such great parents who gave me the chance to come here and take part in this experience. I would also like to thank Mr McNamara for making this hockey season one of my best, Mr Shannon for inspiring me almost every morning, Mr Rioux and Mr Salkeld for being such great house directors, and all my teachers for their patience and dedication to my studies. But most of all I would like to thank my roommate and best friend Julio, because he really made this experience worthwhile. He gave me a whole new definition of hard work and dedication that has inspired me to try that much harder in every aspect of my life. I will never forget the friends (Julio, Fritz, Matt, etc) I have made here, they are what made this year fun for me. God bless. I love you all...Metallica and Children of Bodom rule!

DOMINIC BESNER

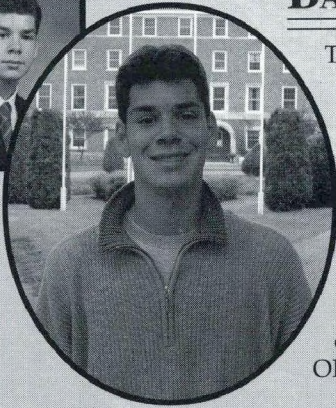

Two years at Stanstead and it feels like you've been there forever. There is just too much to remember and to talk about. I just want to thank my parents for giving me this wonderful opportunity. Thank the teachers for the education I received... even if it wasn't always precise (like ACDC but not really). I learned a lot and I had a lot of fun (specially with DATOO!!!). Thanks to all my friends and the people that made my journey at Stanstead a better one (MAD). Even with a thousand words I couldn't thank every body but I want to give a special thanks to Mr. Grenier (my advisor) and to all these staff people ready to listen to what we have to say. Wherever I'll be, I'll always remember these two years. Have fun!

BASTIAN BIERMANN

The first few months in Stanstead were a little bit difficult for me, I didn't really see the point of the whole system and I couldn't really follow all the rules. But pretty soon I realized, that discipline in ways of academics, sense of decency and sports are really important and I got used to everything - to every single rule. I learned to accept, to tolerate and I learned one thing, which I learned for my life: adaptation. The year passed much too fast and I'll never forget my year here at SC. I'd like to express a big thank to my parents, who gave me the opportunity to be here and made a lot of sacrifices to give me an unforgettable year, which was a very important one for me. When I look back I must say, that I had a good time and I learned a lot. In that way: a special thanks to my advisor Miss Milliard, who always was a good support to me. Mr Salkeld: Take care, I enjoyed my time in Davis!! My roommate Dom : J'ai savouré les temps avec mon roommate ! And of course thanks to "The Germans" : Es war ein tolles Jahr mit euch, wir sehen uns auf dem Oktoberfest !! I am going back to Germany remembering the great experience I've had at SC.

SHANNY BRETON-BERNARD

It's hard to believe that it is already over. 4 years, a quarter of my life, have gone by in a flick of a finger. How did I survive? Simple! Stanstead got me to know people from everywhere, some I hated and some that I will forever remember. But the real reason that I survived my era within Stanstead lies between the people who have been around me since the first day I entered Stanstead. Mr. Simard for being always there for me since the first day I came to Stanstead, Miss Paradis and Miss Simard, merci pour tous, vous étiez comme des mères pour moi, Mr Chandler, Rioux, Salked and Ashworth, Thanx for being on my back always! Shawn (a.k.a Neepoch) and Nicy/Paulaner, you're the best roommates ever, German Tea Party, Eugene, you guys were just Always around, Thanx! J-M, Philou, Martin, Mike, les Lemay, Veillette, Couet et Bez, vivent les Quebecois! Merci pour tous les Boys! Finally and especially thanx to my parents, cause if it were not for you I would be in Massey Vanier! Merci pour tout Linda et Daniel! For all the others, peace out!

SANY CHAN

I can't believe it, is the end of the year again. This is my 3rd year in Stanstead. Things that happened to me in this school were all like a dream. Finally I am in g11. Next year will be my last year in here. I think I will miss this school and the people here a lot after I leave. I met a lot of friends from different places and I learned a lot from all of them. Most of all to my Chinese and Korean friends. Thank you Miss Hew for being a good adviser, I am happy to be your advisee. All the friends who are leaving this year, I wish you all the best. I had so many great memories with all of my friends and people who are special to me. I will never forget all of you, especially my sister, all my nice roommates I had and someone I really like. I feel bad that we never really talk, only in chatting and in the airport. I think because we never had time and too shy. But is good that we had some memories together. "I will miss you" hope you will not forget me.

5 years ago, I used to be a normal kid, you know, had friends and went to school, but then something changed. I came to SC and that probably changed me 4 ever in both good and bad ways. My 5 years in SC are years that I would never forget, not that it was my best 5 years of my life, no. I am kind of happy to leave this school, cuz five years for me at SC was a lot. But I had some good times in here. (Francis, je crois pas que je vais t'oublier de si tôt, avec toutes les passes qu'on a fais!ex. TAGS! , Martin, j'espere que tu va continuer a avoir souvent des idées hors du commun! Pis Jean Mi, toi t full hot, ton seule defaut, t pogner dans ce village. Pis Sandrine, j'espere que tu me pardonne pour les insultes)

NICOLE DESJARDINS

Life is perfect; after that it's up to u, but no matter what happens, things must always eventually return to perfection. Whatever happens there will always be a better day and sun shining in the morning. Remy, I love you; you are my best friend. Always remember that everything happens for a reason. Sandy, u are the only steadfast thing in my life; u are my rock. Gabby u are a flower; forever changing. Lisa u have been everything for me; a teacher, a mother, and a friend; never underestimate the influence of a single one of your words. Mike; be cool; physics wouldn't have been the same without u~ Love to all the others; Leigh, Louis, Annya, Robbie, Julio, Caitlin~ and everyone else, you know who you are! This year can be described with four bits and pieces and a single phrase; bus trips, Valentine's Day, snowplow (Ashley), bubbles, and nothing lasts forever. I love you all and wish you the best of luck in whatever your future may bring!

CAITLIN DOWNING

Well, 5 years have gone by and looking back, it seems as if I was just starting here in 7th grade, completely overwhelmed and naïve. It's amazing that time has passed so quickly, even though at the time it seemed as if it was passing at a turtles pace. However, looking back it shocks me how much I have gotten out of this school, intellectually and personally and through the good and bad times, I wouldn't change a thing. My friends I have made here are amazing. Everyone that has come in and out of my life in the past years; I absolutely love you all you guys. Judy, Sung-Ah, Vivien, and Sany, you guys are the best; like a second family to me, always people I can rely on through anything. And all the day students, I'll miss sitting in our claustrophobic / no window / basement room; talking during all our spares. It has been interesting. I want to say thanks to my parents and all my teachers who have helped me though the years and everyone have a good next year and years after.

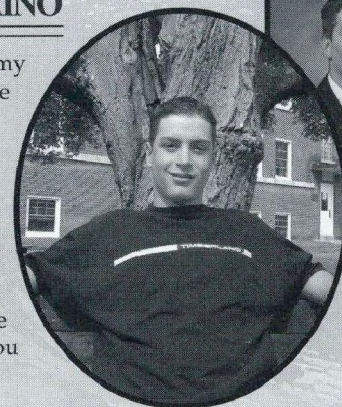

MATTHEW EMRICH

This year has gone by so fast! It seems just like yesterday I was signing up for classes. I had some really great times this year. Just to mention a few, 7:50 - Till assembly - newspaper time - in Julio & Dave's room with Fritz. Then there is biology class with Kat & Vanessa those were some funny class times that were normally followed up by math class, which was even a funnier class. I cannot forget the times on the 3rd floor of Davis where we have got some of the funniest kids, Besner, Marty, Dave etc. Need I say more? Well thanks everyone who has gotten me this far and continues to do so again thanks. Since I have come to Stanstead I have learned that the world is not a fair place especially this year, but that you have got to let it go and try to lead the right life. I guess that about sums it up for now so I will be seeing you all next year

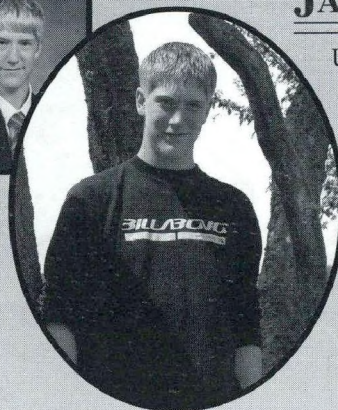

BRANDON FORINO

I would like to thank everyone who made this year unforgettable. The biggest thanks of all goes out to my parents, thank you for all your help, support and sacrifices. I love you guys. Mr. Mac., and Mr. Van Dyke thanks for helping me all that you did. Bugbee prefects, we finally made it! Michael, thanks for all your Asian food. Parker, go cook your own noodles. P.T., Matt W. (pukey), The hockey team, from our room stories to all of our bus rides. Houck, thanks for the mayonnaise! Pete, the R-55 gloves, and the good times in Montreal. Wags, what can I say, you changed a lot, from enemy, to roommate, to best friend! Shawn, my Indian roommate, Tifa, for keeping me awake in English class. Caitlin, thanks for the idea for my invention. Bo, you've been like a brother to me, do you want a turkey club hold the turkey? Just wondering. Mr. Rioux, have you seen my golf ball? Rob, my number one D partner, get well soon, see ya next season on the ice. To my sweetheart Danielle, thanks for being there when I needed you. You made this year go by a lot faster, I love you with all my heart don't ever forget it. For all those leaving I wish you good luck, and have fun. For now, bye Stanstead!!

JACOB FRITZ

Unlike many other people's grad write-ups, I am not going to say that this year went really quickly. It didn't. I also am not going to say how great my experience at Stanstead was; I'll say all of that next year. For now, I just have some thanks. Thanks go very enthusiastically to Mr. Ashworth. Thank you for the "motivation" when I needed it. Next I'd like to thank Mr. Van Dyke for showing me the fun side of physics. Thanks to Ms. Gittens for one of the most entertaining classes. I'll thank the Dave's room crew, Matty, Dave, JC, Dom Besner (DATO!). The Dom's house crew, Jamie, Jean-Michel, Aaron, Dom. The play people, Simon, Emmet, Joey, Amy, Lisa, etc. My absolute best friend, Hazen. Blazen, we have had some fun. Finally, I would really like to thank my parents and sister for a lifetime of support and love. I really do love you all, no matter how little I say it. "And on that note, we cue the music..."

CAITLIN FULLERTON

It seems like just yesterday I was arriving at Stanstead for the first time, a day late because I didn't read the calendar correctly. Well a lot has happened over the past two years that has changed me, not quite sure if it was for the good or bad. Ever since my sister came here I've wanted to come also and here I am wishing I wasn't, its funny how things change. Well I have made some memorable relationships, Mr. Van Dyke, I'll miss our advisee meetings. Soccer memories...CAIS in TO, (timhortons) skim milk? This year: mel/binks/andrea, although times have changed. I had a blast with you guys (mcdonald's). Tifa&Elisa: you've been there for me these past 2 yrs thanx! (Baking@Ms.Hews) ACDC! Shawn: still waiting for 1 more recitation of the Crea alphabet! Brandon: thanx 4 getting me thru chem class. Seymour c u in hali! Many other things I won't forget but wish I could; live and learn. Many of you I will see again; those who I don't it was probably planned that way. Thanx 4 everything mom & dad. I love you Meaghan!

CARL GRAF VON HOHENTHAL

Now my year at Stanstead College is almost over. It went by really fast so that means it was a good year. Usually I live in a huge city so it was a big change for me to come here. Spending my Friday and Saturday Nights in this MEGA CITY STANSTEAD wasn't always really amusing!! (Yeah, lets go to the Café, where so many people are). Thanks to Mrs Marcotte who gave us a lot of opportunities for more exciting weekends which I really enjoyed.

Of course there were some days when I couldn't stand all the rules anymore, but I think its normal for a boarder. I really enjoyed my time here and I learned to work hard and to not fool around. I want to thank all the staff for this great year. Thank you Mr. Salkeld for the enjoyable house meetings and orders although I wasn't always sure if you were joking or meant it seriously. Thanks to my advisor Miss Simard for taking care of me. To our great Senior Boys Rugby Team, I enjoyed the time with you. Keep our nice cheer up. PROST!!!! Simon, seh dich in Freiburg und die Münchner und Heidelberger usw. auf dem Oktoberfest!!

SHAWN ISERHOFF

First of all, I would like to thank my parents for giving me the chance to experience new things down south. Also, I would like to thank the faculty for all their support and help these past few years. One of the things that make this school special is the friendship between students and faculty. I just want to say: Michael, thanks for the rice. Whitney, no more cree words for you buddy! Danielle, Tifa, Elisa, thanks for the b-day present! BUBBLE, where you @?! Parker, make your own food! Besner, Forino, I always will remember Chemistry! Mr. Rioux, nobody is as proficient a golfer as you! Mr. Salkeld, even though I missed so much class, it was fun! Thanks for putting up with me! Mr. McNamara, thanks for the advice in hockey and in school. Rob, the hockey team misses you! I also want to give a little shout out to my roommate, Forino! Thanks for being there buddy! It's been real! Peace! I'm out!

Shawn Iserhoff

MARIE-PIER JACQUES

Hi! This was my first year in Stanstead College and let me tell you, I had a lot of fun. This year was special for me because it was the first time that I studied in English. But after all everything was fine. Stanstead brought me a lot for example, good friends from all around the world, with whom I went to Cancun. I'll never forget that trip! (beach, clubs, boys ...) Seriously I adored this year and I hope that my next year at Stanstead College will be the same.

MP.

TIFA KAZADI

First of all, I'd like to thank my parents for letting me have this experience. To my roomy Danny, Detroit What? Oh girl... and everything else (I love you girl) it won't be the same without you. Colby prefects, Kara and her boys, Megan and Tap Tap (did you get him yet?), and Elisa, good luck on class afloat. To all of Grade 11's, it's like ACDC but not... Caitlin, it's all remember HN. Shawn, you know you're gonna miss me (yove ya)! I'm actually gonna miss you Brandon (be good). Miss Campbell, I already miss you and thanks for the advice. To all the prefects, thanx for being there. Janice, I'm gonna get you back (water/shower). Seymour, it's all about the hip flexes. To Sany, I'll never forget you. Bo, have fun in Davis. Fud, you need to be nicer on msn. Su-Kai, thanx for being there. To the Colby girls, I had fun, and you guys are the best (Live Colby). Mr. Van Dyke and late night duties. To all that are leaving, good luck in the future. For those who are staying, have fun! Later y'all!

SONY SUN DO KM

Many people said to me high school memories are most important thing in your life. This is my 3 years of Stanstead College. I learn a lot of thing to here. I met a lot of friends also I have good experience with them. Those of them are one of my best memories in my life. First I thanks to my parents to give me the chance to come to Canada. Second I thanks to all my friends and teachers who help to me. Especially Mr. Salkeld. He is best teacher for me he is kind to me I play with him and I have a lot of good experience with him. My girlfriend and Korean friends make to me laugh and I have great years with them. And Robin, Jason, Vivien, all of Chinese guys thank you for I have great year with them. Finally my girlfriend and Korean, Chinese all of my friends I wish they have great experience in Stanstead College and I hope we can see next year.

LUISA KOSTLIN

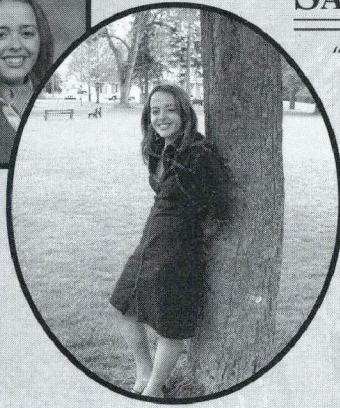

Life in Stanstead... What can I say? It is basically the same routine every day, there's not much to do on weekends. But time goes by really quickly. What really makes the difference are the people you meet and the fun you have together. Hyper girls in Webster, banana-parties, throwing each other's things in the hallway. How much fun all of this can be! If it wasn't for you girls the year wouldn't have been as wonderful as it was. Thanks to all of you. You're great friends and I'm gonna miss you lots... We'll keep in contact although we live so far apart from each other. To my great little roomie: we were the only roommates in Webster that actually liked each other. We will always share so many memories: our addiction to glow in the dark, gummibear-necklaces. You my little spoiled brat, mi chicita favorita made my year! Never forget our room and the fun we had in it. An die Deutschen: Machts gut! Wird komisch sein wenn die leute uns auf einmal wieder verstehen! Werde vor allem nie unser gemeinsames sauf wochenende in Montreal vergessen. How we all love diet coke! Cancun was great! We will never forget Teika's 18th birthday and the work that followed it, will we? However it was a great year! Thanks!

VANESSA KURTZ

We are all born innocent, although I turned out differently. I would like to thank everybody who has accepted me for who I've become. I want to thank my parents for saving my life, and for never giving up on me. A big thanks to my family for all their support. Don't forget, life is full of surprises, and you meet different types of people everywhere you go. Although the ones that manage to mean something to you are the important ones. You can learn important lessons about life, if you stop and listen to people, and hear what they have to say. You can never learn enough about a person, and you should never judge a book by its cover. Never let anyone influence you out of what you think is right, and never change who you are for anybody. If people can't accept you for who you are, then they're not worth it. For all of you that I cared about, don't do anything I wouldn't do, and if by chance you do, make sure to wait for me.

SANDRINE LANOT

JUDY JI WAN LEE

I still remember the first day I got to Stanstead and I was scared of all the new people. But new friends took care of me warmly, so here I am. Caitlin and Sany helped me speak English, and Vivien and Nathalie helped me a lot in class. I have great time and happy memories with them. My advisor Miss Hew, she always took care of me like a mother so I didn't get sick of missing home. Also, Sung-ah and all the Korean people were so funny that I can always smile and laugh, or sometimes I can share my secrets or problems. Chinese people, I will never forget them. They were so nice to me as if I can't repay all their kindness. And my chem classmate, don't make fun of me because I'm short! I will grow up someday! Lets see 5 years later! Also, Sonny, who always supports me whether I am sad or happy, I really appreciate him. I will never forget you guys forever! I had so much happy memories as if I can't live without you guys! I will always miss you and love you! Thanks to all of you!!

SEUNG KI LEE

Seungki, Kevin, Spider man, Emil

I got a lot of names from Stanstead College. I like all those names. I will not forget all the people who were so nice to me. This is my third year at Stanstead College and I have one more year to study here. Stanstead College offered me a lot of fun and great experiences. Playing with friends, being on the honours list, achievements in sports teams. Most of my memories have been with my Korean friends who have been with me since my first year of school. But my school life wasn't always great. Sometimes I had a lot of troubles in the house and in school. I want to say I'm sorry to the people who had struggle with me and I would like to thank my parents for sending me here and always loving me and I want to thank all the friends who had fun with and made me laugh.

I want to thank all the teachers who helped me and supported me. Especially Mr.Elliot and Mrs.Elliot, Mr.Shannon and Mrs.Shannon, Mrs.Marcotte and Mrs.Martin. I hope to see most of you next year.

JULIE LEMAY

Wow I can't realize that the year is over, Thank god!!! I want to thank my parents for supporting me through the whole year. Marie-Eve & Simon you're the best sister & brother I could have never ask for. Rommy How big is your mouth? Rob I miss you. Andrea how's Bob going up there not too tired of your not funny jokes. Vicky where is Canadian Tire bigger again, Canada or US? Bianca sing with me: peal, peal banana, chop, chop banana, eat, eat banana. Nick thanks for all your advice, it really helped me a lot. Oh and thanks for making me realize that friends stays longer then boyfriend. . Annie qu'est-ce que je pourrais dire sur toi apart que tu es la plus meilleure d'amour au monde sans toi je n'aurais pas toffer toute l'annee. Je t'aime. Cat I wish you could have been here with me this year. Stanstead was never the same without you. Sorry if I'm forgetting some people, but I can't fit you all in this small box, hope you understand.

Miss you all
See you next year
Julie

ROBERT LENZ

Dear readers,

This school took away a lot of my own freedom it also gave me something which I didn't even know was possible: Like doing homework, cleaning my room, doing different sport then moving from one end of the sofa to the next, but most of all it gave me some more FRIENDS. Some of them are friends just for the time I'm in Stanstead but others will be friends for the rest of my life and I think that is the biggest thing a school can provide. From getting picked up from Ben for breakfast, having Copestake jumping on me while I'm sleeping (I will get you back), joking around with Peter in math and physics, chilling with Martin listening to good music, till having small fights with Duke just to prove that I'm right. But not only these guy were great all of you were. The school also gave me memories like playing Football for the first time in my life and standing at the swimming pool in Speedos (really sexy). But my greatest memories are from the breaks in Montreal having fun with Peter and co. Meeting the wonderful Ross family who provided me with a home and the best breakfast ever. And other stories which I'm not allowed to write down. But they will be told in 20 years for alumni day.

-Peace Rob Lenz

Three years passed. The time flies by very quickly. I just want to give a few thank-you's to a few people. First, to my parents who gave me the chance to come here in Stanstead. Secondly, to my advisor Mr. Salkeld, who had helped me a lot for the past three years...and thanks to my roommates for giving me a great boarding school experience: Julio Cesar Mena and Michael Tang. I like to thank Luke Yoon for helping me. And to my brother, thanks for the support you've given me. Also, I would like to thank Miss Hew and Mrs. Retchless for being so kind and for the support. And the last but not least, the Chinese Crew, who are very good foreign friends.

JOHN LIM

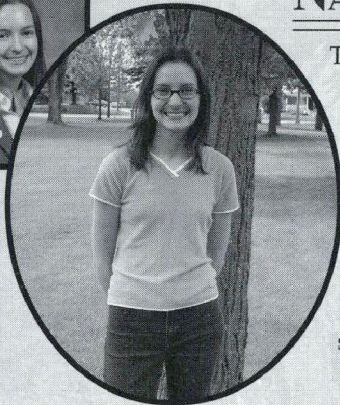

Three years of Stanstead College gave me lots of experience. First of all, I would like to thank my parents who have given me the opportunity to come to Stanstead College. I still remember the day when I came to Stanstead College. I have so many great memories, and I met many friends at Stanstead College. I would like to thank to all the people for helping me especially my friends, my brother, my roommate and my girl friend Sung-Ah (sa rang hae). They were always there for me and helped me whenever I needed them. My biggest supporter Mr. Mac, you are such a great advisor however I'm sorry that I skipped the advisor meeting every week!! I want to say good-bye to Sung-Ah, Ty, Su-kai and Kiyo. Finally one more year left to stay in Stanstead College. I will see you guys after summer. Hopefully enjoy your summer vacation.

ALLEN LIU

Wow, it's my first time feeling time pass really fast. I wasted 3 years at Stanstead College already. But I am still happy to come here, because I have made many good friends and learned many things. Unfortunately I am coming back next year, I still can not say good-bye to them. This year is an important year for me, the achievement of basketball, and I learned many skills from Sukai, he is such a great teammate and a player. Jack and Ian, I really hope you guys didn't show to anyone my shower pictures, and thanks for everything that you taught me. And senior girls basketball team, thanks for cheered for us all the time. Sometime I was wondering maybe you senior girls basketball team can beat us easily, because you girls are just too good. A special thanks to Mr. Wells and Mr. Simard, one is my best advisor, and one is my best coach. And Mr. VanDyke, you are my best basketball opponent and advisor. I want to thank everyone that I didn't mention here and enjoy your summer!!!

NATHALIE LUSSIER

This year fluttered by, whether I had my wings on or not. The year was filled with events that will forever remain in my heart and mind. It was truly incredible to have been united with all of you wonderful people from the different parts of the world. It is quite exceptional. I look forward to next year, as always, because there is no way of knowing for sure what the future holds for us. I know I'm going to miss those of you who are leaving, but I'm sure we will be able to keep in touch. I wish you the best on all of your journeys, whatever path you should decide to take. May the "force" be with you. And remember, we are all alike in our differences. But on another note, you should have been or continue being nice to geeks, because you will end up working for one. Oh, and Web Site rules. So there. Also, you might be able to spot me somewhere unthinkable, like on the runway or on the cover of some martial art magazine, but don't be surprised. I'll see you around.

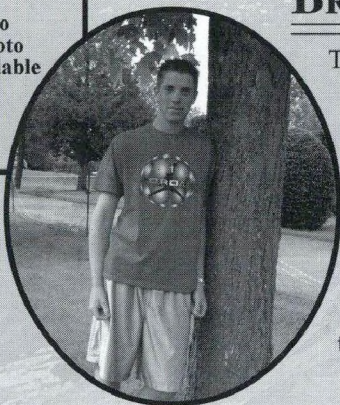

LISA MACNEIL

I can't believe it. No more hours staring at the walls of Colby 202? What will I do with all my free time? Who will be the lazy and adorable Compulsory Chick? The memories! Breakfast with the boys, the snow plow, caf talks, snow jobs, the amazing weekend, play practices, being Daisy, the treehouse, Ookpik, and all the adventures and misadventures I shared with everyone. Gabby's passionate spirit, honest and always kind Sandy, Nicole's warm bright heart. Wildly unique Sarah B, will dominate the world someday, I'll miss your eccentricities so much! Julio, you'll always be the King Of Mexico, Dave you rock, and I love you like bros. Remy (bean can head) you're wicked fun. Roadhunting' Fritz, keep ridin' the deer. Rob, you've been so good to me. Roomie, I'll miss throwing pillows at you. My lovable Michael's brilliant personality, constant spontaneity, and all his cute quirks! Mtang, you had me at hello man! I'll never forget all the twisted fun we had together. You've been everything to me. We'll meet up again when we're 80, and it'll be like we never parted. I'll love you for always. Remember me with smiles and laughter, for that is how I will remember all of you.

The past year at Stanstead College has been the greatest of my school years. Thanks to Stanstead College I am now well prepared for University. Throughout all the stressful days and long nights I have enjoyed every moment of my grad year. It has all gone by so fast. It seems as if it were only yesterday that I took my first steps into the classrooms. I have an enormous amount of great memories from SC, like: showing up at the first B-Ball practice and realizing that Nicky and I were the only white guys on the team. The rest were all Asian. Or at the B-Ball game in N.H. when I won the eternal nickname of "Paul"! Thanks Mr. Simard for a great B-Ball year and all the Asians for making every game exciting. Rugby season was just as amazing. Traveling to D.C. in the Dot Com bus and winning the bowl division was a bomb! Thanks Mr. Salkeld for teaching me how to play the best sport, Rugby. I would also like to thank all my teachers for teaching me how to reach my full potential.

ELISA MARINO

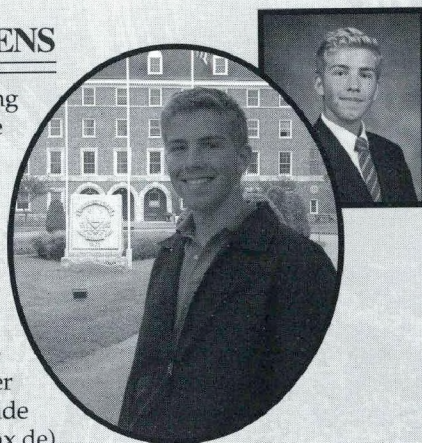

"...sometimes people come into your life and you know right away that they were meant to be there...to serve some sort of purpose, teach you a lesson or help figure out who you are or you want to become. You never know who these people may be but when you lock eyes with them, you know that every moment they will affect your life in some profound way. And sometimes things happen to you at the time that may seem horrible, painful and unfair, but in reflection you realize that without overcoming those obstacles you would have never realized your potential, strength, will, power or heart..." -Anonymous

I would like to thank some of the people that helped me get through these two years in Stanstead. First of all thanks to my parents for giving me the opportunity to have this "experience". It definitely opened many new doors, and opportunities for me that will help me throughout my life and helped me understand, in some kind of way, that I can pretty much accomplish anything I want to if I really believe in it. Vi voglio un casino di bene. Tifa+Caitlin I guess it is time for us to get a life and remember it is all about "ACDC but not". Thanks to all the Colby prefects and my rommies, you guys made my year so much better. Miss Silkauskas I don't even know how to thank you, it was good to have someone that was always there for me and that I could always count on, thank you for everything. Thanks to everyone else that I didn't mention (I'm sorry but the list would be too long) I can't say I'll miss everyone but I'm sure I'll miss some people, you know who you are.

JENS-NIKOLAS MARTENS

An undisputable fact of the nature of time is that it goes by. And a year is a huge amount of time as long as it lies ahead - not retrospectively. But memories last. How could one ever forget breakfasts with the "Stammtisch" (we also rocked as "The Germans") or Pepe (Michele S) sleeping on our couch (thanks heaven for that couch!). Or playing the guitar (my new passion) on endless Stanstead weekends. Soccer practices on mild fall evenings or Chinatown in the locker room after Basketball. I also discovered the art of driving and the unreliability of the Canadian post. I found there's something called Quebec and "Quebecois" - e.g. Shagg Bret who is for sheezee an ElastoManiac. My thanks go to him for being the best roommate, to Mr. Van Dyke who taught me to "think aboooot it", to Mr. Telling who kept me busy writing journals, to Mr. Mendieta who improved my guitar skills from zero to heaven; Mr. Salkeld for coaching soccer and Mr. Simard for showing how to box out. Thanks to the Stammtisch (Rad, Rizzi, Basti, Uli & Roch) for support throughout the year (man sieht sich auf der Wies'n). And last but not least thanks to my sister who lighted up the idea and to my parents who made all this possible. Have the best summer and remember: Life is short and in the end it's over. (Nicy.M@gmx.de)

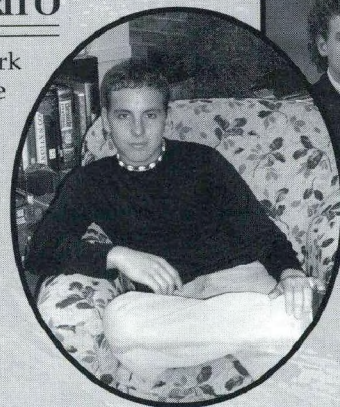

DUKE MEKTO

First of all I have to thank my parents to let me have such great 2 years in Stanstead College. And I have to say thank you to my entire friend too especially my roommate Robert Lenz he was my best roommate forever, Kiyo one of the funny guys born in Japan, Ben is unbeatable guy so far in this school, Peter also one of the coolest guy in this school, Copestake he got to eat at least 7 times for 1 day, Darren snow board is his life!!! And also Kyohei, Ty, Martin S., Ian, Jack, Michael Ou, Su-Kai, Teddy and everyone who make my life exciting and don't forget to keep your life exciting one more thing "don't forget everything we did together" and Maida too And all teachers Mr. Van Dyke, Mrs. L, Smith, Mr. Simard, Mr. Houghton, Mr. Channell, Mr. Williams, Miss Martineau and Mrs. Retchless. And both House Director Mr. Salkeld and Mr. Rioux who make me get up on Sunday morning... I feel disappointed when I know I won't come back here for another year and Mr. Van Dyke I'll be miss your physic class for sure. Also Mr. Salkeld I think England will win next World Cup in Germany. Finally I wish all of you will have great life and I hope I will see you soon at alumni day.

JULIO MENA BRITO

"Some persons arrive to our lives and soon leave. Some others stay for a while and leave a mark in us. We can never ever be the same again". Looking back at my first day of school, I realize this year has been packed with new experiences for me. I've grown a great deal and I had the opportunity to meet a lot of different people, I made friends whom I'll never forget for they enriched my knowledge of life and helped to shape the person I am now. Something I've learned here in Stanstead is that no matter where you come from, no matter what you've been taught, or who you think you are, there are always two ways of seeing life, two versions for a story, there is always a chance to improve, to expand our limits. There were times when I thought I was not good enough, and I soon found support. When I thought there was no room for improvement a new challenge knocked on my door. Thank you.

JASON OU

Three years at Stanstead are finally completed. I never realized that time can fly so fast. I have made so many friends and memories here. It's impossible to mention all of them in such a small space. I want to thank my parents for giving me this opportunity to come here. Of course I have to thank my advisor Miss Smith you're the best! Mr. Van Dyke, I love your class. Mr. Simard wanna go to Europe and have that Chinese noodle again? NASTY~~. Luke (you're the best roommate!), Sukai (never beat you in basketball), Ian (thanks for fixing my computer all the time), Jack (the crazy shooter). To all of you guys from Stanstead, thank you. This book might end up covered with dust with its pages fading, but my memories of you never will. P.S. I will see you next year~~~

MENG-HANG OU

I don't know how to describe my life in SC. It seems long, but not at all. I never realized that the past 4 years could go by so quickly. I have made so many friends and good memories here. First of all I would like to thank my parents for giving me the opportunity to come to SC. I would also like to thank all of my friends at SC for giving me such a wonderful year, special thanks to Jack, Ian and Sukai(I really want to graduate with you guys, but you know...) Shawn and Brandon, I cooked for you guys for so many times but how come I never get any pay back~! My best advisor Mr. Simard, thanks for everything that you told me. Mr. Denny, thanks for all of the university advice. Thanks for Mr. Wells and Miss Simard for giving me such a wonderful life in Bugbee. My final thanks to all the teachers who had taught me before, thanks a lot. Hope to see most of you next year, bye~!

ROB PERRETTA

First I'd like to thank my family for everything they have done for me. Mom, Dad you're the best. Tom and John I love you guys. Thanks to the entire faculty for all the support. Now to all my BOYZ. Aarron, 3 words "Baker Street Bathroom". Nick, I wish I was on the field with you this year. Hunt, you're hilarious, I'm gunna miss you. Armando, wish I was with you the whole year. P.T. I wish I played with you this year. Matt "ALL RIGHTY THEN", we had some good times buddy. Houck, "you guys want some cookies". Martin, my true boy. Brandon, can't wait to see you in the NHL, we're going to rip up next year buddy. Chris, we're going to have fun next year. Jesse, my tour guide. Adam, always make me smile. Tom, Mo, Stef, how about that weekend "get crumpled up". To my ladies that keeps it real S,K,A,M,B. ALEX, PETE way to many memories, thanks for all your support and for always being there. I love you guys. The GOODFELLAS. To my New York Boys holdin' it down. Now you's can't leave. Holla back I'm out

TEIKA PRAHL

I had a great year here in Stanstead. Banana parties and tea parties are only two of the nice things we did. But I have to thank some people who let me survive this year. There is the greatest person I have ever met, and it is true, Laura believe in yourself and everything will come true. Helen, Luisa, Robert, Annie, Ulli, Bastian, Marie, Carl, Ana, Ben, Jo, and Almu, you are great friends, I hope we will stay in contact. Ben I won't forget the swimming practice with you. Vivien you are the best roomie of the world. I would also like to thank some teachers, I must say I thought I would never thank you. First my thanks are going to my lovely Mr McNamara, you are a great person and you are in great condition. To Mr. Channell you made my year unforgettable. And of course to the best teacher I ever had, Miss Campbell, I hope you will be fine soon. Achim, Birgit, Maiké, Jan-Martin and my whole team, you are my best friends and my second family. Thank you for supporting me through the whole year. But my greatest thanks goes to my family, my dad, my mum, my gradmum, my lovely sister Gisa and to my best brother Mallu, who made this year possible for me and showed me how much they love me and how much I love them. Thank you.

PETER ROSS

I could have learned math, physics, or english anywhere else. But I learned much more than that at Stanstead, and for this I am extremely grateful. If I had to sum up my time at Stanstead, the word that comes to my mind is great friends. Rob (funny alphabet), Ben (I love it ma), Copestake (Dance baby Dance), Robert (Love Papa), Wags (the true habitant), Brandon (Wow look at where we've come), Jeff (don't fight the craving, feed it), Chris (Ladies eat your heart out), Jamie (Bow down to the master). To all my Angels with the pink top and red pants, whether it be past present or future, I love u all. Mom and Dad your generosity is only surpassed by the size of your hearts. J.D all I can say is thank you!

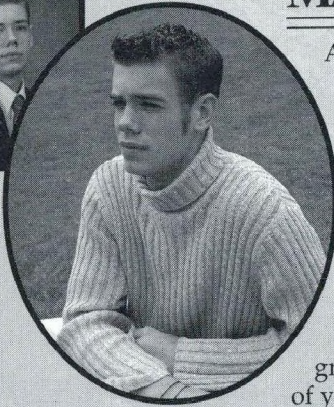

ULRICH SCHUSTER

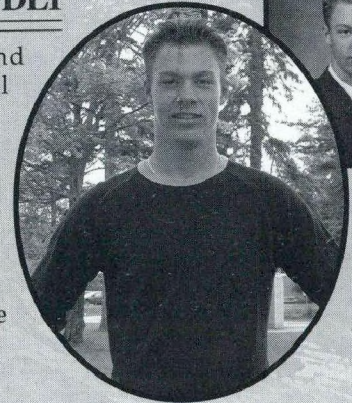

My year at SC is almost over and when I look back I see a lot of unforgettable happenings I am really thankful for. First of all I would like to thank my parents and family for all they have sacrificed to make this year possible for me. I also want to thank the "Stammtisch" for the support and its unforgettable useless discussions. "Leude wir sehn uns". And not to forget the teachers who helped me wherever they could. I would like to finish the year with a statement by Rick Hansen: "Let's not concentrate on disabilities, let's focus on abilities".

MARTIN SIEMSEN

Attending Stanstead College for the last two years has been a privilege. I have to thank those who made sacrifices to make it possible for me come here. Kim, Christian, John, Marinka, Stephan and Goswin, thank you for your trust, patience and support. Thank you also to all of those who guided me well, Mr. Salkeld, Mr. Chandler, Mr. Mac, Mr. Rioux and finally Mrs. Robertson. All of you had a great impact on my stay here. I have a lot of memories Montreal breaks, Stanstead restaurants and many more! Lio, Simon, Ben, Rob ihr seid die besten. "The Mexicans" I miss you guys we had some great times. Robbie, Waggs, Pete, Teddy and PT you guys made the house a somewhat desirable place to live in. Martin, hope you come back next year! Vanessa I have to thank you for a great friendship, you made my year a good one. I owe you about \$5 million. And finally I want to thank the most important person in my life. Melissa I owe you the world and I couldn't have done it without you. I know it was tough at times but you had the greatest and most amazing influence on my years here. I love you always, you're my baby. See all of you next year. Haut rein!

REMY STUDLI

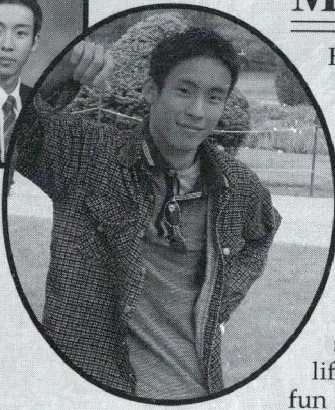

I've waited 4 years for this and I don't know where to start. Good luck Daves, Julio and Fritzzy may you be successful in your uncertain future. Do not forget, for we are all kings. My dearest Nicole, I love you and forever will remember you, you are my pride and joy, you are my little voice inside my head. I will miss you the most please do not be sad. Louis, hey lulu have fun at university you are the best friend I have had so far. I will be sure to visit and keep hitchhiking. Gabby, I hope one day I can buy a piece of art from you to hang on my wall, stick with Dom he is a nice guy and will treat you right. Good-bye little sister. Sandy, do not get hung up over boys for they will deceive you and leave you heart broken. Remember "true love waits". Lisa, well yah, thank you for telling Nicole everything I said at the breakfast table. I wanted you to say those things. Farewell Stanstead. I will be back to visit.

MARK SUN

This is my second year in Stanstead. I learned a lot of things. I also want to thank a lot of people. The first one I want to thank Mr. Simard. He taught me a lot of things. He is also my basketball coach. He helps me a lot. I also want to say thank you to Mr. Van Dyke. He let me learn a lot of things. He is a really nice teacher. In Stanstead I am glad that I have a lot of friends. They help me when I need the help. I hope I will have a great year next year. I hope I will have a perfect ending.

MICHAEL TANG

Four years, but as the saying goes, "time flies." SC is one of those places that confirm this. Of all the memories that are compressed into this short flight of time, I'd like to acknowledge a couple of people that have changed, laughed with, fought with, me. First & foremost: Keith & Josh from 2 years ago and our bashing. Teddy: I will never forget u, u telanjang u; we had loads of fun in and out of school. MrTelling: Great Advisor. Ms.LdotGetty the director: Thanks for being a second mother & for the support & the encouragement; u bring the sun out of the rain. Nat: Despite less talks, you still inspire & motivate me. Apple Rocks! Nicole: Our domination-scheme plans in Physics, our laughs and the luscious gossips. Louie the Wannabe, Gabby the lovgirl, Dom the loverboy. *LISA*: A (add an adjective that means lovable, caring, down-to-earth, feisty, cute, hilarious, adventurous, huggable, drive-me-crazy annoying, stinky, tears & smiles maker, fun-to-get-in-trouble-with, fun-to-laugh-at, autistic(kidding)) OOKPIK! U fill my life with colors. I will never forget u, ever. And the rest: Ty, Kyohei, Kyo, Ian, Duke: We had our fun right?

MAIKO TOYAMA

I came here two years ago and now it's my turn, finally, to be a grad. First of all, I really want to say thank you to my friends: Ana, Luisa, Marie, Jo, Almu, Andrea. You are such amazing people! I won't forget Cancun. Even though we had a nightmare experience at the airport, the fun we had erases that bad memory. I really enjoyed the birthday party on the beach. It was the biggest party of my life. This was a highlight memory of my year and a time that brought us together. Secondly, my two Japanese guys, you always took good care of me. I am very glad that you were here. I'll remember your advice about learning to be a better girl. I want to prove I can cook more than rice balls and when we meet in two years I will prepare you a feast. And I cannot finish my grad write up without mentioning my sweetest roommate, Christina. We stayed in the best room in Webster and had the most fun! I know you love me but I love you MORE! I was always like your mom even if you are taller than me! I can't forget what we did in Toronto. You taught me a lot of Toronto English! We had many kinds of late night conversations. You know what I mean? You always made me happy. This memory is precious for me. Everyone will stay in my heart forever.

CHRISTINA TUCCARONE

This has been a nice vacation from the real world, I'm just glad that I am going back to normality. I didn't think that I would make the year here but I did. I was taught courage, strength and discipline. I got to know a world that I thought didn't exist. I would have preferred not to learn it fist hand, but I was privileged to meet really great persons, To my rommie Maiko, I love you. I would have not made it through the year without you, Mai you were the one behind the scene the one who wiped my tears away when no one knew I was hurting. I am going to miss you with all my heart baby. Binx straight up, I'm gonna to miss you girl, just hope I don't get myself in trouble without you (lol) friends for a long time alright? To my parent's thank you for believing in me and giving me the opportunity to head in a successful direction also for letting me see that there are worse places than home. I love you both with every last piece of my heart. Save the best for last, my girl Lyz, words can't explain how much you mean to be and how much strength, determination, and patience you gave me this year you always called at the right time and gave me that extra push when I was about to give up. I Love You (Montreal! What!)

CONRAD VON STECHOW

I will never forget my first and only year in Stanstead. I met many nice people from all over the world and made a lot of new friends. That makes Stanstead College a great place, even though the school rules are too strict, you never know what your food is made up of, and, believe me, there are better parties than the school dances.

Thanks to all the people that made this time a funny and interesting experience: Roommates, people with couches, my advisor Mr. Rioux, team mates, coaches, class mates that understand less chemistry than I do, and the German Connection including the best band on earth: "Ze Germans" (man sieht sich am Oktoberfest). I hope that I will keep in touch with you. Have a nice life and enjoy it!

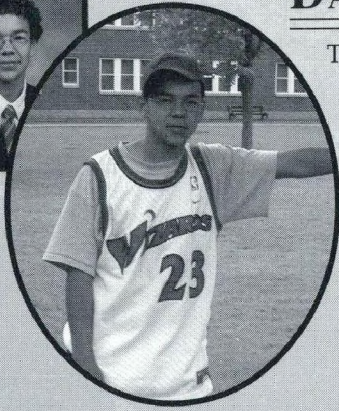

ALEXANDER WAGNER

Over the past three years, Stanstead has molded me into a young man. I came here as a little boy filled with insecurities, & leave here with the world at my fingertips. I owe my success to everyone who has guided me through my journey at Stanstead, & to my parents who have guided me through life. Mr. Simard, you've been behind me from the start, & you've been my backbone for 3 tough years. Pete & Rob you guys are like brothers to me, without you 2 to support me, I never could have become who I am. Too bad we gave up on the palace. I wonder if the shovel is still lodged in that tree. Tom, you my dog. Andy, those were some good late night talks. Lauren, I know we had our differences, but you taught me some valuable lessons. We had a good time downtown. Brandon, I learned a lot from you, except I could never really pick up that hockey thing. Jack & Sean you guys are the Montreal crew. Joe you've been my best friend for 9 years. Israel, no wait, Africa! When I look back at the years I spent here, I'll remember days as a Bugbee student with Nick, & Jarred, I'll remember days when nothing seemed to go my way. And I'll remember everlasting bonds I made with friends. Thank You Mr. Elliot for giving a bratty Selwyn Boy a chance.

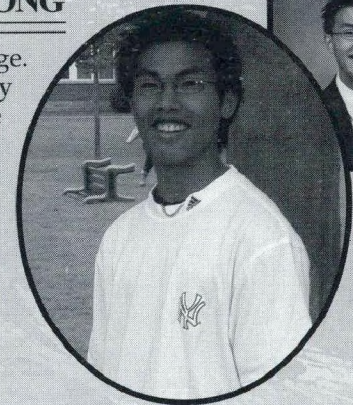

DARREN WEISTCHE

This year has been an amazing experience for myself, something I wouldn't want to go through again. I would like to thank my teachers and friends for helping me make it through this year, without them I don't think I would have made it. This was rough but I pulled through, many memories will never be forgotten about my experiences here. It all went by so fast, which was a good thing and now I am free, One year of Stanstead is enough for me, and what an amazing experience it was, I'm so glad its all over.

LOUIS WONG

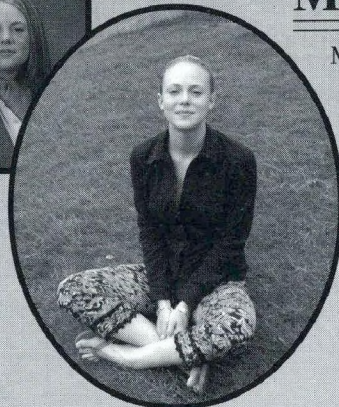

First of all, I would like to thank my parents who gave me a chance to study at Stanstead College. And also I would like to thank all the teachers that helped me in this fast three years, especially Mr. Salkeld and Mr. Houghton gave me such a wonderful years in Davis House! And I'm sure Mr. Houghton loves my hair, he knows what am I talking about. I. OH~I would like to thank my friends Remy, Nicole, Gabby, M. Tang, Sandrine and Teddy, you guys are the best ever in my life. I had a lot of fun with all of you. Remy do you remember that I always attack you when we were roommates!! Gabby I will always try to find some words to make you bit me up...ha-ha (kidding). Nicole, I stills scare you when you are driving. M.Tang you have to find me when you go back to Hong Kong. Thank you very much for all of you. See you next year.

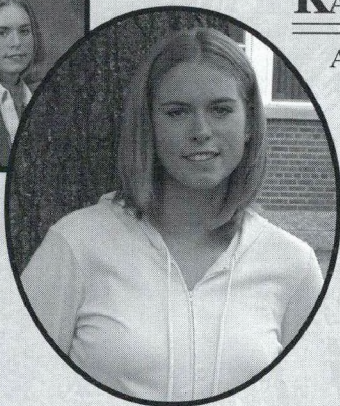

MELISSA WOOD

Memories... if I take nothing else but that from here I would be satisfied. Some are good and others bad, but a memory is a memory. Everyone here has affected me in some way or another. Each person contributing generously to my journey in life, hopefully I have done the same. It would be unfair to mention anyone above the rest. So instead I offer my deepest thanks to everyone. Mar, words are not enough ich liebe dich. Mom, Dad, Alie and Shannan you are my motivation.

Thank you

KATHERINE WRIGHT

Attending Stanstead College for two years was quite an experience. I've never had such a busy lifestyle. I would like to thank all my teachers for working hard to give me a good education. I would also like to give a big thanks to my basketball coach and advisor, Mr. Van Dyke. You have taught me a lot and helped me grow and mature as a person. I appreciate everything you have done for me, and all the time you dedicated to our amazing basketball team. All the girls were great to be with, and I was proud to be on their team. I think Stanstead was a good experience and I would like to thank my Mom and Dad for making it possible.

LUKE YOON

Already 2 years at Stanstead? That was pretty fast... Without saying anything more, I'd like to just give thanks to few people. First of all, to my parents and my brother who gave me an opportunity to be in this college. Secondly, the Chinese... who can possibly forget about the Chinese (Taiwanese)... I'd like to thank Jason Ou (my best roommate), Allen Liu (ALAN~~), Michael Ou (the math pal), and other Chinese guys for..... well..... Thirdly, to the Koreans... Thanks guys! Lastly, I want to give my biggest thanks to my teachers who taught me for the last two years and especially to my advisor Mr. Telling who supported me since I came here. I also want to say few 8282 to Sukai, Ian, Jack, and Sung-Ah. Finally it's over!!! Everybody, enjoy your summer and see you guys in September!!!

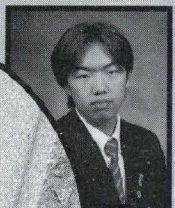

VIVIEN YU

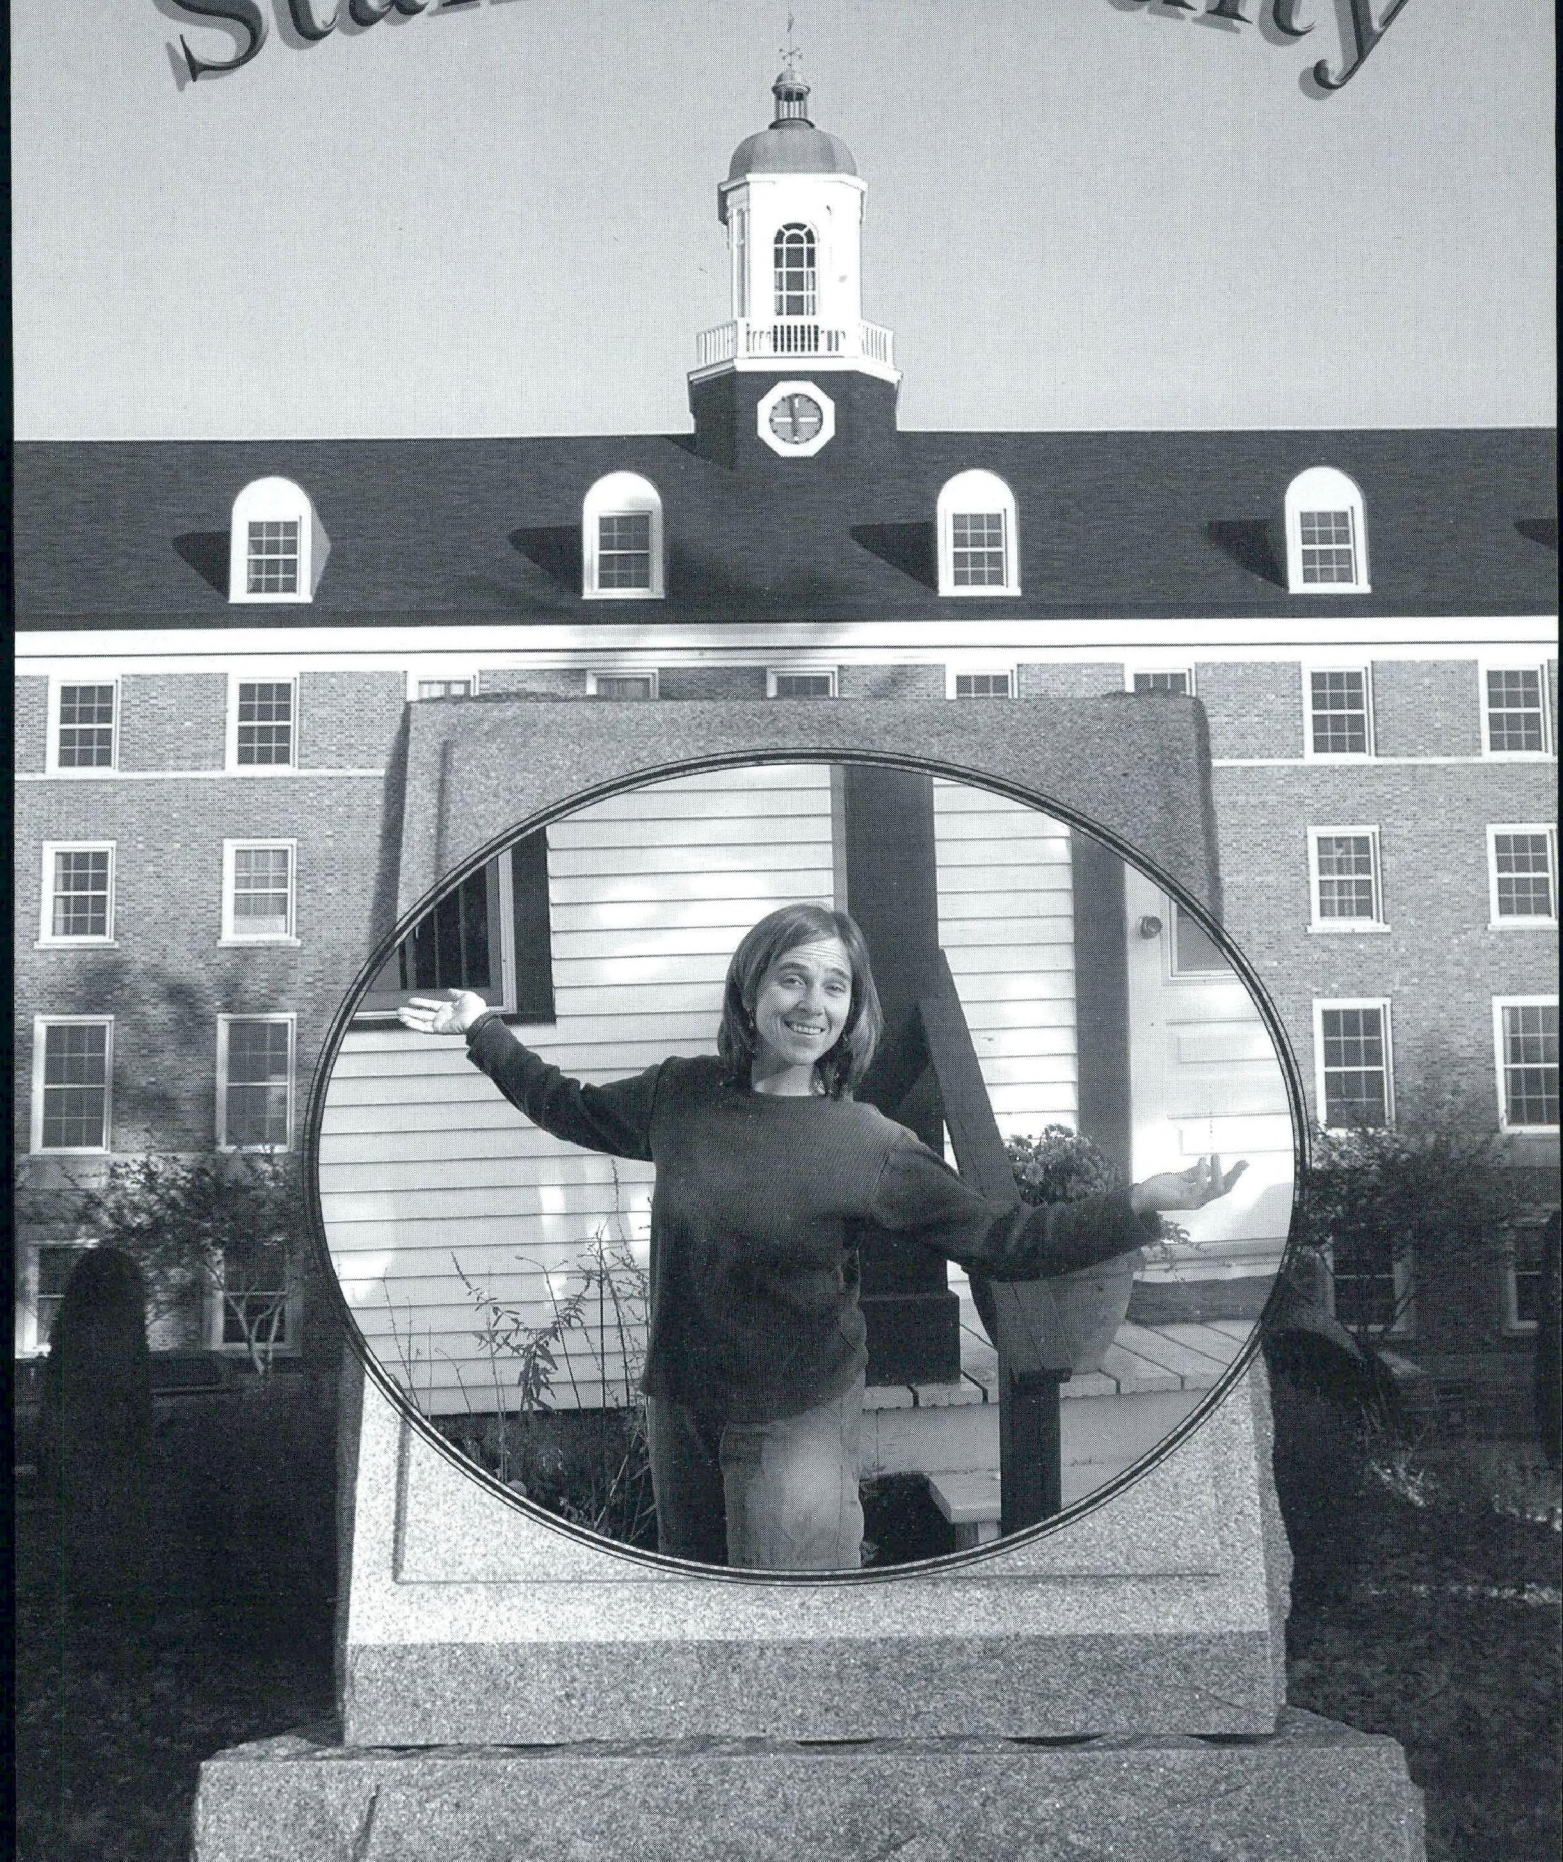

Let me see, I have been in SC for almost 400 days. For the first 200 days, I was a new student who came in the middle of the school term, trying my best to catch up in both English and French courses. Luckily, my advisor — Ms. Campbell, my French teacher and friends helped me a lot. The following 200 days, I seemed to be an old student here, helping the new people to figure out the way to enjoy our lives as much as we could, Oh yeah!! We DID it. Somehow, SC has become our little society — a cultural community. Getting used to friends coming and going with reluctance and expectation for their futures, time transmigration seemed to teach me a lot and made me speechless. Thx for everything I have here. (including wonderful teachers, cute friends and also the tiny whole new world). U know how much U are cherished don't you?!!

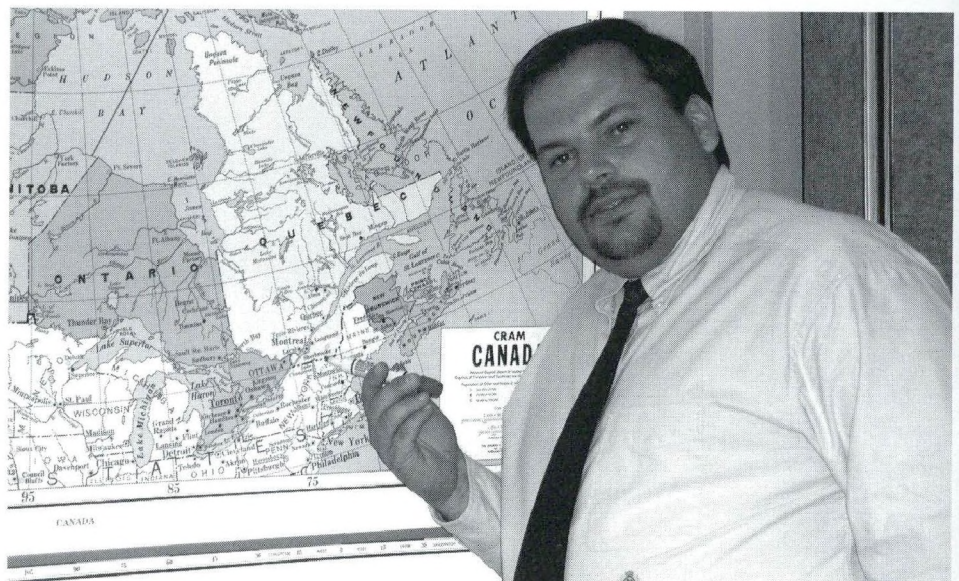

ROBIN ZHAO

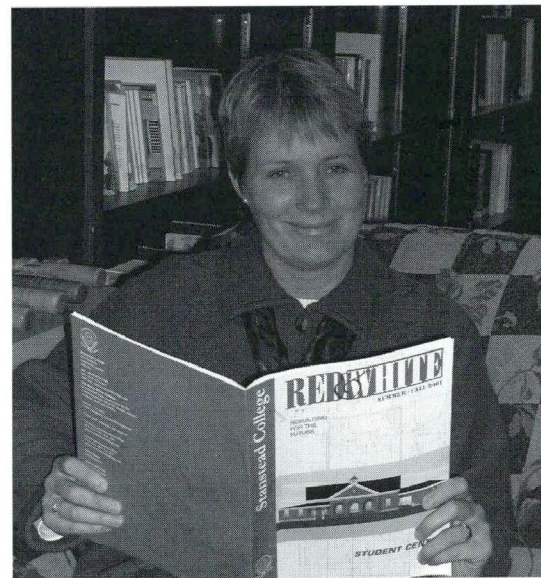

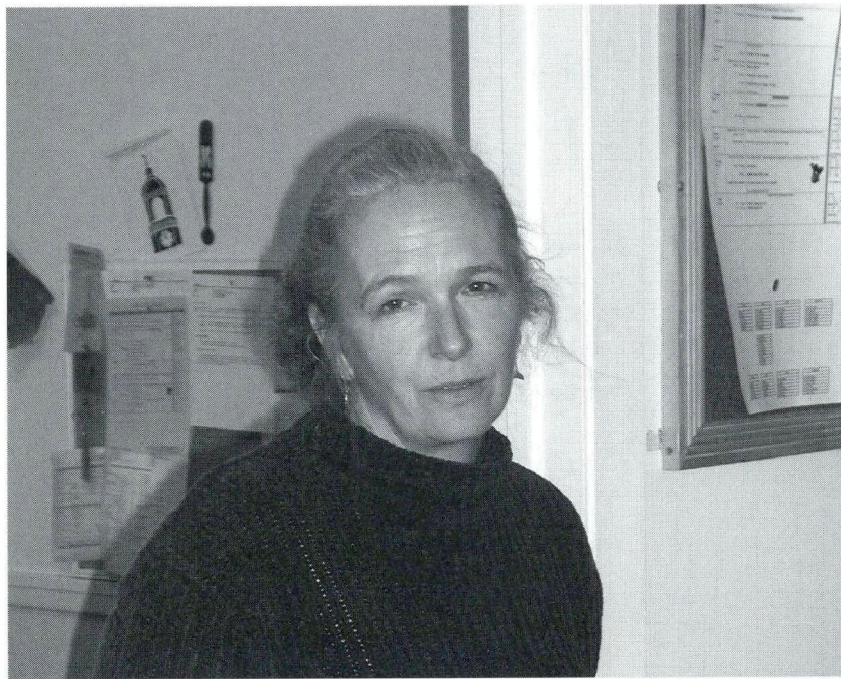

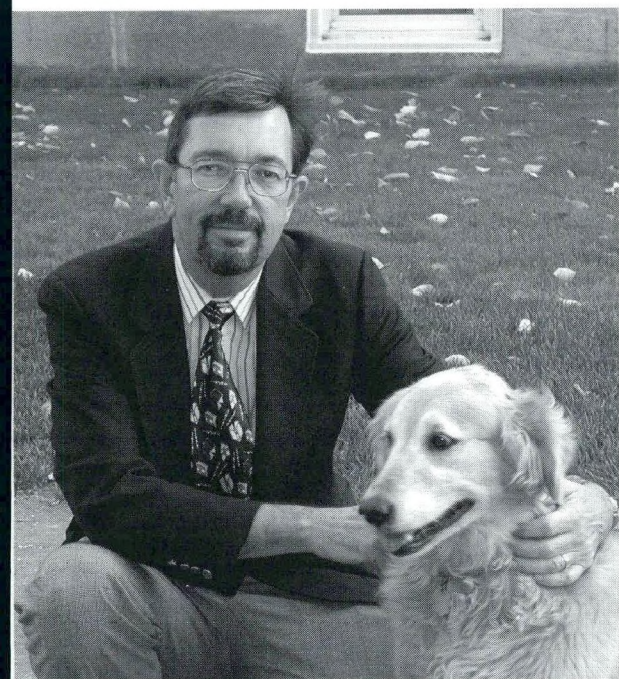

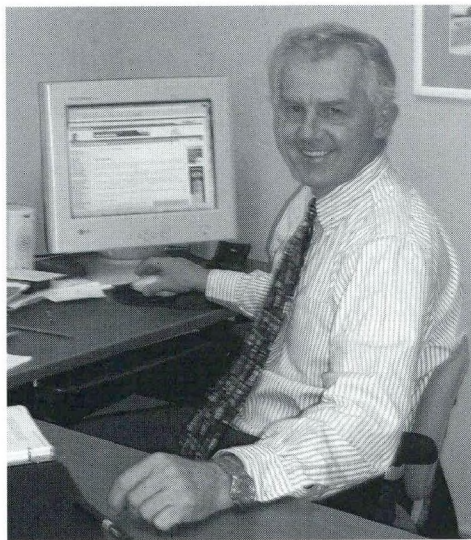

3 years, I've been living in Stanstead College for 3 years. Not too long, not too short, but too hard to describe. A lot of memories, a lot of friends but a tranquil school life. I finally realize it took me 3 years to be able to write this grad write up in English. I want to thank all the teachers and all the friends who helped me to waste my 3 years here. SPECIAL THANKS X 2 to my parents, you are the best! Thanks to my Best Korean roommate Sonny Kim only if he brought more Kim Chi and share them with me. Thanks to Mr. Salkeld, one of my "best" house director. I nod even if I still don't get it. Thanks to Mr. Houghton and Mr. Jansen for all their teaching and support on computer technology. One more year to go, things are waiting ahead of me in Stanstead College. I WILL BE BACK!

Learning Beyond School

Trying to find the meaning of life
Through arithmetic isn't a helpful approach.
Existence can't be formulated,
And dreams don't come from homework.

Knowing three different languages,
Doesn't mean hearing the right answer.
Knowing that $x = y$ isn't understanding,
How come x exists?

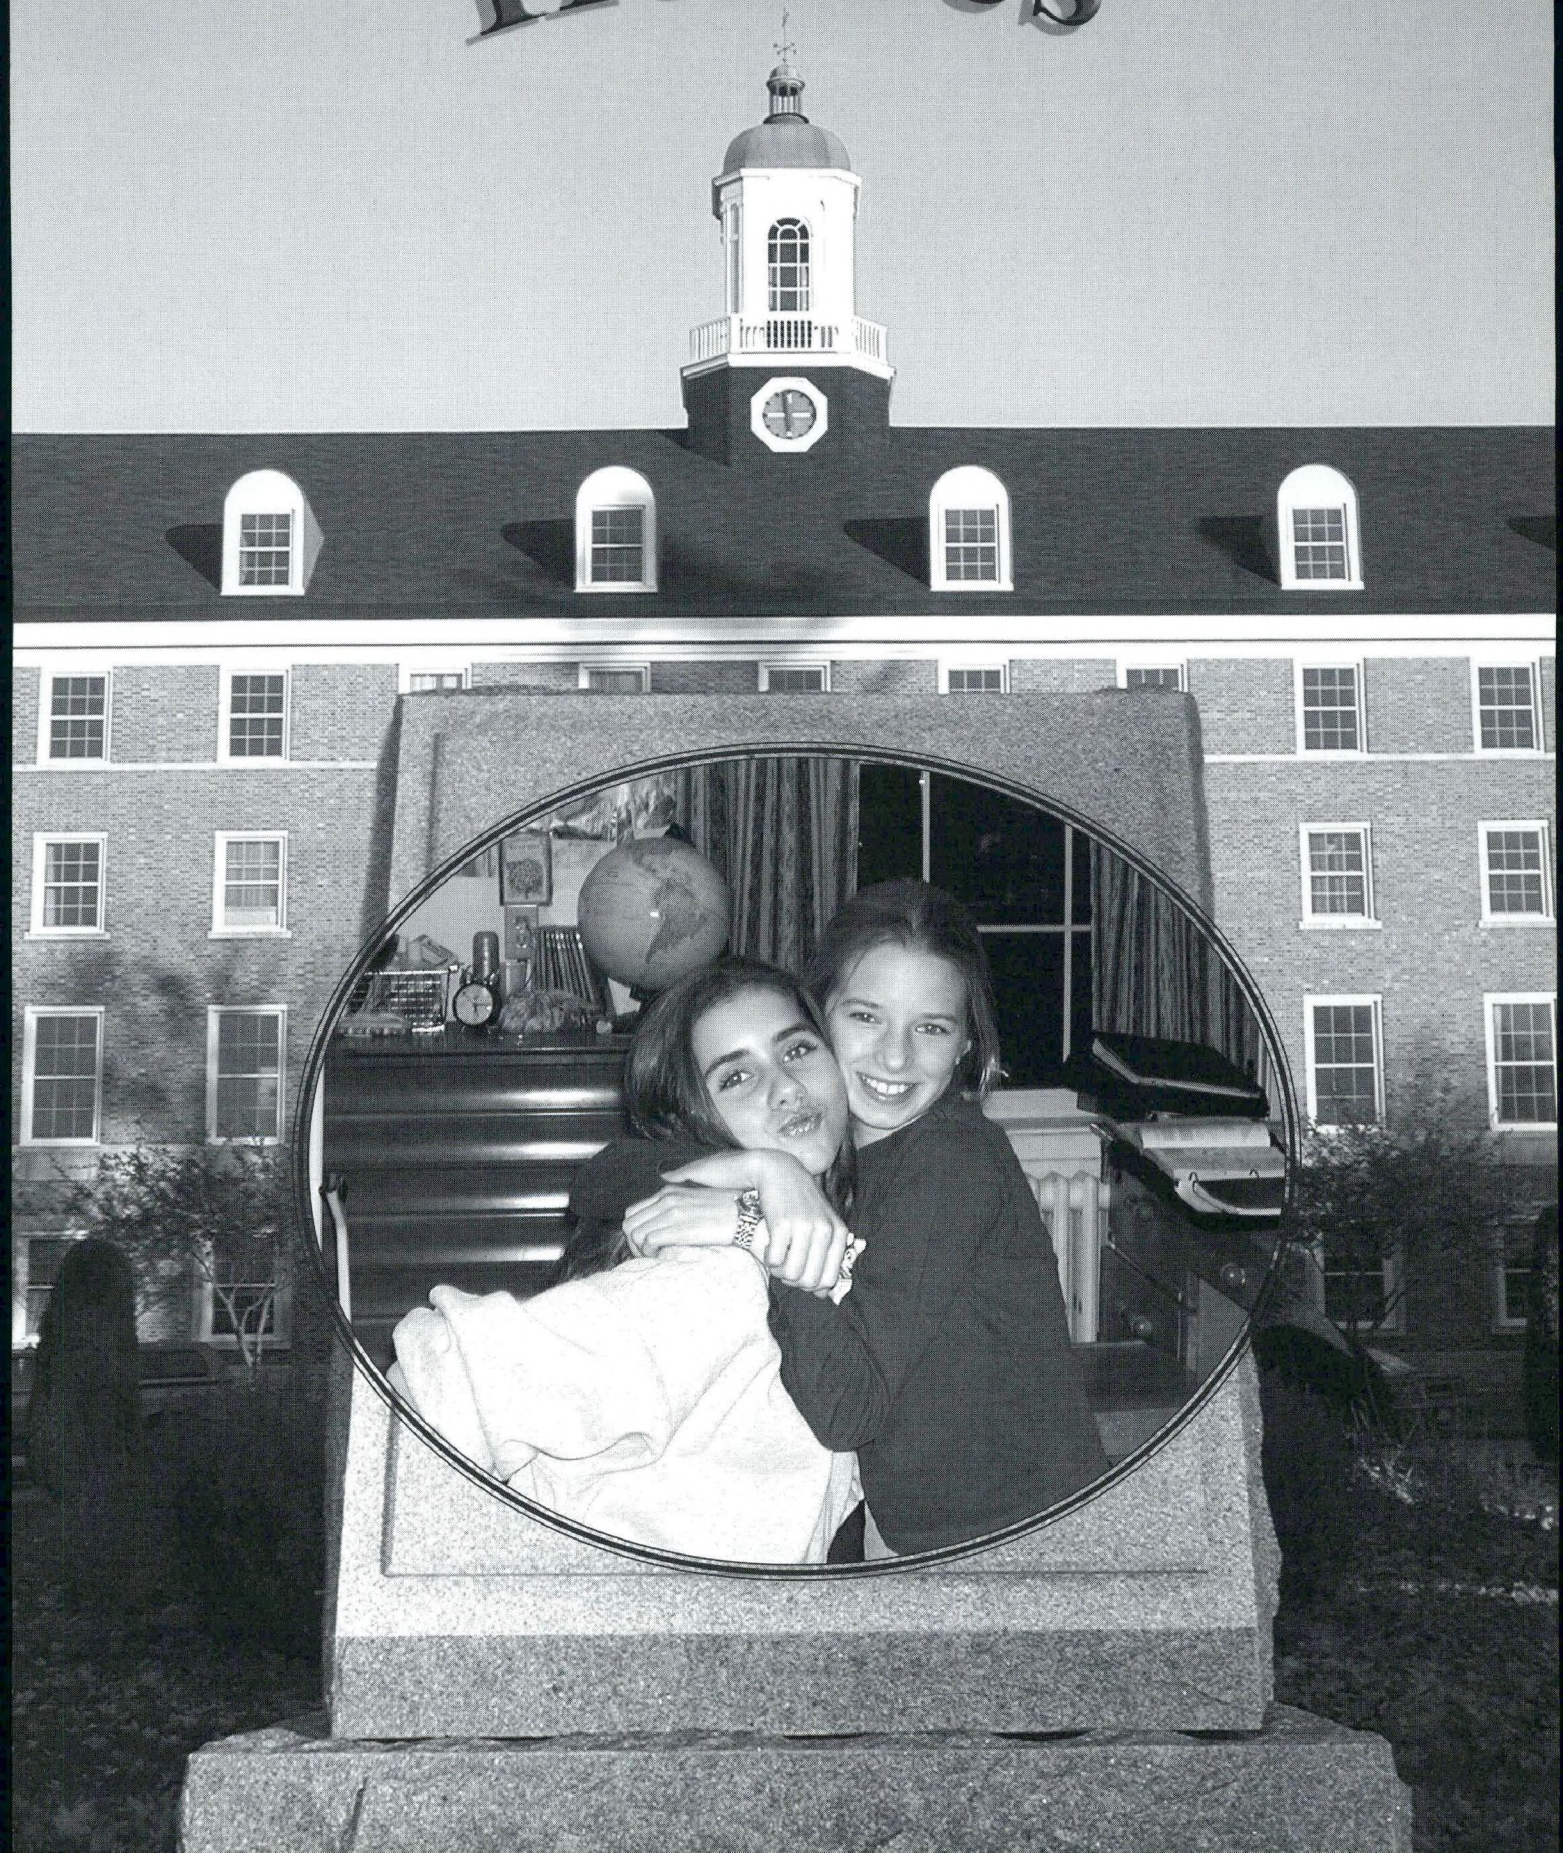

Knowing the history and geography of the ancient world,
Doesn't help you find where peace really is.

School is a path,
But you learn more from helping your friends beside the road.

COACHES: MR. A. ELLIOT & MR. A. SIMARD CAPTAINS: N. HOBBS & A. BRASSARD

On the heels of a series of championship seasons going back a number years, the 2001 Senior Football Spartans opened pre-season training with numerous starting roster vacancies and serious doubts about the season ahead. These concerns however, proved to be unfounded as a spirited and determined group of 24 young men combined by the end of October to fashion a perfect 7 and 0 season record. Team accomplishments included capturing the Senator Howard Trophy (Stanstead/BCS) for the sixth consecutive year as well as claiming victory as ETIAC league and playoff champions. The Spartans were also victorious in exhibition encounters against Châteauguay Valley Regional High School and Appleby College from Oakville, Ont. The team was lead by a stingy, aggressive and hard hitting defense which averaged less than a touchdown against over the seven game season. Both of the regular season encounters with BCS were close and very competitive, which set the stage for the season highlight – the championship playoff game against BCS. In a tightly contested defensive struggle before a supportive home crowd, the Spartans prevailed with a 20-0 victory. Much of the credit for the team's unexpected success must go to a core of veteran players whose determination, leadership and winning attitude would consider nothing short of victory.

ETIAC CHAMPIONS

Senior Girls' Soccer

CAPTAIN: M. LILL

COACHES: MR. E. VAN DYKE & Mlle J. MILLIARD

This year's team was a mixture of experienced veterans and young, talented rookies. The starting line-up of 11 players regularly featured 1 Grade 9 and 5 Grade 10's. But due to the leadership of Captain Megan Lill and the rest of the returning players, this group quickly molded itself into a smart, possession-style team that was VERY hard to beat. We were also a team that was VERY unlucky. Despite scoring 49 goals vs only 21 against, we lost 2 games by a single goal, and 2 others in penalty shots.

Despite controlling the majority of play in 18 of our 20 games, the soccer gods only afforded us a record of 10-7-3. We outplayed almost every team we faced this season, but an assortment of goalposts, crossbars, injuries, and bad bounces continually frustrated the players and the coaches. Nevertheless, despite getting almost no breaks, we managed two notable accomplishments in 2001. First of all, we narrowly missed winning the ETIAC Playoffs (which would have been the first time in Spartan history), losing the Finals in a shootout after controlling play (of course) for the majority of the game. The CAIS Tournament was even more impressive. We finished as Consolation Winners, making a strong case for being the 2nd best team there, since the champions beat us only 1-0 and everyone else by at least 3 goals. Plainly put, no previous Stanstead team has ever performed better at this national tournament. This sport can be cruel. The better team does not always win. But this team played some truly beautiful soccer this season. Congratulations to Annie, Caitlin, Megan, and Sarah for their Major "S" awards, special congratulations to Trophy winner Janice, and a large thank you to the whole team for playing soccer the way it should be played. We deserved better, but we did all we could, and you should be proud of that.

The 2001 season for the senior boy's soccer was one of determination, improvement and a great feeling of accomplishment. The boys finished the league season with a 6 - 1 - 2 record in ETIAC games and a record well above 500 in all competition. The great strength of the team was its sense of team. There was great synergy and a feeling of pride in practice and in games. It was this which meant the team competed well at the CAIS tournament and but for some unlucky moments would have finished better than the 2 - 1 - 3 record they left with. Despite the disappointments on the trip, it proved to be the springboard for the best performances of the season. The final week of the season saw convincing wins over Galt, MVR and BCS, and a league position of second. The final day of the season proved to be a bittersweet affair. The semi-final against MVR showed the class of the team, with a fully deserved 3-0 win. The final saw the boys learn one of those lessons only sport can teach. They dominated the final, had many chances to win, but the game finished 1-1 after the overtime period. The lottery, that is, a penalty shoot out went against Stanstead, and a thoroughly enjoyable season ended in disappointment. I would like to thank the whole team for their efforts throughout the fall. Special mentions go to Emmet Moseley, and Martin Siemsen who were awardee senior Ss and to Nikki Martens, P-T Lacroix and Adam Parker who earned their Major S. Simon Lay was probably the most dominant player in the league and he was awarded the Bobby Moore award for the MVP in addition to his major S.

Junior Boys' Soccer

COACHES: Mr. McNAMARA & Mr. DUNN. CAPTAINS: D. MALAUSSENA & R. WON

The 2001 junior boys soccer season should not be measured in wins, losses and ties. An opening loss at the hands of Galt by a margin of 10-2 did not augur well for the future. The players did not become discouraged, however, and got to work on improving their skills, conditioning and team play. Although we failed to win a game, the boys played very competitive soccer toward the end of the season and were rewarded for their determination with a 3-3 tie against eventual league champions, Massey Vanier. Congratulations go out to Paul Kim and Rick Won on their fine seasons and Junior S's. Thank you to J.P. Clouthier who made sure that we had what we needed to play. I hope that the players appreciated his effort. A special thank goes to Phil Dunn who led us to our only positive result this season and was invaluable as a co-coach. His enthusiasm and never-say-die attitude kept us going when it would have been far easier to throw in the towel. Thanks to the players for continuing to work hard all season and for never surrendering no matter what the score. They were without a doubt the most improved team in the league.

The 2001 season was a strong and successful one. 22 girls tried out for the team, and we decided to keep all 22: 17 players, a manager and 4 alternates. The beginning of the season was solid, and we had several wins early on to encourage us to further our skills and talents. In regular season play, we placed an impressive 3rd place overall, with 5 wins, 3 ties and 2 losses. Even more impressive was the fact that we continually tied and had very close games with the first and second place teams. The play-offs showed our exceptional talent and teamwork, a true culmination of the season's practices and acquired skills. Although we lost a disappointing 1-0, the game was easily the best of the season – what more could we hope for as coaches? The team was more than just soccer – the girls brought liveliness, humour and a good sense of fun to the field everyday. As coaches, we thank the girls for an especially rewarding year – you each brought something unique to the team to make it what it was – the best Junior Girls' team in many years. Congratulations and good luck to you all!

Bantam Boys' Soccer

CAPTAIN: LUCAS JANSEN

COACHES: MR. G. TELLING & MR. J. RIOUX

A perfect season! Not a phrase a coach can use lightly or often but certainly one that applies to the Bantam Boys' experience this year since the team remained undefeated against the entire E.T.I.A.C. League. Blessed with a number of highly-skilled players and a squad that was prepared to work and play hard, a close victory over Galt in the opening match set the pattern for the other eleven games. The opening tournament at B.C.S. taught some valuable lessons about commitment and teamwork, as did the experience of the Centennial Academy Tournament in Montreal. Skills were honed, positions established and significant improvement in fitness achieved. Scores rose as Stanstead established a reputation amongst rival E.T.I.A.C. schools as the team to beat. The opposition became tougher as other sides improved but, whilst the number of goals scored got smaller, the final results remained the same. Built on a solid defence which included a tenacious goaltender, talented backs and focused sweeper, the mid-field players and forwards were able to mount offensive sallies to pepper the opposing net. Benefiting from excellent weather and playing conditions, with the exception of a late away game at Massey Vanier and at the playoffs, the team sustained a dominant superiority throughout the latter half of the season. The Semi-Final and Final (played in hail showers) displayed a fitting conclusion to this highly-productive and satisfying soccer experience with twin 4 - 0 victories over Massey Vanier and B.C.S. Congratulations to all the team members and sincere thanks to the co-coach, Mr James Rioux, for a record that has not been achieved since 1986!

Bantam Girls' Soccer

COACHES: MS. MAZZOCCA AND MISS WADLEIGH

It was great to be a soccer player for Stanstead as the autumn weather was warm and sunny. This encouraged 18 girls to dedicate their positive energy into forming the Bantam Girls' Team this season. With the majority of the girls never playing soccer before, they had to work very hard to master the basic skills, learn plays and become a competitive team. The team let it be known that they were a force to contend with once the whistle was blown at the beginning of every game. Unfortunately, scores were never in the Bantam Girls' favour. Nonetheless, the team kept their team spirit throughout the season. The girls went from a series of miserable defeats to becoming a competitive team in a very competitive league. This would not have been possible if it were not for the courage, persistence, determination, perseverance and spunk exuded by each and every player throughout the season. We are very proud of all of you and in our eyes, you are all winners! Thank you all for a memorable season. Special mention and congratulations are extended to Elisabeth, Jennifer, Cynthia and Chelsea for achieving Bantam "S" awards for their contribution to the Bantam Girls' Soccer Team.

X-Country Running

The Cross Country Running team of 2001 had a respectable year. We began our season at the Terry Fox Run. It is the ONLY race that Ms Hew 'runs.' The other competitions were at BCS, Galt and Stanstead. Devin Tanguay and Rhett Jacobi were distinguished runners and consistently placed 3rd and fourth, respectively. Leigh Partington and Lauren Cuenant complete the Junior 'S' award winners as they also placed 3rd and fourth at the competitions. Teika Pahl was also exciting to watch as she won her bronze medal. Throughout the season, the most competitive field was among the Senior boys. The Stanstead Team boasted two runners, Jeffery Wan and Shawn Iserhoff. Jeffery placed 2nd, 3rd, and won a gold medal at Stanstead. Shawn won a gold medal at Galt and he kept the competition alive until the ETIAC finals where he won a bronze medal. Congratulations to Jeffery and Shawn who were awarded 'Major S' sweaters! Additional tributes go to Jeffery as the winner of the William Greenshields Trophy. I would like to give special mention to all of the runners who stayed with the team and finished the races. Everyone maintained a positive attitude on the trails and during the hikes to the Pinnacle. I would like to congratulate the entire team for representing Stanstead well at the competitions. Thank you for a great season.

COACHES: MR. McNAMARA & MR. WELLS CAPTAIN: PT. LACROIX

The 2001-2002 Stanstead Spartan hockey season began with a great deal of optimism and a ten game unbeaten streak, but finished with a second consecutive loss in the final game of the Provincial Championships. This, however, was not a season in which wins and losses were foremost in people's minds. In mid-November, Rob Perretta, one of the team's most talented and popular players, was diagnosed with leukemia. The effect on the team was devastating and we played the entire season with Rob's number 4 hanging behind the bench. We are happy to report that Rob is in remission and plans to return next season.

The Spartan schedule was, without a doubt the most challenging in the school's history, with 9 games against division I prep schools and another 10 against strong division II schools. We posted a very respectable 24-16-1 record. The team played throughout the season with tremendous determination and courage, often with a severely depleted line-up. Every player should be extremely proud of his contribution to a successful season. Thanks to everyone for your tireless effort and the sacrifices that you so willingly made.

Congratulations to Senior "S" recipients Chris Channell, Jason Cowan and Jeff Gray, and to Major "S" winners Armando Cappello, Shawn Iserhoff, P.T. Lacroix, Matt Whitney and Brandon Forino, who also won the Dawes trophy as team MVP. Special thanks, as always, to my co-coach Chris Wells, whose advice and motivational words before games are so important to our team's success.

The 2001-2002 bantam / junior hockey season will be remembered for its rigorous schedule, numerous laughs and cries, forty man practice roster, bench clearing brawls, undisciplined penalties and suspensions, but above all many learning experiences.

The game of hockey is what young Spartan boys play
Eagerly awaiting the school bell ending every day
Canucks and Yanks work together and skate away
While Mexicans happily improve no matter what others say
The smell of the locker room fills the air
As the boys on the ice gaze at each other with pounding stares
Coaches apprehensively close the door to everyone's dismay
While the Zamboni drives up and down the ice like
An eraser that never feels content
Messages are sent, improvements are made,
but promises continue to be bent
Pucks are slapped, saves are made,
The whistle leads the same victims to their plight
A far too frequently occurring flight
That can be compared to any fun filled hockey night
The Hanson brothers pale in comparison
Like a baby slug or amoeba wearing boxing gloves

The Stanstead Girls' hockey team had an amazing season this year. With a team that consisted mostly of returning players or players with experience (or that could skate), we were able to step up the quality of our game from previous years. The beginning of our season was a rocky one. In the first tournament ever for Stanstead Girls hockey, we encountered some difficulties against Montreal teams. But when we returned from Christmas break, we played like a team. With a new goal tender (Fu-Chen), we were ready to face anything. We beat BCS, Galt, Kingdom Starz and Lyndonville on many occasions. This was a great season overall. Girls, you should be proud of yourselves, you all improved a great deal. A big thank you to Nick Hobbs, my co-coach and congratulations to Liz Anderson (4 hat tricks), Kim McNamara and Sarah Wood for their Junior S.

Breakout, pass the puck from tape to tape
Keep your head up, and go to the net

Too positive to be doubtful, too optimistic to be fearful
Too determined to be defeated

Although this past season was truly challenging, there is no hiding that many of the boys on this team possess tremendous skill and ability. In fact, had the boys spent more time working together playing disciplined hockey they would have surely come away with the BCS tournament, and perhaps even surprised Notre Dame at the 2nd annual Junior Stanstead tournament. You all played your hearts out at times boys, and there is no denying that we had our moments of glory. However, a total team commitment is needed in order to generate long-term success. Sr Girls' Basketball

CAPTAINS: M. LILL & J. WILSON

COACH: MR. E. VAN DYKE

Years from now, when I look back over my time at Stanstead College, the 2001-2002 edition of Sr. Girls' Basketball may well stand out as the ultimate highlight of my coaching career. It was a year of high expectations, gaudy accomplishments (34 W vs 6 L), and unparalleled success. It was a year where the Amaron Gymnasium witnessed the most exciting girls' basketball in the history of the school.

The turning point of the season occurred early on. We skipped the LCC Tourney (where we were defending champs) in favor of the high-caliber Galt Tourney. There we went 1 - 2, including an embarrassing 29-point loss to MacCartier. In the process the team learned what it really takes to compete with the top teams; toughness & tempo. From that day forward, practices and games featured a here-to-fore unseen level of speed and intensity. Results immediately followed. Throughout a 20-game winning streak, we successfully defended our Stanstead Invitational Championship, beat a very strong MVR team in league play, won the BCS Tournament Championship Banner for the 1st time ever, and for an encore won the Montreal Independent Schools Tournament, also for the 1st time ever. After the Streak ended, we bounced back with an impressive win @ Massey to secure the ETIAC League Banner for the 2nd straight year. This led us into the all-important Anderson-Bailly where, thanks to a gritty victory in the Finals against perennial nemesis BCS, we successfully defended our title. This Small School Championship

qualified us for the Visser-MacLeod Provincial Tournament, where 6 out of the 8 teams had a legitimate chance to win it all. We won our 1st game, and then, in a classic semi-final thriller, we triumphed over BCS in Double Overtime to advance into uncharted territory; the MacLeod Finals. And although we came up short 52-59 vs MVR, the MacLeod Finalist Banner, as runner-up to the provincial champion, represents the best performance for a Stanstead Girls' Basketball team. Ever.

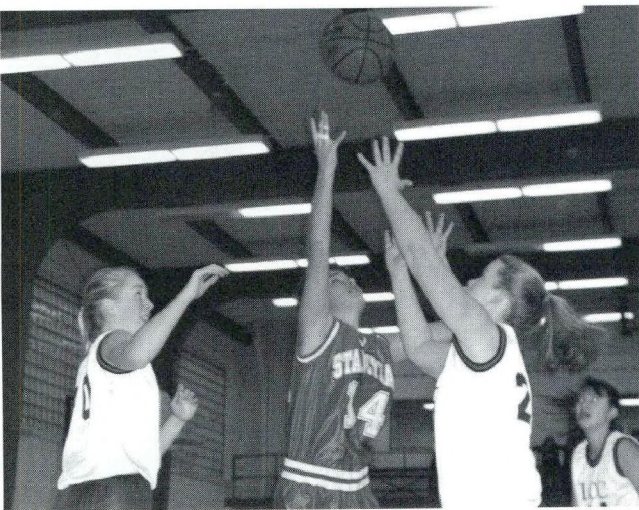

This season represents the end of an era. The bulk of this team was made up of 2-, 3- and even 5-year veterans of the Little Program That Could. I thank each and every one of you who have given your blood, sweat and tears to this Program over the years. This past season should convince you that it was all worth it. All those close games we won?...all those 4th quarter victories?...because of your poise and experience, because you learned from previous mistakes, because you paid your dues. That is what sport is all about. I could not be prouder of this team. Thank you for everything, and special thanks to Megan Lill, the best captain a coach could hope for. It was your era.

ETIAC CHAMPIONS

Sr Boys' Basketball

COACH: MR A. SIMARD CAPTAINS: SU-KAI CHENG & ALLEN LIU

At this year's team tryouts, we had returning veterans in Su-Kai Cheng and Allen Liu, combined with first-year walk-ons at big man in Jens-Nikolas Martens and Brian MacWilliam. We were only "two deep" at the start, with the hope that this would improve over the course of the season. Nicy had a solid work ethic and really did improve every game. Brian was weak in terms of hands and toughness, but he did work hard and only midway through the year did we learn that this was only his first season of organized basketball. Su-Kai was the veteran team leader who had the potential for a great final season. He did quite well, but still experienced mental lapses at critical times in certain games and also was hurt by untimely injuries. Mark Sun and Meng-Hang Ou showed improvement and became the alternating fifth starters. Allen Liu was our best player all year. He carried the load both offensively and defensively, was made a co-captain during the season, and was the team leader in many statistical categories and in terms of individual awards. As a team, we did not have a deep bench and tended to make a lot of unforced errors which cost us dearly in games and over the whole season. We played an interlocking schedule with the SSIAA this year, our league record was 1 - 9 with a number of close losses and our overall record was 11 - 16. We did not qualify for the ETIAC playoffs. We won our own Stanstead Invitational Tournament. At the Anderson Tournament at St. Patrick's High School in Quebec City, we won both of our round-robin games, only to lose to BCS in the semi-final. Our overall record could have been stronger, but in certain games and tournaments, the philosophy was to play everyone and improve as a team, rather than just playing the starters. The Anderson Tournament, and our

performance in it, was the highlight of our season. We had a great time in Quebec City, played well, and also got to cheer on the girls as they won the Bailly Tournament.

I did enjoy working with the team and with my two assistants, Phil Dunn and Ian Chen. We had a lot of laughs and good times together during the season both at home and on the road. Allen and Su-Kai showed good leadership as team co-captains. Congratulations to the team's award winners:

In junior boys' basketball the makeup of this year's team was an indication for the challenge for each player as well as the coaching staff. A range of nationalities, multilingual players with over 80% of the team having no basketball experience, it was clear that our season would not be measured with W & L's. Most of our goals in training and in competition were simple, back to basics skills as the team began by learning the basic aspects of the game of passing, shooting, dribbling (or NOT) and simply catching and holding on to the ball. We introduced strategies of play in a game in order to reduce the other teams chances of scoring, not necessarily improving our own chances. The team's emphasis was on defense as it was quite evident that offense was not our strength and thus our total points each game would not be on any highlight reel! Our season was a success, as students began to learn aspects of the game, set their own goals, learn what it was like to be part of a competitive team at this level and that just maybe the level of dedication and commitment required being a student athlete. Experience paves the way towards reaching higher goals and developing character and we hope each player will be able to take something positive from their participation as a member of this team.

COACH: MISS J. SMITH CAPTAINS: A. CHANNELL & B. BOLOURI

The junior girls basketball team had a very good year. The girls dominated most of their opposition throughout the regular season with a fast paced play that their opposition could not keep up to. With a record of eight wins and one 18-point loss to Galt early in the season, the stage was set for the girls' final regular season game in our own Amaron gymnasium. Our girls were mentally and physically psyched and played their best game of the season and although Galt was victorious by a mere 6 points, the girls put their hearts on the line and played with determination. At the ETIAC playoffs, the girls beat BCS and met up with our nemesis (Galt) in the championship game where Galt, once again, emerged victorious and the Stanstead junior girls finished a very respectable number two. This second place finish allowed the girls to travel to Chateaugay Valley to play in the Junior McLeod Tournament where they were the consolation champions. This group of girls had a great deal of heart. They played and practiced with a level of dedication to the game and each other that is to be commended. Congratulations go out to Junior "S" winners Vicky (the Gym Rat) Armstrong, Sarah (Consistency) Hunt, and Annie (Speedy) Thibault. Thanks to all the girls for an excellent season that was truly "Priceless".

First of all, I would like to say thank you to my team. Thank you for having given all of your heart and effort throughout the season. Of course when we all got together for the first practice, we knew that we had a lot of work to do ! A lot of learning I should say, because to me this season was about learning a new team sport. So there was a lot to learn : the shooting, the drills, organizing an offence, understanding the defence and the whole game. It was about learning but my main goal was, as the girls will remember me saying so many times, to have fun in each practice and in each game. Fun, fun, fun that was the word. Serious fun sometimes during intense moments in some games we played.

For the first time in the long history of Stanstead College, a Bantam Boys Basketball team competed in the ETIAC league. Although we had unremarkable record of 2 wins and 5 losses better days are ahead as the program improves its depth. The future looks bright as 6 of 10 members of team are eligible to play next year at the Bantam level. The highlights of the year were tight victories at home versus Richmond and Galt. Memories include first points, tough defensive stands, acrobatic lay ups, terrific player improvements, and a great bunch boys to travel with. Cesar Maillard and William (Wei-Yu) Chen were the team's Most Improved Players. Paul Chiu was the captain and the team's leading scorer and received a Bantam 'S' for his efforts.

Once a upon a time, in the deep blue sea, a quarter of young and proud dolphins coming from the seven seas met and decided to race against the fearless sharks. They were trained by two older sea mammals. The oldest was wise and experimented and the youngest learned a lot behind him. This gang of dolphins succeed and, after a long period of working, they arrived second in the E.T. championship. This comparison with dolphins explains the dynamics that we had on the swim team. The swimmers worked harder at each practice that we had and their improvement was amazing. Some of them didn't know how to dive and now they are able to dive like dolphins. It was not always easy because sometimes they were tired and sick. The 2001-2002 swim team learned an important thing, co-operation. They helped and they encouraged each other. Some of them learned how to lose with dignity. They also learned that when we lose, we learn about life and we gain experience. My first year coaching the swim team was a great experience, because I was surrounded by a beautiful team where everybody pushed their limits. Finally, I would to say thank you to Peter Channell who spent a lot of time to organise all the details for the swim team. Thank you for giving me a chance and for trusting me. Thank you to all the swimmers, because you did a very good job. This season will stay in my memories.

This year's squash team displayed class throughout the season. Madame Chartrand and Mr. Williams would like to thank the players for their dedication, sportsmanship and excellent motivation in the sport of squash. They excelled and were particularly prominent in overcoming challenges. We played against B.C.S., Champlain College and had an outstanding trip to the Mirabel Invitational in Montreal. The players gained valuable experience in the game and many have an authentic interest in continuing the sport at the university level. The players displayed patience with the building renovations, and as a result, found more time on weekends to keep practicing and improving their skills. They were a great group of students and we look forward to seeing some of them return in the forthcoming season. Congratulations to all players for a fabulous season and to Matt Hunt and Judy Lee for winning the top player awards. This winter has been aptly described as "on-again/off-again." While some people may have enjoyed such a mild winter, it obviously was not great for us cross-country skiers. However, we persevered and did the best we could under these conditions. We didn't have an opportunity to compete, but we worked on fitness, techniques, and skills. I think we would all agree that Mount Orford Park was the highlight of our Wednesdays, and playing soccer on skies without poles was the highlight of our training. It was my first time "coaching" cross-country skiing, and I couldn't have asked for a more cooperative and personable group. I was asked to give an award, but I couldn't think of any one outstanding person in this group - they all strove for gold, be it with their enthusiasm or desire to improve. Natalie - steadfast and dedicated. Carl - enthusiastic soccer skier and downhiller! Elisa - gotta love those occasional cold days; reliable as ever. Brad and Gabby - first-time skiers; perseverance. Eli - our youngest skate-skier. Devon - enthusiastic soccer skier and "music specialist!" You were a great bunch, and I hope you had fun. I applaud you all.

Fear

It lies so deep
 So deep in my thoughts
It comes to the surface
 When dreams are swept away
If only I could hold on
 For a moment longer
If I could just find
 Find that one part of me that stays strong
If I could pick it up
 Place it in my heart
I need courage
 I want it to find me
So I no longer have to search

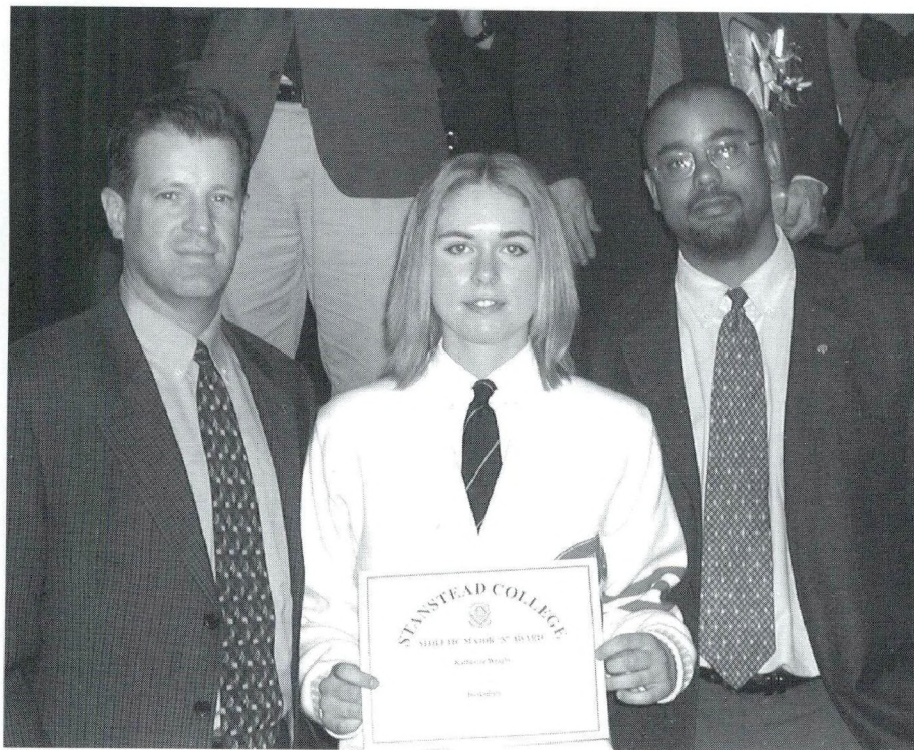

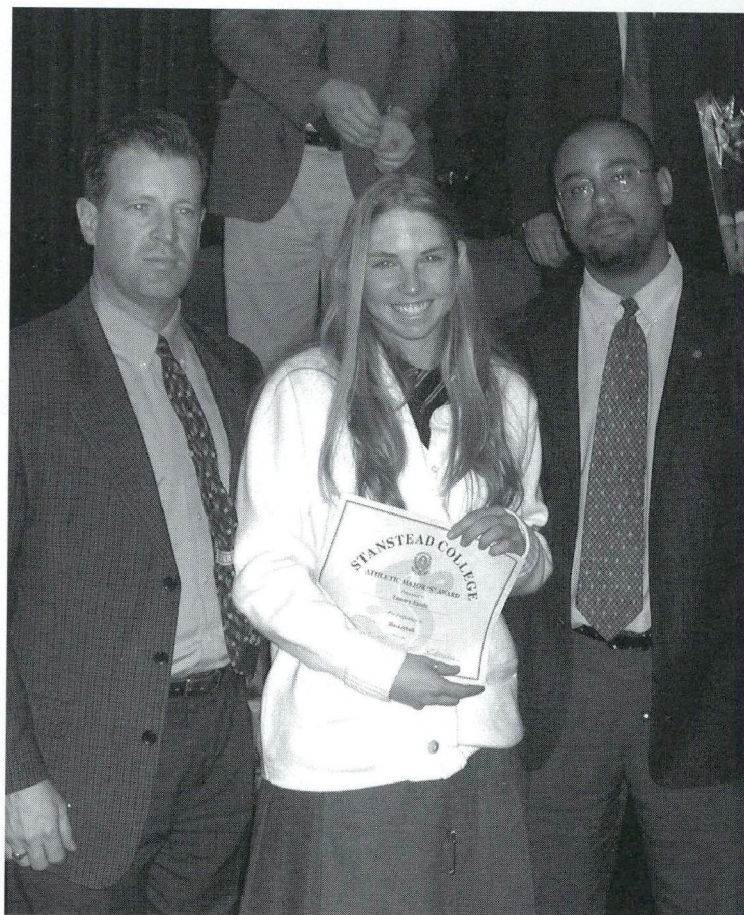

My arms are weak
 My legs can no longer hold me up
I have lost the courage
 I possessed for a second

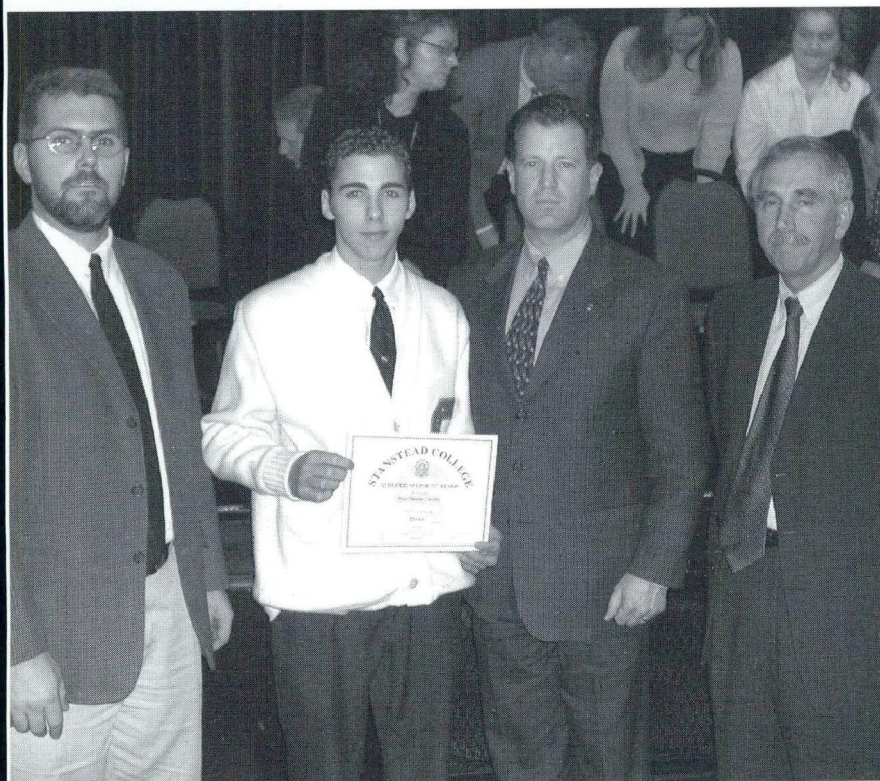

Fear stares at me
 Right in my face
My fear is fear.

WINTER ATHLETIC ASSEMBLY

Sr Boys' Rugby

COACHES: MR. M. SALKELD & MR. N. SOUTHWARD CAPTAINS: N. HOBBS & E. MOSELEY

An impressive record of eleven victories in sixteen games tells only part of the story of the senior boys' season. This squad of 26 young men took rugby to a new level at Stanstead College. They played an intelligent and sophisticated style and throughout the season showed that they could compete with anyone. Their drive to succeed and focus was clearly seen in practices as well as games. This team worked for one another, and their success was due to an unparalleled attitude.

The 2002 season started with an enjoyable, and very productive, trip to the Cherry Blossom Tournament in Washington DC. For many members of the team this was their first experience of rugby, and a record of 3 and 2 was well earned, as was the victory in the Bowl section of the tournament. This trip was memorable for more than the rugby. Playing on the Mall in downtown Washington is quite an experience, as is a fourteen hour bus ride.

This early season trip stood us in good stead for the CAIS National Tournament. Here the team saw its greatest achievements and its most heartbreaking moments. The highlight was a last gasp victory over TCS, the defending champions. Although we suffered very tight losses in our three other games, we had proved a point. We could compete against anyone.

Back in the townships the team maintained its record of winning every game against local opposition. The season culminated with two impressive victories against BCS, capping off this fine season.

Congratulations go to the Senior "S" winners Simon Lay, and Jeff Gray, and to the Major "S" recipients, Aaron Brassard, Jesse McRae, Andy Houck, Armando Cappello, Nick Hobbs, and Emmet Moseley who also won the Donald A. Ross Trophy for Excellence and Sportsmanship in Boys' Rugby. Our thanks go to all the team for their effort, attentiveness, competitiveness and geniality.

This was an other successful year for the Senior Girls rugby program. We had some challenging matches at our CAIS tournament but we learned a lot from them. We still managed to beat quite a few teams and we won the ETIAC championship four years in a row. That's hard to beat! Our season was filled with injuries (Thanks Mr. Houghton) but we managed to have fun and laugh, especially when somebody scored on the wrong try line or kicked a ball backwards! I am very proud that some of you are moving on and that you will keep playing at a higher level. I am moving on also but I have no doubt that you guys will be in good hands. I want to thank M. Phil Dunn (Fudd) for all his help and expertise, M. Scheib for helping me and my girls to become better backs, Richard, M. Grenier for doing an amazing job at the junior level and M. Simard and M. Macnamara for all that you do. I will miss you and thank you for making me a better coach. You are amazing! Remember girls, rugby is a game of life!

The 2002 edition of the bantam / junior rugby program represents the greatest level of interest in this sport in recent years. We were able to field teams at each age group independently with 18 players of bantam age and 15 juniors. Fortunately this abundance of players had an abundance of coaches to match. This revolving door cast included Mr. Shannon, Mr. Wells, Mr. Scheib, and (briefly) Mr. Jeff Stark.

The bantam team's record included a split with BCS, going 2-1 at the GMAA 7's tournament in Montreal and losing two very close, hard fought games against LCC. As for the juniors, the team won one and lost one at the GMAA 7's, split their matches against archrival BCS, learned a lot against Selwyn House, and taught the game to new players from the expansion club at Richmond Regional High School.

As always, everyone had to go through a considerable amount of learning themselves because of the numbers of players new to the game. While our results might have been mixed there can be no question that all involved grew a little more comfortable with the game and will be prepared for the rigors of the senior program. The experience that we gained throughout the season and in particular the mental toughness learned cannot be overstated. We have certainly come a long way in six short weeks and each player can be proud of their contribution to the team. All involved with coaching the team wish to thank all the players for participating and playing to the best of their abilities. Special mention to "S" recipients Theodore Creary and Mathieu Lemyre (bantam) as well as Jason Cowan, Eugene Petroskevitch, Rick Wan, and Rodrigo Villareal (junior).

I would like to begin this year's article where I left off last year: membership is a privilege. Everyone on the team knows it. You have to love the game if you are on this team. It is more than a game, it is a fellowship. It teaches us everything that is right in the world: support each other, don't be selfish, don't cut corners, work hard and then harder, take pride in going beyond what you thought possible, don't quit - just don't quit, be passionate and compassionate in other words help your opponent up once you have crushed them, and above all, the team is more than the sum of its parts. We continued our conquest of the greater Montreal and Eastern Townships area this year by beating every team who played us, outscoring them 165 to 10, and remaining undefeated in two years and 14 games since the team's inception last year. Not a bad record considering half the team was new. Congratulations to the "S" winners, you know who you are, but more importantly thanks for being a team. A real team.

COACHES: MR. C. WILLIAMS & MISS J. HEW

We would like to congratulate the entire team this year for their sportsmanship, excellence and especially their skills in working as a team. The players this year were simply a pleasure to coach and displayed all the qualities that one could hope for to represent our school. We played several matches against schools such as B.C.S. and Galt and proved ourselves to be strong competitors with many close matches and significant wins. It is great to see players work together in doubles and mixed doubles and develop within different formats of the game. We added a running and fitness component this year as well, and that contributed to the further quality of the overall program. A special recognition to Carla Morales and Bastian Bierman for winning the Tennis Shields in the 2002 season.

Fore.... A common word heard on the course this year... Although each member of this years team had a string of successes there was a balance among the team but also some inconsistency. Players who played well and had low scores early in the season found more sand than greens in later contests. All players could have been included in the starting rotation as there were only a few strokes separating all seven members on the team. Entering this years ETIAC we were determined to improve on our second place finish from last year. In each tournament a Stanstead player held the low score for the day but it was not until our own tournament did the team manage to win the low team score as well. In the end when all the birdies, pars and bogeys (and all other scores!) were totalled, Stanstead did indeed win the ETIAC championship by a mere 3 strokes. Paul-Thomas Lacroix led the team by posting the low score, and contributed to all three tournaments and was also the winner of the Golf Shield this year in our annual team competition. It was a close race for JS Rancourt was pushing him all the way until the rain drenched final holes. Seniors Brandon Forino and Shawn Iserhoff provided mature leadership while, Xavier Gauthier had clear bragging rights for lowest scores... JS Rancourt actually shot the low score, Landon Comeau had the biggest drive and a tournament low score (and then the high score!). Ronald Chang was able to hit excellent drives with great distanceno you cannot use the driver on the green. It was a good year, my thanks to all the members of the team for showing the coach how the game is played!! Not. I am looking forward to next year.... Fore.

Red bricks, red jackets and school spirit.
The girl in the red dress.
A leaf in the fall, drifting down onto the ground
Covered in blood,
Splattered from the blade of a shiny knife,
Reflecting the colours of the beautiful red sunset.
Cutting the wrong red wire,
Towers falling from the sky,
Fire hydrant,
Building burning to the ground burning to the sky and
Burning back the way land was
Before time itself began.

MARCH BREAK TRIP

“Coast to Coast” a Cross-Canada Tour by Train

A brave crew of eight students and three staff set out on Friday, March 15 for the adventure of a lifetime: crossing Canada from one coast to the other by train. The group departed from Montreal by plane to Halifax, where we met Mr. Chandler who acted as our guide for the next three days. While in Halifax, we visited the Citadel, the Titanic Museum, Peggy's Cove, and the area. We boarded the Via Rail Train on Monday afternoon for an overnight trip to Montreal, and had a brief van tour around some Montreal sights and some shopping time before departing Montreal for Toronto. Our hotel was in the entertainment district downtown and our visits the following day included the CN Tower, Skydome, Queen's Park, and the Royal Ontario Museum. On Thursday we departed Toronto for Winnipeg on the longest of our train trips, lasting 32 hours. While in Winnipeg we visited the Museum of Man and Nature where we learned a lot about the Hudson's Bay Company history, and we spent some free time in the historic Forks District. On Sunday we departed by train for Edmonton, and upon arrival boarded a rented van for our trip to Calgary. While in Calgary we visited the zoo and everyone had the chance to skate on the Olympic Oval. In Drumheller the next morning, we visited the Royal Tyrell Museum of Paleontology and then hustled to Edmonton where we saw an NHL game between the

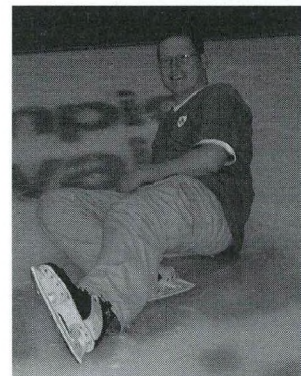

Oilers and the Blue Jackets at Skyreach Centre. It was a great show of Canadian hockey with a great crowd. The next day was one of shopping and leisure at the largest shopping mall in the world, the West Edmonton Mall. Then it was back on the train to Jasper for a few restful days in the Rockies. We then moved on to Vancouver and Victoria for the final three days, including a visit to Stanley Park and the Vancouver Aquarium. We flew home from Vancouver on Wednesday, arriving in time for the school bus returning with the rest of the students. It was a long journey but it was made fun and memorable by the people who were along. The group itself, including the staff, was dynamic and fun-loving. The students genuinely enjoyed the trip and were a pleasure to deal with for twenty days. We met many former teachers, alumni, and friends along the way who assisted us with planning and touring or joined us for a visit and a few laughs.

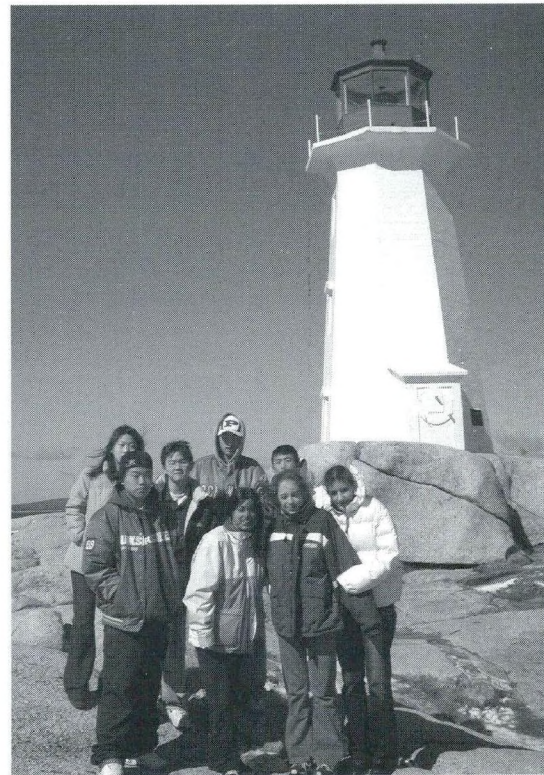

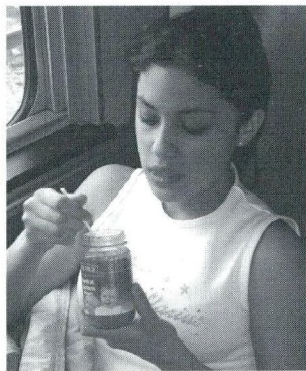

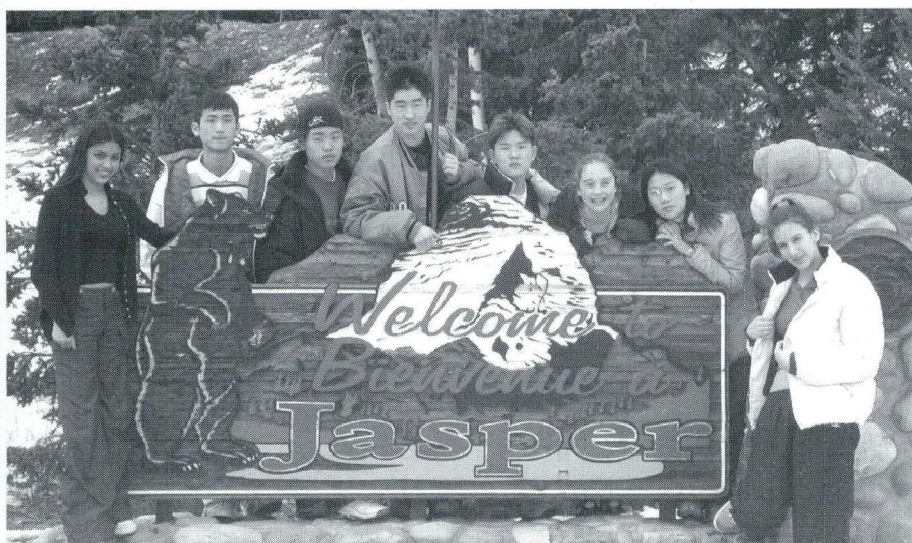

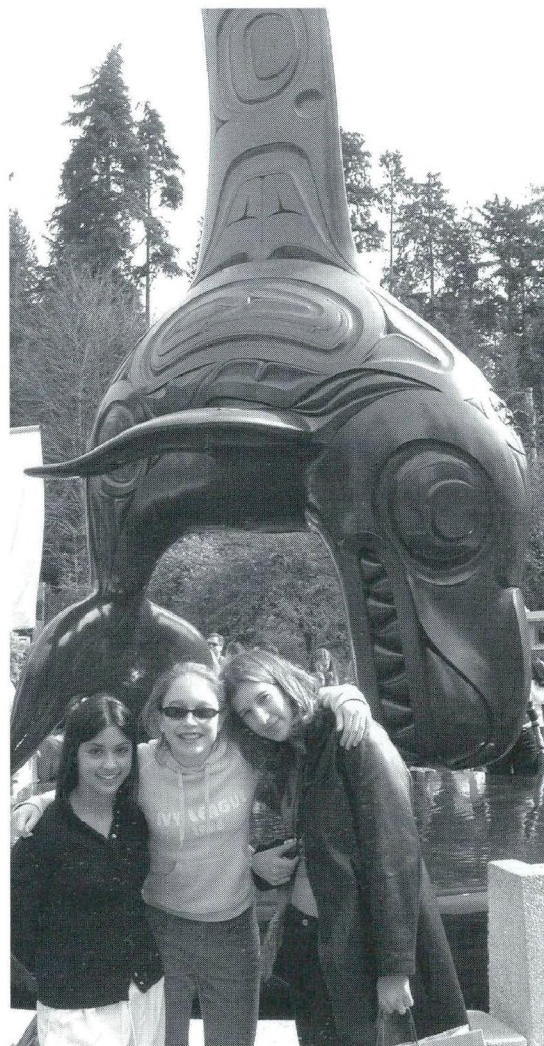

Some memories:

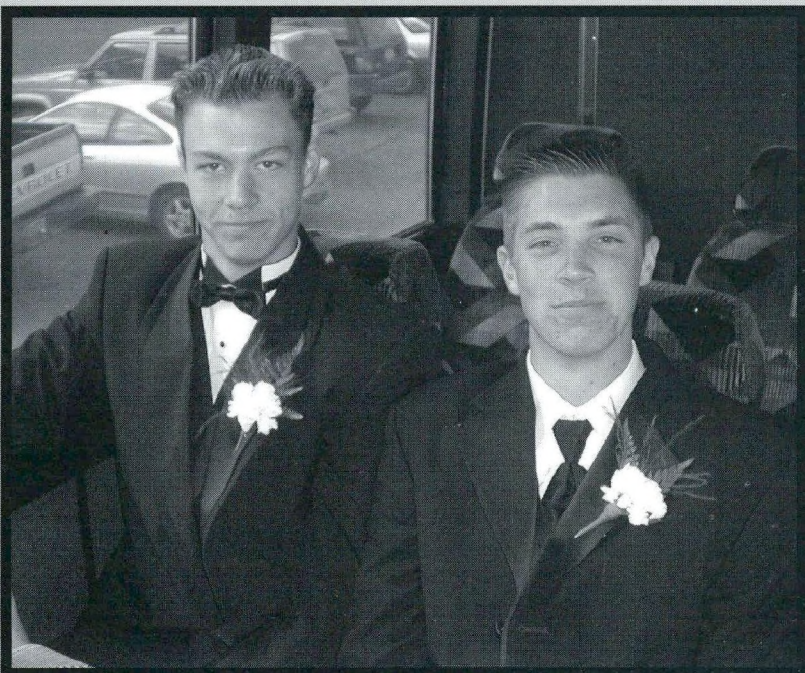

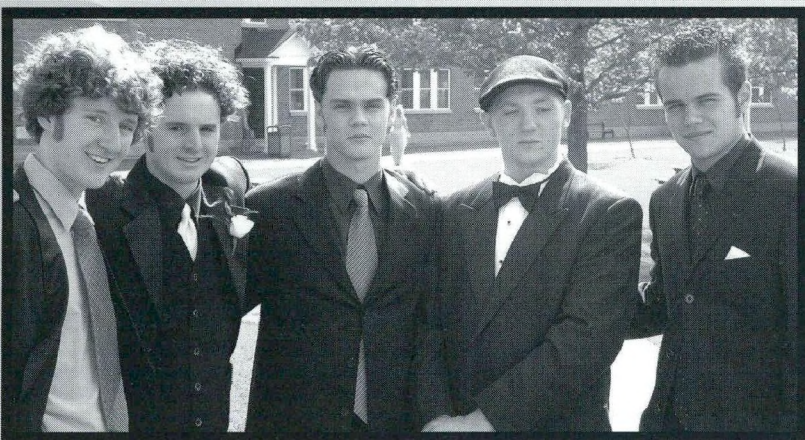

- Phil (Paddi) – errand boy who fell on his rear all the time.
- Leigh (captain) – laughs, vocabulary problems, thongs, and those active pets.
- Annya – phone calls and naughty girl outfit.
- Ximena with an X – always laughing (quietly) and singing.
- Kai and Sol – always together.
- Rick – wonder of nature, girls and nosh.
- Paul – chanting Subway, Subway, Subway.
- Seung Ki – crayons, rollerblades and toasters.
- Charlie Beara, Carla Bisona, Tookie, and Xasper Eleganza Beara-Bisona

PETER ASHWORTH

During the 1971-1972 school year I was, at the time, in my 3rd year as the House Director of Colby House. Stanstead was a boys only school and Colby House was home to 87 boys from Grades 9-12.....50 lived on the 4th floor and 37 on the 3rd. We didn't have assistant house directors in those days so I was basically on duty every evening, including weekends, for the entire school year and after 3 years I had had enough. I had actually tried to get out the year before but the headmaster at the time asked me to stay on until he could at least find someone that could do the job. Then in the Spring of 1972 the headmaster told me that he had found someone he felt would be an adequate replacement and that this person had been offered a contract. Before this new guy would sign his contract however, he wanted to know a few things, one of which was the layout of the apartment where he would be living. I drew up an amateur floor plan with all kinds of measurements and the headmaster sent it off. Sometime later I found out that the "new guy" had agreed to his contract and subsequent to that I received a thank you note for the floor plan that I had done for him. The note was signed Peter F. Ashworth. Little did I know at the time the friendship that would develop between Mr. Ashworth and myself over the next 30 years and the impact he would have on the Stanstead College Family.

If I were to ask you (as students) what words came to mind when I mentioned Mr. Ashworth, some of you might describe him as a physics fanatic or a math maniac. Some of you might say he was a great advisor or a great teacher. Some of you who know him better might even add that he was very passionate about the welfare, success, and happiness of the students who attended Stanstead.

If I were to ask former students the same question, I can assure you that not only would they agree with you but would add a few more things such as, "I would never have made it through Stanstead College if it hadn't been for Mr. Ashworth" or, "I never passed a mathematics or physics course in my life until I had Mr. Ashworth as a teacher" and, many Stanstead graduates that I know would more than likely change

your words from "great" advisor and "great" teacher to best advisor and best teacher.

If I were to ask members of the faculty (either past or present) to describe what they thought of when I mentioned Mr. Ashworth you would most definitely hear an incredible list of compliments directed at his all around contribution to Stanstead. But you might be surprised to learn that some faculty would also have thrown in references to such things as firefighting, electricity, and the Big Brothers' Association of Canada.

As you know, Mr. Ashworth is retiring from his 30 years full-time connection with Stanstead College. I want to take a few minutes of your time to fill you in on his career in education and to recognize him for dedicating the majority of his life to our school. During the years that Mr. Ashworth was still involved in firefighting, students and staff affectionately gave him the nickname of "Smokey" but this name more or less disappeared over the years and was replaced with what most of us call him now, simply "PFA". By the way, did any of you ever wonder about Mr. Ashworth's middle name? About what the "F" stood for in Peter "F" Ashworth? Me too.

Believe it or not, Mr. Ashworth started out as a child. He was born in Montreal in the middle of the Second World War. He completed Grades 1-4 at Roslyn School in Westmount, Quebec before heading off to boarding school at, are you ready for this, Bishop's College School in Lennoxville for Grades 5-9, learning a lot about boarding school life in the process, and completed Grades 10 and 11 at Westmount High School. (The Concordia University in Montreal that most of you are aware of was only founded in 1974 as the result of a merger between what was then Loyola College and the only other English university in Montreal besides McGill, Sir George Williams University.) Following high school Mr. Ashworth enrolled in the Bachelor of Science program at Sir George Williams University where he completed 2 years of his degree.

While in university Mr. Ashworth worked in the summers as an apprentice electrician and decided to take a year off from school to pursue his interest in electricity. The following year he returned to Sir George where he ran into a former math teacher of his who also happened to be on the faculty of Selwyn House School in Montreal. He convinced Mr. Ashworth to do some tutoring and this led to Mr. Ashworth taking a full-time teaching job at Selwyn House. He was 22 years of age, earning the staggering salary of \$4000 a year, and was very content to be fully employed and living with his parents in Westmount. Following the death of his father in 1967 he and his mother moved to Dorval and it was here that Mr. Ashworth would be introduced to what would become another of his passions for many years to come, firefighting and rescue. After much training he became a member of the Dorval Fire and Rescue Unit and, in conjunction with the Boy Scouts, was able to inaugurate a junior firefighters program that he would later introduce at Stanstead College. In fact, during the years Mr. Ashworth has been at Stanstead he was a lieutenant in the Stanstead Fire Department for 4 years, a captain for 5 years and deputy chief for yet another 5 years. The junior firefighters program he began at Stanstead was actually our first real involvement in community service. About 30 students overall participated in the program and they attended practices and did the same work as the regular firemen. There was even a special code on the school bells and students would leave class immediately whenever a fire call came in and often they were in the front lines until the full compliment of adults arrived. Many of the firemen and on lookers too found it rather interesting when they arrived at the scene to see young men wearing shirts and ties under their fire coats. And, if a fire call came in during the middle of the night or the wee hours of the morning, the House Directors would drive the students to the fire. On a personal note, my son was in Mr. Ashworth's advisee group while he attended Stanstead and he became a very active member of this group. Mr. Ashworth's passion certainly rubbed off on him as today, while he is not a fireman, he is enjoying a very successful career in emergency rescue and emergency medicine in Colorado. Both he and I are very grateful for the encouragement and guidance Mr. Ashworth gave to him.

After 5 years of teaching at Selwyn House Mr. Ashworth moved to Guelph, Ontario to continue his university education. Knowing by this time that he definitely wanted to pursue a career in teaching he enrolled at the University of Guelph, not in science as you might expect, and graduated instead with a degree in Sociology and Child Psychology. In Guelph he joined the University of Guelph Fire Department to help pay his way through university and was also introduced to another organization that would bear witness to Mr. Ashworth's dedication to helping others, the Big Brothers' Association of Canada. He became actively involved in this association by not only taking on a "little brother" of his own but by becoming a caseworker assigned to the welfare of 10 families. His role with the Big Brothers Association led directly to his working with the local police departments and the juvenile courts where, in his own words he "received one of the best educations I could ever get." Incidentally, Mr. Ashworth's "little brother" moved out west and they lost contact with each other until they were recently reunited after Mr. Ashworth found out that he had moved back to Guelph. Mr. Ashworth was more than pleased to learn that his "little brother" had gone on to have a very successful career and marriage.

Then, in 1972, Mr. Ashworth signed a one-year contract to work at Stanstead College. He had already made plans to work in the Registrar's Office at the University of Guelph beginning the following September and was only looking for a one year teaching position to fill the void. Well, as they say, the rest is history as its 30 years later and Mr. Ashworth is still with us. Stanstead College became Mr. Ashworth's adopted home and a school that he came to love. In Mr. Ashworth's words, "In the past 30 years it has been a privilege and a pleasure to be part of a strong team of dedicated teachers who have

taken Stanstead College from having a poor reputation to a school that is talked about well in many corners of the world.”

As a product of the boarding school system, Mr. Ashworth was well aware of the work and dedication required to make a meaningful contribution to the students and the school and during his years here he has worn many hats. While he has done far more than I could ever list here, please allow me to outline the highlights. He was the House Director of Colby for 1 year when it was a senior boys residence and for the next 8 years as a dorm for junior boys. For a number of years our Junior School was operated somewhat apart from the Senior School and during that time Mr. Ashworth was both Director of the Junior School and the Junior School House Director. His experience and dedication to residence life led him to becoming the Chairman of the House Directors Committee at the school, a position where he offered his expert advice and support and counseled younger and newer faculty in the nuances of residence living. And talk about dedication to residence life, you will be amazed to learn that, including both Colby and Bugbee residences, Mr. Ashworth was a House Director for 19 of his 30 years here. He went on to become the Dean of Students, the Dean of Boys, and is currently the school's Senior Teacher. As a teacher he is best known for math and physics where Mr. Ashworth will stop at virtually nothing in order to make you succeed in spite of yourself but for a number of years he also taught the Introduction to Technology and First Aid courses in Grade 9.

Residence life, administrative roles, and teaching play a major part in the life of a teacher at Stanstead. But athletics do too don't they? Perhaps you are wondering if Mr. Ashworth ever coached at Stanstead and the answer is, you betcha! From 1972-1984 Mr. Ashworth coached the bantam hockey team and with great success. At one point his team was playing in 3 separate leagues and were playing close to 40 games a year. He won back-to-back championships in the local league involving teams from both Canada and the United States, coached the first Stanstead College bantam team to ever defeat Alexander Galt, and earned more than 100 victories in his coaching career. And, win or lose, Mr. Ashworth's teams had a great reputation for both their outstanding positional play and good sportsmanship.

One of Mr. Ashworth's greatest legacies to the school might well be the result of his takeover in 1984 of the "Spectrum", the school's yearbook. Within two years of his taking over he had completely changed the entire yearbook from a mediocre production of less than 100 pages with parts of the school year missing into the yearbook we are now so proud of at Stanstead, a book of over 200 pages featuring the history of the entire school year, coloured photos, an entirely new look, and even winning acclaim for several of the cover designs. It will certainly be a challenge in the future to maintain the standards he has set down in the yearbook office.

Most of you know that Mr. Ashworth has an apartment in Bugbee House but you may or may not know that his main residence is a beautiful home located on Lake Memphremagog in Newport, Vermont and where he spends his summers. While there he met and became good friends with some neighbours from New York, a Mr. and Mrs. Iggy Darson who had owned a cottage on the lake long before Mr. Ashworth moved there. As it turns out they had a daughter, Sue, who Mr. Ashworth met for the first time in 1976 and on July 23, 1983 they were married. For those of you who have the good fortune to know Mrs. Ashworth you will know that she is an extremely friendly, kind, generous, and warm-hearted person with a delightful sense of humour. It's not surprising that Mr. and Mrs. Ashworth are married in that they have both dedicated their lives to helping others. Mrs. Ashworth travels all over Vermont to help students who have learning disabilities and handicaps and to work with the teachers who are helping them. It's also not a surprise, then, that in 1992 Mr. and Mrs. Ashworth took in a foster son, Robert, who was 10 years old at the time. Robert had severe dyslexia and they were told that he would never graduate from high school. You'll be happy to know that Robert, against all odds, did in fact graduate from North Country Union High School in Newport, Vermont in June of 2001 and Mr. and Mrs. Ashworth have expressed that they "will be forever grateful to the team of educators at North Country Union High School for helping Robert to succeed." And you can only imagine the support that Robert got from his foster parents.

I asked Mr. Ashworth to take some time and think of a couple of significant changes that he has seen during his years here. He barely hesitated and told me that (1) refusing government grants to allow the international flavour of our school to continue and (2) returning to a co-ed status were the two things that immediately came to his mind, both of which he fully endorsed and truly believes have helped the school tremendously.

When asked if he was looking forward to retirement I got an emphatic yes! When asked if that would be the end of his association with Stanstead I received an emphatic no! Mr. Ashworth has agreed to continue working in the school archives and will more than likely do some tutoring in the evenings.

We jokingly refer to the students at Stanstead who have been here for 6 years (Grades 7-12) as lifers. Well, it took Mr. Ashworth 30 years, but at the Annual Baccalaureate and Prize-Giving on June 22nd he will also be among those finally graduating from Stanstead College. Now that's a lifer! Words can never adequately say enough when anyone has devoted their life to a school and its students but on behalf of everyone seated in this room and the legions of students and parents who have had the good fortune to have had their lives touched by Mr. Ashworth, I salute you and thank you. You have been the epitome of the word dedication and for all of your years of going far above and beyond the call of duty for your adopted home, I wish you and Sue the very best in your retirement. I don't know how you as students feel about Mr. Ashworth but I will tell you this. There are many, many people connected to Stanstead College who are proud to say that Smokey, or PFA, or Mr. Ashworth is their friend. Oh, I almost forgot, are you still wondering what the middle initial "F" stands for in PFA? I will now unravel the mystery.....it's FIELDEN!

Address given to the School Assembly in Pierce Hall by Mr. Brian Denney on the occasion of the retirement of Mr. Peter Ashworth, Friday, June 7th, 2002.

JULIE MILLIARD

Julie Milliard was hired in early July 2001. She was then working as a custom's agent at the Stanstead Border when a few teachers, crossing back from the US, realized that she was a teacher also. They convinced her to apply to Stanstead College. The rest is history.

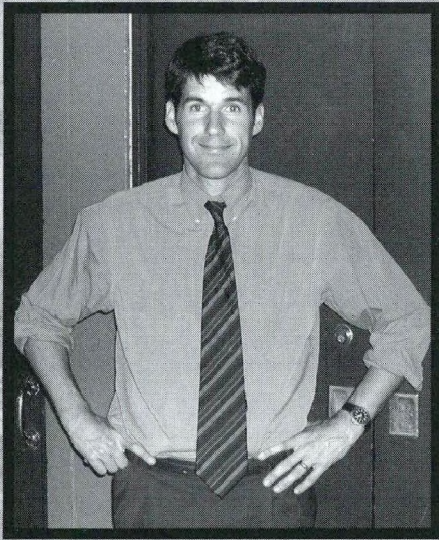

Right from the start, her enthusiasm was noticed by the students in the classroom as well as on the field. She co-coached the senior girls soccer team with Erik Van Dyke, and they had a very successful season. Madame Milliard really demonstrated her coaching skills while coaching the bantam girls basketball team. Basketball being her game, she loved every minute of it, so did her girls. Julie was also a TOD in Colby house. All appreciated her presence. The girls absolutely loved her.

Julie easily became part of the Stanstead family with her smile and her willingness to take part of the fun.

She is moving to Montreal to finish her master's degree in Human Resources. We wish her the best of luck and we all hope that she comes back to visit us. We will miss you.

NORMAN SOUTHWARD

Norman Southward came to Stanstead in 1991 as a French teacher. Gradually, as new teachers came into the school, he moved over to the humanities department full time. He also was an Assistant House Director in Bugbee House for his first two years at Stanstead. In recent years, Mr. Southward taught history and political science and had a real love of the classroom. With regard to athletics, Mr. Southward started with the Bantam Boys Soccer and he also was a very competent and enthusiastic coach of Junior and Senior Boys Rugby. Mr. Southward also was a faculty supervisor for the Debating and Public Speaking Club. He also had a great love of the outdoors which he pursued through Kayak Club and various other outdoor running and hiking adventures. Mr. Southward coordinated the school's application process to receive accreditation from the New England Association of Schools and Colleges. This was a huge task involving groups including students, teachers, parents and staff answering questionnaires, meeting, and finally publishing a complicated document under his guidance and leadership.

In 1998, when former Headmaster Gallant pre-planned his retirement for the end of the 1999 school year after twenty years in the position, he decided to re-create the position of Assistant Head in order to have some continuity between his years and the appointment of a new Headmaster. The job description suited Mr. Southward well: professional development, carrying out the NEASC study, and running the school on a daily basis. Mr. Southward has spent the last four years in the Assistant Head position. He has brought an incredible work ethic and dedication beyond call to this job. He looked after so many key portfolios and kept adding more and more tasks to his workload over the years. He has spent countless hours at school, has dealt with many crises, and has always been a quiet yet effective leader at the school. Mr. Southward combines the best qualities of professionalism, unflappability, common sense, and integrity. He is a dedicated administrator without parallel and yet he still has managed to maintain a positive and cheerful outlook on life in general and life at the school.

Norman moves on to his new appointment as Headmaster of Neuchatel Junior College, a CAIS school in Switzerland this summer. Stanstead College will miss Norman Southward and his family. During his time at Stanstead, he married Anna Rumin and they have been blessed with the arrival of two children (Tamara and Edward). This has been a superb place for them to raise their family. Their family home has been the Eastern Townships, and they have purchased a cottage on Lake Memphremagog and plan to return to spend their summers in the Townships each year.

On behalf of the many students and staff (both past and present) who have come to know you and your family over the past eleven years, thank-you for all you have done, good luck with your new appointment, and we look forward to communication and visits often.

Respectfully,

Mr. Andre Simard

EMILIE SIMARD

Four years ago Emilie Simard arrived at Stanstead College a fresh-faced, eager new teacher ready to take on what lay before her. She was hired to teach French in the languages department. Perhaps a bigger challenge was that of being the Assistant House Director for the junior boys in Bugbee House.

While Miss Simard had come from a large family in St. Lambert, Bugbee House was bigger. Her many years as a camp counselor in New England served her well as that experience could be transferred to her new role. Throughout her 4 years in Bugbee, Emilie worked with Mr. Simard for one year and Mr. Wells for the last 3. She was tough with the boys but renowned for her softer, more domestic side. There are very few Bugbee boys who will look back on their time here and not remember Miss Simard's famous Banana-Chocolate Chip muffins.

On the academic front, Miss Simard taught French at all levels in the languages department. Her enthusiasm and love of the language was evident and spilled out of the classroom as she helped the Langue Maternelle students further understand and appreciate the intricacies of their own language as well as teaching students who had never had a French lesson in their lives. Emilie didn't stop teaching French in the classroom. French lessons continued in conversations during lunch with the students at her table as well as on long bus and car trips helping students, and fellow teachers alike, to read billboards along the highway.

Like many new teachers at Stanstead College, Emilie was given the task of being in charge of the winter intramural program in her first year. While she enjoyed the afternoons of broomball on the outdoor rink and basketball at Sunnyside, she was ready when asked to be the first coach of the girls' hockey team.

Despite having never played the game before, Miss Simard had been an active hockey fan growing up which served her well in her understanding of the game, her ability to help the girls to become better players and to develop them into a team.

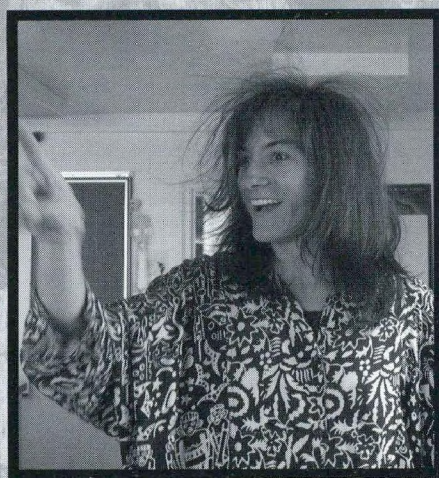

As much as she enjoyed the hockey program, spring was Miss Simard's time to shine as a coach. We all know that Rugby is her first love having played it for 7 years before coming here, and her record as a Rugby coach speaks for itself. In her first year here, she organized a trip to England so that the girls could get experience playing other competent teams before their season began. The senior girls' rugby team won the E.T.I.A.C. title each and every year that she was involved. With the support of the girls with whom she worked, she turned the group of young ladies she coached into a well-oiled machine that functioned as a single unit on the rugby field.

In her final year at Stanstead College, Emilie took on the new role of Assistant Director of Student Life. In this position she did many of the things that she had already been doing – with a title. She organized orientation in September, study baskets, the school yard sale, social events for the school, and assisted Mr. Van Dyke in the administrative aspects of his job as the Director of Student Life.

Throughout her time here, Miss Simard has been a dynamic, involved, and enthusiastic member of the Stanstead College community. We wish her all the best as she answers the call to the bright lights of the big city and returns to Montreal to teach at West Island College. Although she will be missed on a day-to-day basis, we know that the road to Lachine is not a long one, and it will be very well traveled in years to come.

-Julie Smith

KIM SILKAUSKAS

Stanstead College was fortunate to have the services of Ms. Kim Silkauskas for the 2001-2002 school year. A native Montrealer, Kim came to Stanstead after years of teaching overseas, her latest stop in Turkey. Kim was the Assistant House Director in Colby, and a wonderful addition to the Math-Science Department.

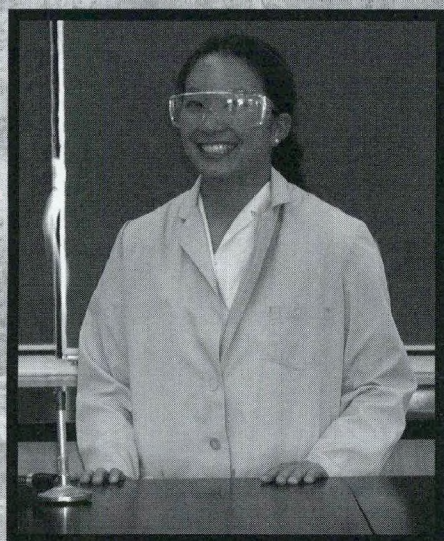

Kim is a very demanding teacher, who always forces her students to go one step farther than they have in the past. They stretch themselves and come out feeling good and excited about what they have learned.

Kim also coordinated a very successful year of Science Fairs, with both the Junior and Senior Fairs seeing some amazing and innovative projects presented. The Cross Country ski team learned new techniques and skills at Ms. Silkauskas' hand, and the Outdoor Education Club participated in a number of one-day and overnight trips.

We will be sad to see Kim leave, but family calls, and she will be moving closer to home. We wish her all the best, and know that the lessons learned by her students reach farther than the classroom-she has taught skills and habits that will last a lifetime.

-Lisa Smith

JANICE HEW

Janice Hew came to Stanstead College in 1999 as a specialist in senior chemistry. She had just graduated from Queen's University and was eager to make a difference in her first job. It did not take long for her to have a positive impact on our school.

That first year Janice taught all of the chemistry at Stanstead. She did this with enthusiasm and diligence. Unlike most people, she loves chemistry, and this is very evident in her teaching. Her passion for her subject is contagious, and her students appreciate the efforts she has made to make chemistry as meaningful and interesting as possible for all concerned. In subsequent years Janice taught Math as well, and did this with great competence and dedication.

There is however much more to life here at Stanstead College than the classroom, and that is where Janice has truly excelled. Over the course of the last three years, Janice Hew has made it her personal mission to be as involved as humanly possible in the life of the school. Perhaps the clearest indication of this was her decision to become Assistant House Director in Webster after her first year. Most staff members, after having seen what is expected of a House Director, would never accept a residential position. Not only did Janice accept the position, she asked for it. She wanted to better understand what this place is all about, and in her two years of Assistant Directorship she has been a valued confidant and older sister figure for the senior girls. For many it is in this role where she had the greatest impact and will be the most missed.

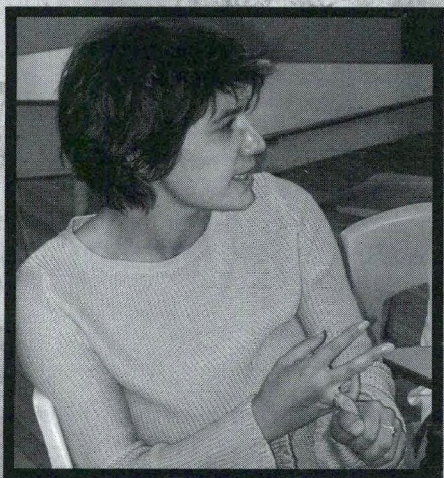

Janice is one of that increasingly rare breed, a true private school person, who constantly looks for ways to enhance the lives of the students, especially the boarding population. She has been a dedicated fan at all Stanstead athletic events, and enthusiastically attended all the school's social functions. She has overseen trips to New York City and Toronto, ski trips, movie trips, shopping trips, camping, and white water rafting overnights. She has coached cross country running, and tennis, and in her first year she made a huge impact in rejuvenating the winter intramural program.

Basically, Janice has given almost all of her free time to the school over the last three years. She has given countless tutorial sessions, conducted SAT preparation course, and prepared students for Math contests. So strong is her commitment to making the life of the students better, Janice has not only eagerly volunteered for things that the rest of us avoid, but has created new events on her own. Most importantly of all, Janice has done all of these things for the right reasons; for the kids.

Private schools need teachers like Janice Hew, and we are sorry to see her go. The students and staff appreciate all she has done in her all-too-short career here, and wish her good luck in the future. Keep in touch!

-Erik Van Dyke

GRACE MAZZOCCA

Ms Grace Mazzocca joined the College in September 2001 after a year at Sunnyside and an eclectic background of experience that included studying and teaching overseas in Britain, Japan and Indonesia as well as having worked for Alliance Atlantic Productions and Sony Music Canada. She took up residence, with her husband, Mr Shawn Malley, in the Farmhouse West and became actively involved in all aspects of school life as a teacher of English and Geography, director of the Grade 9 play, Advisor, soccer coach and coach of Debating & Public Speaking, as well as one of the duty teachers in Colby House. Unfortunately, health problems confronted her in the weeks before Christmas, which prevented her from returning to work in the New Year. We are sorry to lose her considerable talents, trust that she will continue on the road to a full recovery and wish her, and her husband, every success in the future.

MARK SALKELD

In the Spring of 1999, Mr. Salkeld was interviewed by Mr. Gallant and Mr. Van Dyke by phone from England and was offered the job of Mathematics/Economics teacher at Stanstead without his ever having set foot on campus. The chance they took paid dividends for the school. Mr. Salkeld ('trus') wanted to move to Canada to be closer to his wife Suzanne who is a professor of law at the Universite de Montreal. Despite the language barrier evident from his first days/weeks/years here, students soon came to understand him and, more importantly, to understand his work ethic and expectations of students. His intellect was easily discernable, but his wit and true sense of all aspects of private boarding education have emerged over time and have made him one of the few real leaders at the school despite his relatively short time here.

Mark was a residence person with experience which made for a nice transition to his role as Assistant House Director of Davis House. He and Mr. Chandler formed the dynamic duo of Davis and maintained a high standard of behaviour for the boys to follow. In this his third and final year at Stanstead, Mr. Salkeld took over as House Director of Davis. He also became the Department Head of Mathematics/Science, a role which allowed him to show leadership and use his logical thinking process. These two positions, combined with his teaching load

and coaching two senior sports, made Lutz a very busy man around campus. In terms of extra-curriculars, Mr. Salkeld was the founder and supervisor of the Classic Films club. 'Nuff said.

Mr. Salkeld (Pele) coached boys' soccer - first the Bantams and then (mercifully) the Seniors. He also coached the Senior Boys' rugby with Mr. Southward and brought a profound experience base, knowledge of the game, and passion for the sport to the pitch each day. (His sure-footedness on the sports field was only surpassed by his lightness of foot on the dance floor.) He led the Senior Boys' to an ETIAC Soccer Championship in 00-01, and an ETIAC Rugby Championship this past season.

While here, Mark and Suzanne were blessed with the birth of young Emma. For Mark's first two years here, he and Suzanne had maintained two residences due to their jobs. For the third year, Suzanne was here during her maternity leave. Suzanne returns to her job in Montreal this fall, and Mark has accepted a teaching position at a Montreal private school, L.C.C., in order to allow the family to live and grow together. So, after living in the unique campus "fishbowl" this past year, Mark and his family will move together to their new home in N.D.G. this summer. After three great years, the Lutz family moves on. All three Salkelds have made their presence felt on campus. They will be missed by us all. Fortunately, they will not be too far away (a mere 150 kyll...kelomi...kilomomo...kilometers to the west) and visits - both ways - will be frequent.

With much love and respect...as yet another Snowbird peels off out of formation...

ANNIE IVANS

&

GILLIAN SKELTON

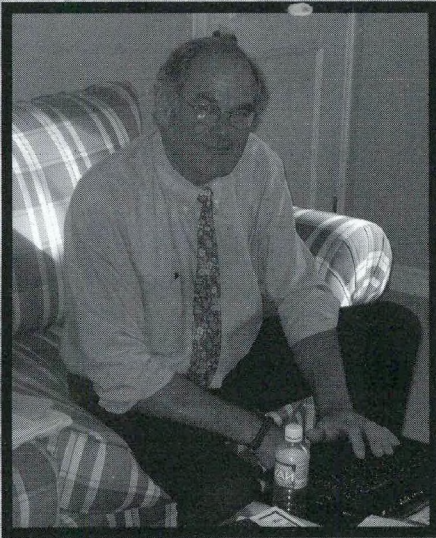

Annie Ivins came to Stanstead as part of the GAP Programme based in the United Kingdom. Living in Webster House she rapidly became acquainted with the students and routines of the school, assisting in the areas of Art, Athletics, Drama, E.S.L., Music, the Choir and many recreational activities and outings. One of Annie's passions is the Theatre and she became a tireless Stage Manager, Assistant Director and understudy/actor in *The Creature Creeps*. As well as being innovative and patient in her work with E.S.L. students, she also did journeyman service in the Art Department. Quiet, with an ever-present smile and willing disposition, she endeared herself to Faculty and students alike. Unfortunately, personal circumstances prevented her from seeing out the entire year but her experience at Stanstead was instructive and memorable.

Gillian Skelton spent a brief period at Stanstead in the Fall Term, assisting in the Modern Languages Department, as well as with Art, Drama and Athletics. She accompanied a number of recreational and co-curricular outings, demonstrating leadership qualities. She forged relationships with the other GAP/ESU students and remained in contact with them after her return to the U.K. at Christmas.

KIT SKELTON

After almost fifteen years of service to the college, we bid farewell to Kit Skelton as the school's Business Manager. Opportunity knocked at Mr. Skelton's door late in the Fall when the administration at Bishop's University sought an experienced facilities and plant manager. In moving to his new position, Kit will bring with him ample expertise in facilities management and he is sure to face a host of new and interesting challenges in the Quebec university environment.

As a professional engineer, Kit was particularly skilled at overseeing construction and project management. In addition to the daily demands of his position, he was the school's eyes and ears during the construction of Webster House for senior girls and the renovation of Colby science classrooms. More recently, he coordinated a host of projects that included the renovation of several classrooms, the implementation of a new computer network throughout the school and the renovation/improvements made in the Reading room and each of the four residence common rooms. Last summer, Kit was the primary coordinator of the reconstruction of the Student Centre, a \$1.2 million project that was officially opened in November.

Throughout his years at Stanstead College, Kit also worked closely with the Board of Trustees, in particular the Finance and Property committees. We are thankful for Kit's contributions to Stanstead College and wish him well as he undertakes new challenges.

BEN FLANDERS

Ben started working for the college in October 1996. He was hired mainly for his expertise in electricity, and was able to get the school "back on track", with updated electrical components and an emergency electrical generator system.

He was assistant director of the maintenance department and performed all maintenance duties. He took his job very seriously, and did all jobs to the best of his ability.

In January 2002, he succumbed to a long history of heart problems and died of a major heart attack. Ben will be missed by all those who worked with him and knew him.

-Mike Seguin

STAN LANG

Stan started working for the college in May 1983. He performed all maintenance duties with pride and care, and 19 years later, he continued with the same work ethic. Stan got along with everyone: fellow workers, students, teachers and staff.

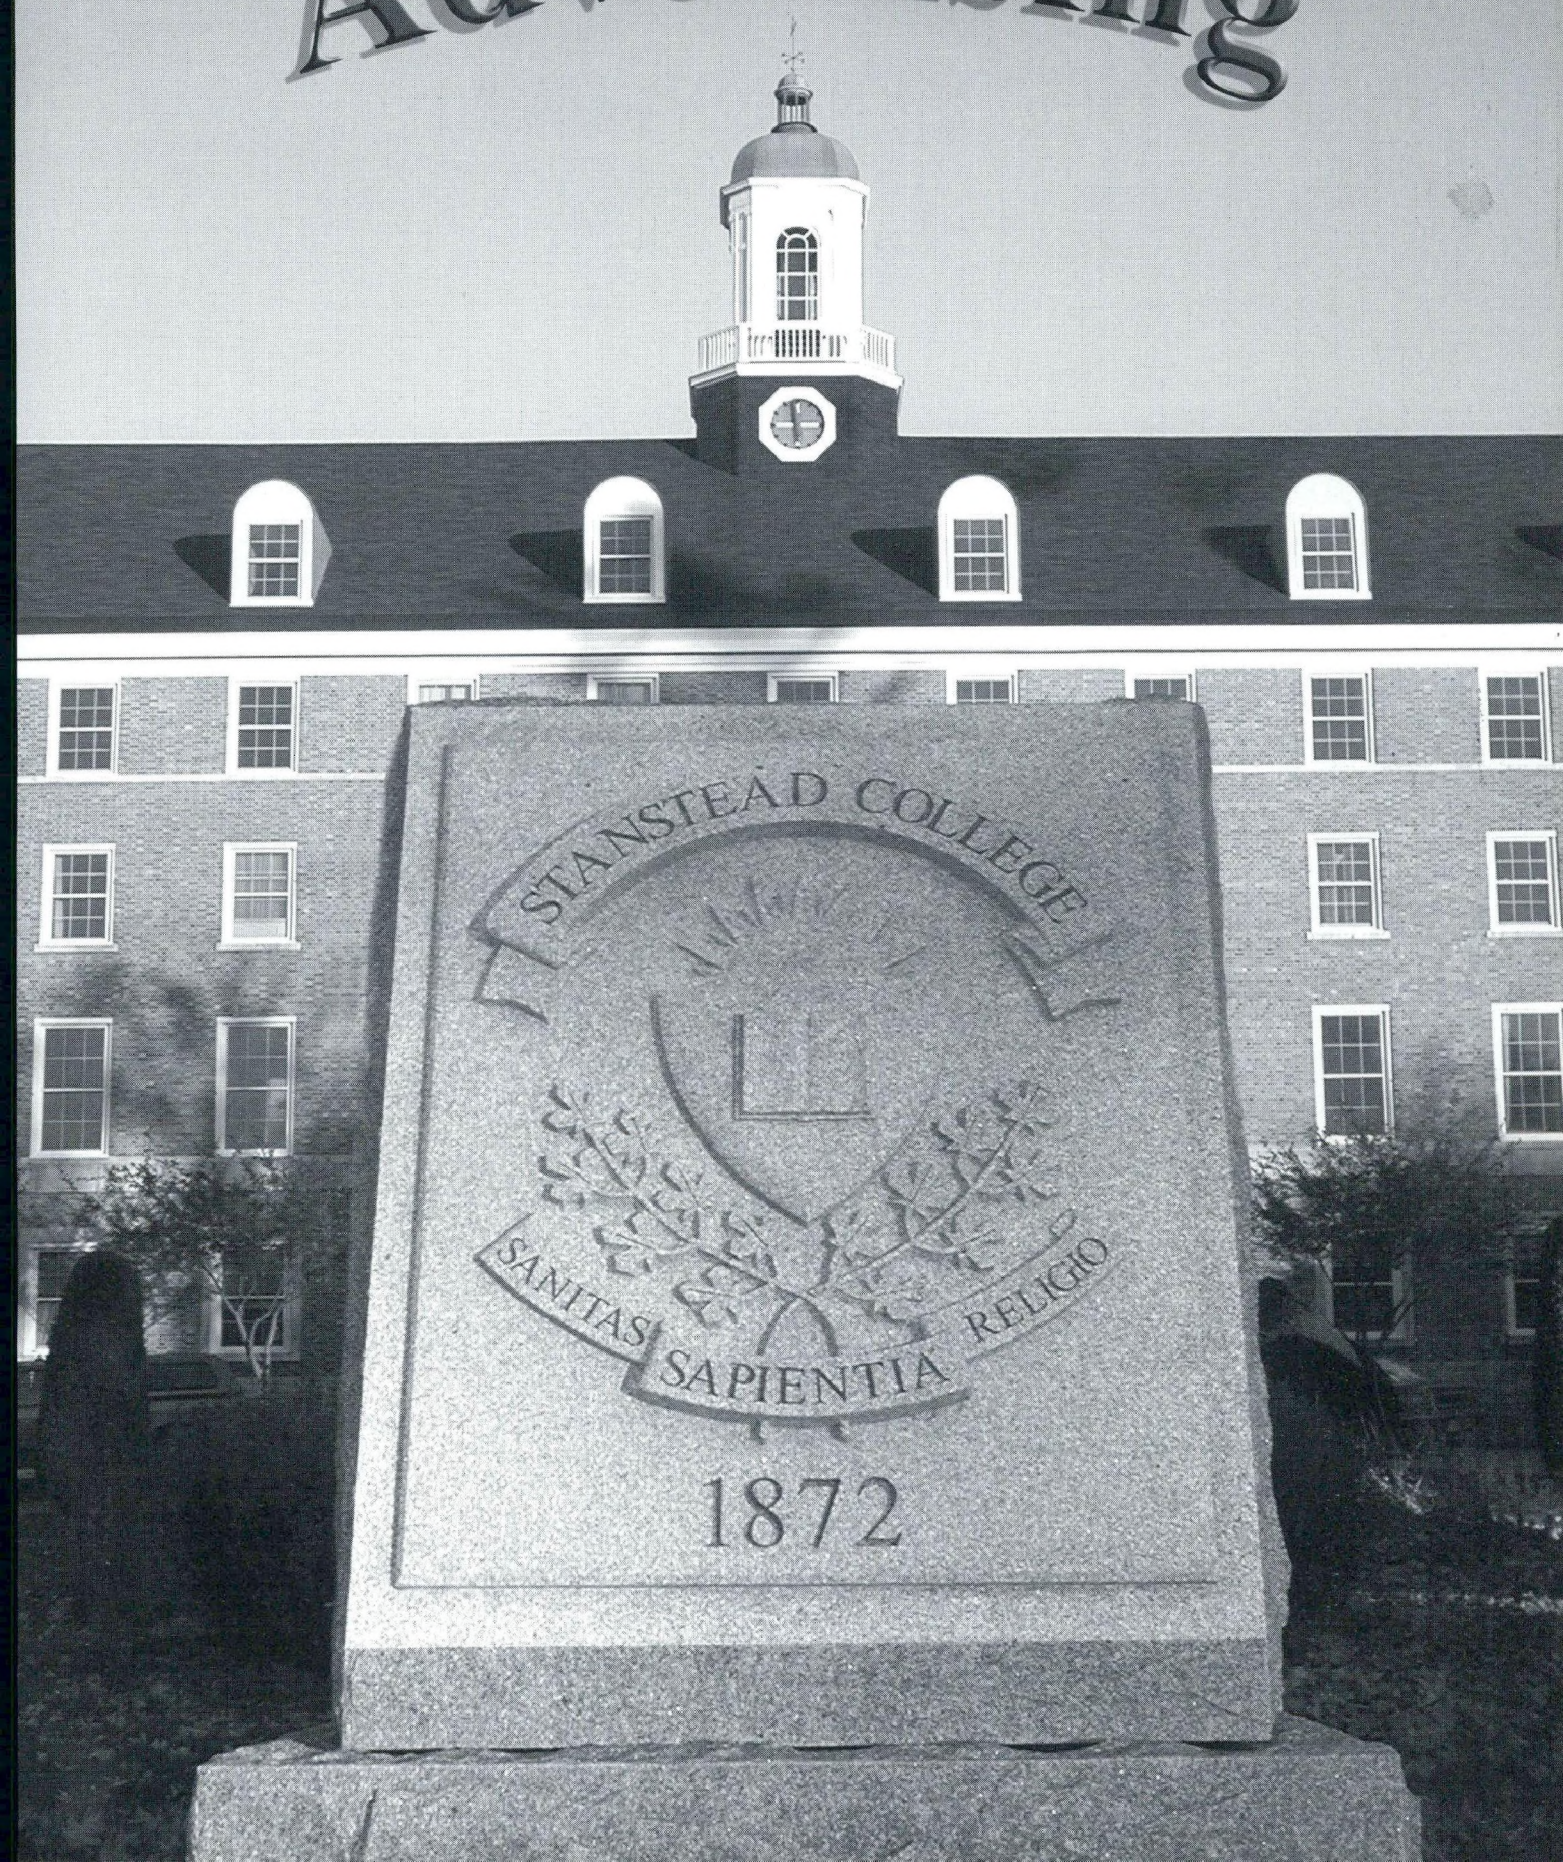

Stan was most proud working in the flower beds of the Stanstead College heart. Even after retiring, he hasn't gone far. We see him every spring and fall, working with his flowers in the heart.

Thanks for your many years of service and dedication to the school and to the Stanstead College Family.

THE CHIEF REASON FOR GOING TO SCHOOL
IS TO GET THE IMPRESSION FIXED FOR LIFE
THAT THERE IS A BOOK SIDE FOR
EVERYTHING.

-ROBERT FROST

THE MOST IMPORTANT MOTIVE FOR WORK
IN SCHOOL AND IN LIFE IS PLEASURE IN
WORK, PLEASURE IN ITS RESULT, AND THE
KNOWLEDGE OF THE VALUE OF THE RESULT
TO THE COMMUNITY.
